What the Bible Says about Parenting John MacArthur,2000

The Bible Made Impossible Christian Smith,2012-08-01

Biblicism an approach to the Bible common among some American evangelicals emphasizes together the Bible s exclusive authority infallibility clarity self sufficiency internal consistency self evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicism worked as its proponents say it should there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked

Following Wisdom, Leading Wisely Jeff Roper,2024-02-21

If it is true that everything rises and falls on leadership we have a problem A recent international survey revealed that 86 percent of respondents believe we are facing a global leadership crisis The study encompassed leadership in business government

the non profit sector and religion Non profit and business leaders ranked highest in terms of public confidence Government leaders ranked very low The only leaders to rank lower than government leaders were religious leaders This leadership crisis is not driven by an absence of leaders Leaders are everywhere yet we still have a leadership crisis Nor is this crisis caused by a lack of leadership training Who can keep up with the books seminars and training programs offering the latest trends and best thinking on leadership And yet we still have a leadership crisis While the world is looking for better leadership methods God is looking for better leaders leaders shaped by wisdom What use after all is getting things done or even servant leadership without wisdom In Proverbs we discover an ancient training regimen for leaders guiding them in the cultivation of virtuous character Following Wisdom Leading Wisely is an invitation to rediscover this ancient wisdom for today s leaders

John MacArthur will take you through the book of Matthew passage by passage so that you can better understand everything from the cultural context to the implications of the coming of King Jesus. Matthew's unique view interweaves his strong Jewish knowledge of the expected Messiah with his personal recollections of the flesh and blood Savior. In the process, he reveals the qualifications that prove Jesus was the promised Messiah: His miraculous birth, His response to the test of His kingliness, His inauguration, His miracles, His teachings, and public ministry. Every detail of the book of Matthew confirms Jesus' deity and proves He is the Messiah of Israel and the Savior of the world.
