Xploring Thics N Ntroductory Nthology:

A Teacher's Life Robert B. Talisse, Maureen Eckert, 2009-01-01 This is a collection of 13 essays honoring Steven Cahn presented to him on the occasion of his 25th year as Professor of Philosophy at the City University of New York The essays address issues concerning the teaching of philosophy the responsibilities of professors and the good life Exploring Moral Problems Steven M. Cahn, Andrew Forcehimes, 2018 Exploring Moral Problems is an up to date inclusive collection of readings on contemporary moral problems covering both standard issues and often neglected topics Each reading has been expertly edited to make them accessible to students with no prior exposure to philosophy Philosophical Perspectives on Moral Certainty Cecilie Eriksen, Julia Hermann, Neil O'Hara, Nigel Pleasants, 2022-12-30 Moral certainty refers to those aspects of morality moral acting feeling and thinking that are beyond doubt explanation and justification The essays in this book explore the concept of moral certainty and its application and usefulness in contemporary moral debates The notion of moral certainty which is inspired by the philosophy of Ludwig Wittgenstein is emerging as a key reference point in contemporary moral philosophy An investigation into the implications of moral certainty is called for given that so many discussions in moral philosophy concern the possibility of justifying our moral beliefs The concept of moral certainty also feeds directly into the emerging field of hinge epistemology The chapters in this volume tackle the following issues meta questions around whether and how we can make sense of the concept of moral certainty the role of moral certainty in contemporary debates on gender racism bias and historically unjust practices ways in which radical change in society engendered by new technologies might affect moral certainties and the role of the notion of moral certainty in the debates on free will and moral responsibility Philosophical Perspectives on Moral Certainty will appeal to researchers and advanced students working on ethics and moral philosophy epistemology philosophy of technology and Wittgenstein Exploring Philosophy of Religion Steven M. Cahn, 2009 What are the inherent claims that lie at the core of religion Which of them are defensible by reason and which are not Potential answers to these questions and more from influential philosophers past and present may be found in this short book edited by Steven M Cahn Featuring fifty two classic and contemporary readings Exploring Philosophy of Religion Text and Readings is a topically organized anthology that presents broad coverage of seven major areas in the philosophy of religion the concept of God the existence of God religious language miracles and mysticism belief in God resurrection and immortality and religious pluralism in a clear and accessible format With guiding introductory material from Professor Cahn each of the readings has been carefully selected and edited for maximum clarity and comprehensiveness only the most essential material is included To further foster understanding the text also features an appendix consisting of Professor Cahn's monograph God Reason and Religion which provides a synthesis and interpretation of the crucial issues raised throughout the readings **On Moral Law and Quest for Selfhood** Mohan Parasain, 2016-07-15 This book offers an original intersection of concepts from Immanuel Kant's moral command ethics and S

ren Kierkegaard's existential ethics The Kantian formulation of moral law is based on theoretical ground while Kierkegaardian ethics of the quest for selfhood views it as the very act of living The present work provides an account of both these perspectives and questions whether these approaches to morality are mutually exclusionary Using Slavoj Žižek's parallax view in the realm of morality it argues that moral philosophy must engage with a constant critique of difference around which the transformation of our various perspectives to morality revolves This work appeals for furtherance of the conversation model and participation of perspectives to transcend positional confinement It advocates the traversing of the ethical parallax to allow for intellectual openness and an empathetic perception of the other Engaging and well researched this book will be of interest to scholars and researchers of ethics political philosophy and continental philosophy

Colossians: An Earth Bible Commentary Victoria S. Balabanski, 2020-01-23 Vicky Balabanski analyses Colossians as a co-authored letter written during Paul's Roman imprisonment by Timothy with the input of Epaphras and sent with Paul's introductory and concluding greetings Balabanski sees remarkable resonances between the cosmology of this letter and that of Stoic thought the most widely held philosophy in first century Asia Minor Drawing upon the way Stoic thinkers saw the divine Spirit permeating reality and sought to attune their lives to the Logos divine reason she argues that the Logos of Christ the Gospel was welcomed by small groups of people shaped by Stoic thought and they experienced Christ as the visible expression of the One God who permeates reality The Letter to the Colossians has the highest view of Christ of any of the New Testament writings and its theology of divine permeation invites us to notice the ecological potential of this letter This Eco Stoic reading brings contemporary ecological questions into dialogue with the distinctive Christology and cosmology of the letter

Restorative Justice Today Katherine S. van Wormer, Loren Walker, 2012-08-17 Restorative Justice Today Applications of Restorative Interventions takes a hard look at the issues and concepts surrounding restorative justice and current restorative practices used in a broad range of areas today In a time when the cost of prisons and jails is on the rise resulting in more offenders being kept out of the community this timely and contemporary book exposes readers to a range of restorative practices that can be implemented The authors renowned experts in the area of restorative justice provide information not found in other restorative justice texts
