Writing, Performance, and Authority in Augustan Rome Michele Lowrie, 2009-10-15 In Writing Performance and Authority in Augustan Rome Michele Lowrie examines how the Romans conceived of their poetic media Song has links to the divine through prophecy while writing offers a more quotidian but also more realistic way of presenting what a poet does In a culture of highly polished book production where recitation was the fashion to claim to sing or to write was one means of self definition Lowrie assesses the stakes of poetic claims to one medium or another Generic definition is an important factor Epic and lyric have traditional associations with song while the literary epistle is obviously written But issues of poetic interpretability and power matter even more The choice of medium contributes to the debate about the relative potency of rival discourses specifically poetry politics and the law Writing could offer an escape from the social and political demands of the moment by shifting the focus toward the readership of posterity

The Sword of the Spirit John R. Knott Jr., 2011-12-16 This book focuses on the imaginative character of Puritan writing especially as revealed through the use of biblical images and themes Knott illustrates the richness and power of the best Puritan writing by analyzing the work of five writers Richard Sibbes Richard Baxter Gerrard Winstanley John Milton and John Bunyan Although these writers differ from one another in many important respects together they illustrate the range of responses to the Bible among those who in one way or another resisted the versions or orthodoxy imposed by the Anglican Church The chapters on Sibbes Baxter and Winstanley implicitly make a case for considering these writers as part of the canon of seventeenth century literature Sibbes because he exemplifies the best qualities of spiritual preaching as opposed to the witty or metaphysical preaching of John Donne Baxter because his *Saints Everlasting Rest* one of the most influential works in its time offers a compelling statement on some of the central themes of Puritan spirituality and Winstanley because his visionary prose offers perhaps the most vivid and powerful statement of the millenarian expectations rampant in mid seventeenth century England The book concludes with chapters on two major figures of the era Milton and Bunyan In his consideration of Milton Knott challenges the predominant critical emphasis on Milton's Christian humanism and argues for the importance of Puritan strains in his writing The analysis of Bunyan draws from the spiritual autobiography *Grace Abounding* and from *The Holy War* a relatively neglected epic of spiritual life as well as from *The Pilgrim's Progress* These five writers who make up a chronological sequence reaching from the 1620s to the 1680s represent different moments in the evolution of a Puritan spirituality In their distinctive ways they sought to recover the original simplicity of the Word of God and to express its extraordinary power to transform the individual and society
