What You Leave Behind Star Trek Deep Space Nine:

What You Leave Behind: S/t Ds9 Final Episode Diane Carey, 2012-07-24 Set on a space station rather than a ship Deep Space Nine is unique in the Star Trek universe Its setting has helped to develop ongoing storylines unparalleled character growth and a host of recurring characters with whom the lives of its regular crew has intertwined and collided over seven exciting turbulent heart stopping years What will happen to Sisko and Jake Dax Worf O'Brien and Kira Odo and Dr Bashir What lies in store for Quark and Rom and Leeta for Garak Dukat Weyoun and Damar What is the fate of the Prophets and of the planet Bajor Deep Space Nine fans have theories of their own and speculation on the Internet is rife But the answer lies only in the special two hour final episode to be screened in the USA in June first UK screening end 1999 and here in the pages of Diane Carey's must have final episode novelization *What You Leave Behind* Diane Carey, 1999-06-01 After seven years as the highest rated dramatic show in syndication Star Trek Deep Space Nine is wrapping up years of continuing storylines in a gigantic two hour final episode This is the novelization of the grand finale **What You Leave Behind** Diane Carey, 2000-09-22 A powerful novel in the classic tradition of *All Good Things* Seven years ago Benjamin Sisko took command of an alien space station newly christened Deep Space Nine There he met Kira Nerys Odo Miles O'Brien Quark Worf Julian Bashir and many others who would touch his life deeply He also found a new and troubling destiny as the long awaited Emissary to the mysterious wormhole entities known as the Prophets Now after years of triumph and tragedy and a cataclysmic war that rocked the entire Alpha Quadrant Captain Sisko and his valiant crew face their final challenge No one is safe nothing is certain and not even the Prophets can predict the ultimate fate of Deep Space Nine **Star Trek: Deep Space Nine: The Never Ending Sacrifice** Una McCormack, 2009-08-25 Continuing the post television Deep Space Nine saga this original novel shows the fall of the Cardassian empire as seen through the eyes of a young man with a foot in two worlds Rugal is an orphaned Cardassian who has been raised by the people his race once conquered the Bajorans Reluctantly repatriated to Cardassia as a teenager Rugal becomes the living witness to the downfall of the proud people to whom he was born first by the invading Klingons then during the Cardassians unholy pact with the Dominion a partnership that culminated in a near genocide Through it all Rugal's singular perspective illuminates the choices that brought the Cardassians to their ruin even as he learns that the Cardassian soul is not as easy to understand as he imagined *Deep Space Nine Companion* Terry J. Erdmann, Paula M. Block, 2000 Lavishly illustrated with a wealth of rare photos and drawings this is the first and only fully authorized comprehensive companion to seven seasons of the television show TV Guide called the best acted written produced and altogether finest of the four Trek series **Star Trek and the Tragic Hybrid** Carolyn Burlingame-Goff, 2024-05-28 Spock Data Worf B'Elanna Torres Seven of Nine Odo Michael Burnham Soji Many of Star Trek's most beloved characters are children of two worlds the products of competing biologies materials and cultures Their popularity is unsurprising authors mine conflicted identities for dramatic effect and viewers see their own struggles reflected

in the challenges of individuals who never seem to quite fit in This book demonstrates that the tradition is not new Spock and his fellow hybrids have their roots in anti slavery literature Abolitionist authors introduced protagonists who were both Black and White yet not fully accepted as either Divided at their core the attempts of these noble yet tortured individuals to bridge their two races inevitably ended in tragedy Gene Roddenberry and his successors thrust the character type into the future using it to explore the evolving racial attitudes of their times Star Trek s tragic hybrids have asked audiences to see beyond color to embrace multiculturalism to accept mixed race identity and finally to acknowledge the consequences of systemic oppression

A Different Trek David Kroening Seitz,2023-07 A different kind of Star Trek television series debuted in 1993 Deep Space Nine was set not on a starship but a space station near a postcolonial planet still reeling from a genocidal occupation The crew was led by a reluctant Black American commander and an extraterrestrial first officer who had until recently been an anticolonial revolutionary DS9 extended Star Trek s tradition of critical social commentary but did so by transgressing many of Star Trek s previous taboos including religion money eugenics and interpersonal conflict DS9 imagined a twenty fourth century that was less a glitzy utopia than a critical mirror of contemporary U S racism capitalism imperialism and heteropatriarchy Thirty years after its premiere DS9 is beloved by critics and fans but remains marginalized in scholarly studies of science fiction Drawing on cultural geography Black studies and feminist and queer studies A Different Trek is the first scholarly monograph dedicated to a critical interpretation of DS9 s allegorical world building If DS9 has been vindicated aesthetically this book argues that its prophetic place based critiques of 1990s U S politics which deepened the foundations of many of our current crises have been vindicated politically to a degree most scholars and even many fans have yet to fully appreciate

Experiencing Hektor Lynn Kozak,2016-12-01 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched At the Iliad s climax the great Trojan hero Hektor falls at the hands of Achilles But who is Hektor He has resonated with audiences as a tragic hero great warrior loyal husband and father protector of a doomed city Yet never has a major work sought to discover how these different aspects of Hektor s character accumulate over the course of the narrative to create the devastating effect of his death This book documents the experience of Hektor through the Iliad s serial narrative Drawing on diverse tools from narratology to cognitive science but with a special focus on film character television poetics and performance practice it examines how the mechanics of serial narrative construct the character of Hektor How do we experience Hektor as the performer makes his way through the epic How does the juxtaposition of scenes in multiple storylines contribute to character How does the narrative work to manipulate our emotional response How does our relationship to Hektor change over the course of the performance Lynn Kozak demonstrates this novel approach through a careful scene by scene breakdown and analysis of the Iliad focusing especially on Hektor In doing so she challenges and destabilises popular and scholarly assumptions about both ancient epic and the Iliad s other hero

[The Star Trek Encyclopedia](#) Michael Okuda,Denise Okuda,Debbie Mirek,2011-05-17 From

audet IX to Zytchin III this book covers it all This is the ultimate reference book for all Star Trek fans Added to this edition are 128 new pages This addendum highlights the latest episodes of Star Trek Deep Space Nine Star Trek Voyager and the newest feature film Star Trek Insurrection The thousands of photos and hundreds of illustrations place the Star Trek universe at your fingertips Planets and stars weapons and ships people and places are just part of the meticulous research and countless cross reference that fill this book *Music in Star Trek* Jessica Getman,Brooke McCorkle Okazaki,Evan Ware,2022-12-30 The tensions between utopian dreams and dystopian anxieties permeate science fiction as a genre and nowhere is this tension more evident than in Star Trek This book breaks new ground by exploring music and sound within the Star Trek franchise across decades and media offering the first sustained look at the role of music in shaping this influential series The chapters in this edited collection consider how the aural visual and narrative components of Star Trek combine as it constructs and deconstructs the utopian and dystopian shedding new light on the series political cultural and aesthetic impact Considering how the music of Star Trek defines and interprets religion ideology artificial intelligence and more while also considering fan interactions with the show s audio this book will be of interest to students and scholars of music media studies science fiction and popular culture **A Time For War And a Time For Peace** Keith R. A. DeCandido,2012-08-14 After the scandalous Tezwa affair the resignation of the President forces an election with the future of the United Federation of Planets at stake But the fate of the entire galaxy hangs in the balance when the Federation embassy on Qo noS is seized by terrorists whose actions expose an intrigue which reaches the highest echelons of the Klingon government It will take all the skills which Ambassador Worf can muster to keep the fragile Federation Klingon alliance from disintegrating And while this potential intergalactic chaos threatens Commander Riker finds his plans for command and marriage soured by a brutal high level inspection of the ship from which none of the crew may escape unscathed *Popular Culture as Art and Knowledge* George A. Gonzalez,2019-01-15 This volume settles the debate between analytic and continental philosophy It turns to art more specifically popular culture to demonstrate the validity of continental philosophy Drawing on the philosophy of Georg Hegel perhaps the most important of continental philosophers James Kreines holds that reason in the world metaphysically exists Reasons of the world are reasons of the Hegelian Absolute Thus similar to the fact that gravity is curves in the space time continuum along which matter moves reasons are the grooves in the Absolute along which human decision making occurs Art allows us to conceptualize understand speculate about the grooves reasons of the Absolute Two key points can be drawn from Kreines s position first normative values are embedded in reality Thus in complete contradistinction to analytic philosophy there is no bifurcation between the empirical and the normative to exist is to have normative value Secondly the role of social science is to cogitate explore identify the reasons of the world that shape social political norms Such an approach would decisively move the social sciences away from an emphasis on statistically significant patterns of human behavior e g voting studies and toward an approach that seeks to analyze the reasons of the world that motivate shape social

and political decisions Art particularly popular culture becomes an important source in identifying the way that people reason about the world and how they perceive political elites reasoning in the world To adjudicate between continental and analytic philosophy this book on relies on the broadcast iterations of Star Trek as well as Nazi cinema With regard to contemporary American politics in addition to Star Trek it draws on the television series Game of Thrones Veep House of Cards and The Man in the High Castle Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow **Gorkon Book Three:**

Enemy Territory Keith R. A. DeCandido, 2012-08-07 For centuries the Elabrej believed that they were alone in the universe and that no sentient life existed outside their home star system But their certainty is shattered when a controversial exploration vessel of their own making encounters and fires upon an alien ship The aliens return fire and destroy them and then come to Elabrej to investigate Meanwhile the crew of the I K S Gorkon exploring the uncharted Kavrot sector learn that their brother ship the I K S Kravokh was attacked by an unknown alien vessel and subsequently destroyed it After setting a course to investigate this new people the Kravokh disappears but a massive alien fleet is gathering at its last known location Captain Klag must find out what happened to the Kravokh and who this unknown foe of the Empire may be Strange Novel Worlds Caroline-Isabelle Caron, Kristin Noone, 2024-06-18 Since the publication of the first James Blish novelizations of Star Trek episodes in 1967 close to 900 tie in novels anthologies and omnibus editions have been published Star Trek tie in novels have had a significant influence on Western popular culture The works of beloved science fiction authors have shaped the way fans understand Star Trek and its universe and many stand as near equal builders of the Star Trek franchise next to Gene Roddenberry his producers and the many creators of the later series With such a vast and varied body of work tie in books form a rich and deep cultural phenomenon the history and content of which are worthy of concerted study Despite the enduring popularity of the franchise they are based on no previous essay collection has ever focused on the numerous and widely diverse books of Star Trek tie in novels This collection does just that by examining the tie in works as relevant literature The essays primarily focus on tie in books published from 1990 to 2022 and each author discusses the plot and context of separate novels while simultaneously exploring major themes such as canon vs fanfiction and merits of the genre The collection ends with an exploration of the continuity of this period of Star Trek as it stands following a narrative conclusion announced in 2021 **The Religions Of Star Trek** Ross Kraemer, William Cassidy, Susan L Schwartz, 2009-07-21 Is there a God What evil lurks beyond the stars Can science save one s soul Profound questions like these have consumed human thought over the ages they also inspired the original creators of the Star Trek canon of TV series and films Religions of Star Trek tackles these challenging questions head on in a remarkable look at one of sci fi s great success stories

Analyzing more than three decades of screen adventure the authors depict a Star Trek transformed corresponding to the resurgence of religion in American public discourse The authors identify the many religious characters in Star Trek tracing the roots of scientific humanism to more contemporary aspects of religion and spirituality Through it all the creators visionary outlook remains constant a humanistic faith in free will and the salvific nature of dispassionate scientific inquiry This book was not prepared licensed approved or endorsed by any entity involved in creating or producing the Star Trek television series or films Tales of the Dominion War Keith R. A. DeCandido,2012-08-14 The Dominion War as seen in seasons 5 6 and 7 of Star Trek Deep Space Nine introduced a major story arc to the Star Trek universe and brought the Federation closer than it had ever been to total annihilation Against a background of conflict and chaos alliances were made and broken ideals compromised for the sake of survival fortunes shifted and lives irrevocably shattered as the series explored the impact of war on combatant and civilian alike It took countless lives and numerous acts of heroism and sacrifice on the part of many people human and Klingon Bajoran and Romulan yes and Cardassian too to save the day and neutralize the threat of the Dominion Now top Star Trek authors present twelve new stories of those whose courage helped to win the war among them Captain Picard from Star Trek The Next Generation and Captain Calhoun from Star Trek New Frontier Featured authors include Greg Cox Peter David Kevin Dilmore Michael Jan Friedman Dave Galanter Robert Greenberger Heather Jarman Jeffrey Lang David Mack Andy Mangels Michael A Martin Josepha Sherman Susan Shwartz Dayton Ward and Howard Weinstein Popular Culture, Conspiracy Theory, and the Star Trek Text George A. Gonzalez,2020-03-04 The forward progress of society is not automatic and should not be taken for granted The assassination of President John F Kennedy in 1963 can be viewed as ending his effort to deploy American prestige and power to forward change worldwide Today there are political forces seeking to stop progressive social political and economic change Whatever the reasons such forces are conspiring to impose authoritarianism to suppress the public s desire for just democratic government The brutality violence viciousness and racism dystopia of authoritarianism are becoming more and more the hallmark of world politics Perhaps the most glaring aspect of this dystopia is the fact that the American state has been almost continuously at war for the past thirty years including a sinister dastardly drone assassination program One means to obscure the ongoing conspiracy to ultimately impose outright dictatorship on the American people and the rest of the world is to smear and malign critics of this conspiracy as guilty of conspiracy theory advocating and embracing baseless fantasies **Theology and Star Trek** Shaun C. Brown,Amanda MacInnis Hackney,2023-05-22 After Star Trek Enterprise concluded in 2005 Star Trek went on hiatus until the 2009 film Star Trek and its sequels With the success of these films Star Trek returned to the small screen with series like Discovery Picard and Strange New Worlds These films and series in different ways reflect cultural shifts in Western society Theology and Star Trek gathers a group of scholars from various religious and theological disciplines to reflect upon the connection between theology and Star Trek anew The essays in part one These are the Voyages explore the overarching

themes of Star Trek and the thought of its creator Gene Roddenberry Part two Strange New Worlds discusses politics and technology Part three To Explore and to Seek focuses on issues related to practice and formation Part four To Boldly Go contemplates the future of Star Trek **To Boldly Go** Nadine Farghaly, Simon Bacon, 2017-06-22 In 2016 Star Trek arguably the most popular science fiction franchise of all time turned 50 During that time the original series and its various offshoots have created some of the genre's most iconic characters and reiterated a vision of an egalitarian future where humans no longer discriminate against race gender or sexuality This collection of new essays provides a timely study of how well Star Trek has lived up to its own ideals of inclusivity and equality and how well prepared it is to boldly go with everyone into the next half century *Voyages of Imagination: The Star Trek Fiction Companion* Jeff Ayers, 2006-12-29 Through four decades five television series comprising over seven hundred episodes ten feature films and an animated series fandom's thirst for more Star Trek stories has been unquenchable From the earliest short story adaptations by James Blish in the 1960s followed by the first original Star Trek novels during the seventies and on throughout the eighties nineties and into the twenty first century fiction has offered an unparalleled expansion of the rich Star Trek tapestry But what is it that makes these books such a powerfully attractive creative outlet to some and a compelling way to experience the Star Trek mythos anew to others *Voyages of Imagination* takes a look back on the first forty years of professionally published Star Trek fiction revealing the personalities and sensibilities of many of the novels' imaginative contributors and offering an unprecedented glimpse into the creative processes the growing pains the risks the innovations the missteps and the great strides taken in the books Author Jeff Ayers has immersed himself in nearly six hundred books and interviewed more than three hundred authors and editors in order to compile this definitive guide to the history and evolution of an incomparable publishing phenomenon Fully illustrated with the covers of every book included herein *Voyages of Imagination* is indexed by title and author features a comprehensive timeline and is a must have for every fan
