Kemmler,Michael Fröhlich,Heinz Kleinöder,2020-07-08

New Trends in Liberal and Social Sciences Andreea Stoian

Karadeli,2017-01-09 The specialist as we know it in the modern age is a creation of modernity Up until the modern age scholars were known for their expertise in multiple areas From Avicenna Ibn i Sina and Hezarfen Ahmet Celebi to Leonardo da Vinci and Galileo many medieval Renaissance and Enlightenment scholars were polymaths mastering knowledge from several fields The needs of the modern age created specialists focusing deeply on one field At the convergence of postmodernism and the age of the Internet social cultural and economic realities of increasingly diverse societies have created a new need for the revival of the polymath Emerging globalization post Cold War triggered rapid social change that cannot be explained from the perspective of a single discipline This reality has recently increased the interest in interdisciplinary studies but established academic work that is focused on single disciplines still dominates the academic world and it offers limited opportunities for the publication of interdisciplinary studies One of the aims of this book is to become one example for interdisciplinary work It also aims to prepare the ground for the cultivation of scholars that can specialize in more areas on the long term This book is made out of sixteen articles that bring together different disciplines such as educational sciences law linguistics economics culture and sports All articles passed the referee process Bearing in mind that the book is the result of a multidisciplinary work the respect towards each discipline is shown by leaving the referencing and methodology according to the common usage of the relevant discipline Therefore some authors have used the Chicago Manual of Style within their articles while others have used the APA system *Strategies to Improve Cardiac Arrest Survival* Institute of Medicine,Board on Health Sciences Policy,Committee on the Treatment of Cardiac Arrest: Current Status and Future Directions,2015-09-29 Cardiac arrest can strike a seemingly healthy individual of any age race ethnicity or gender at any time in any location often without warning Cardiac arrest is the third leading cause of death in the United States following cancer and heart disease Four out of five cardiac arrests occur in the home and more than 90 percent of individuals with cardiac arrest die before reaching the hospital First and foremost cardiac arrest treatment is a community issue local resources and personnel must provide appropriate high quality care to save the life of a community

member Time between onset of arrest and provision of care is fundamental and shortening this time is one of the best ways to reduce the risk of death and disability from cardiac arrest Specific actions can be implemented now to decrease this time and recent advances in science could lead to new discoveries in the causes of and treatments for cardiac arrest However specific barriers must first be addressed Strategies to Improve Cardiac Arrest Survival examines the complete system of response to cardiac arrest in the United States and identifies opportunities within existing and new treatments strategies and research that promise to improve the survival and recovery of patients The recommendations of Strategies to Improve Cardiac Arrest Survival provide high priority actions to advance the field as a whole This report will help citizens government agencies and private industry to improve health outcomes from sudden cardiac arrest across the United States Space Countermeasures and Medicine - Implementation into Earth medicine and Rehabilitation Elena S. Tomilovskaya,Nora Petersen,Jancy McPhee,Satoshi Iwase,Nandu Goswami,Steven Platts,2023-09-08 The effects of microgravity on the human organism have been studied for over 60 years The experience of short and long term space flights revealed alterations in multiple physiological systems either in the course of the flight or afterward Some of these changes represent serious risks for crew health and functional capacity This fact served as the trigger for multiple countries with space program participants to develop spaceflight countermeasures and medical support systems These activities are intended to counteract space flight effects such as axial and support unloading muscle disuse monotony fluid redistribution sensory deficit etc Some countermeasures have been adapted from Earth medicine and sports while others have been created especially for space flights Many of the observed space flight effects have similarities to conditions seen on Earth such as decrease of motor activity in aging people immobilized patients and professions associated with forced physical inactivity and isolation Thus many space countermeasures and medical support systems can be applied in Earth medicine and rehabilitation For example countermeasures like loading suits lower body negative pressure suits electromyostimulation of various regimens water salt supplements vestibular training means etc have been used in Earth medicine and sports conditioning over the last 20 years

Report for the Biennial Period ... International Commission for the Conservation of Atlantic Tunas,2015 **Nancy Caroline's Emergency Care in the Streets** Nancy L. Caroline,American Academy of Orthopaedic Surgeons (Aaos),2017-08-15 This fully updated training system covers every competency statement of the National EMS Education Standards for Paramedics with clarity and precision in a concise format that ensures student comprehension and encourages critical thinking Nursing Older People Heather Elbourne,Andrée le May,2019-07-10 This practical guide helps student and practising nurses to understand the impact of their care when working with older people With stories from older people who have had varied experiences of health care and nursing chapters are underpinned by five key principles providing patient centered and dignified care shared decision making involving family and friends multidisciplinary care improving well being through companionship and a sense of value and an appreciation of both the challenges and rewards of working with

older people This book offers Stories which reflect the complexity of care and health experienced by older people and their journeys Topic oriented chapters which provide a series of evidence based readings which use the most up to date research evidence merged with national and international policy and practitioner experience Practical tips and key messages for working with older people The volume can be used to help nursing students and practising nurses to understand better how their care might impact positively on older people s health and well being This situates the reader within the world as experienced by older people *Congressional Record* , The Commercial & Financial Chronicle ,1916 *Aviation Week, Including Space Technology* ,1959 Includes a mid December issue called Buyer guide edition **The Commercial & Financial Chronicle and Hunt's Merchants' Magazine** ,1885 **Editor & Publisher** ,1921 The fourth estate **John Haddon & Co.'s Diary and Printers' Guide** Haddon, John,John Haddon (and co.),1899 **Fundamentals of Accounting** Sietse Bernard Koopman,Roy Bernard Kester,1924 **The Advertising & Press Annual of All Africa** ,1969 Statist ,1911
