CANNON FODDER Dr. Douglas M. Baker,2014-04-16 CANNON FODDER An English Boy Raised and Blooded in the Cannon's Mouth Like many English couples exhausted and disenchanted after World War One Douglas Baker's mother and father emigrated with their children to South Africa searching for new opportunities to settle the restlessness that the war had engendered in them South Africa itself was a potpourri of races and cultures which offered opportunities

that favoured some whilst allowing them to retain their very English culture Douglas himself born in England had to contend with conditions in the foreign land in which his family had chosen to raise him South Africa was a war torn nation where there had been 82 fiercely fought battles against indigenous peoples like the Zulus more recent settlers like the immigrant Boers German colonials and more recently rebellious elements bordering on civil war Added to this furore a mix of contending civilizations was the discovery of gold and diamonds on the Rand and at Kimberly which added to the excitement and competition It was through the English residents and Empire builders like Cecil Rhodes that the curse of Apartheid and its stark regulations were challenged Cannon Fodder is the prequel to War Wine Valour published in 2005 and documents the author's childhood up to his volunteering to fight for king and country during the Second World War Douglas Baker is a remarkable man and has written a remarkable book As an infantryman he rescued a wounded comrade at Gazala while under intensive cross fire In the carnage at Alamein a shell took away most of his right shoulder blade He retrained on Sherman tanks Near Florence an 88mm shell burst on his tank perforating his right lung and almost severing his left arm He absconded from hospital and fought once more at the front Although just one man's experience of the war it is a gift to the historian with its engrossing accounts and accurate detail It is also a fascinating insight into day to day events and personal feelings during this difficult time He is undecorated and receives no military pension from the British Government William Roach MBE Douglas Baker now in his eighty eighth year is a medical doctor academic and public speaker who has spent the past fifty years researching the hidden facets of human nature The second volume of the author's autobiography War Wine and Valour describes in vivid detail the six arduous years he spent in the British Armed forces during World War Two Born in England but raised in South Africa he responded to the threat of Nazism and barely sixteen years old enlisted in the Natal Mounted Rifles His regiment faced Axis forces on five fronts in Kenya Central Abyssinia Cyrenaica and with the British Eighth army he participated in the Battle of El Alamein in which he was dangerously wounded During the Italian Campaign he fought with the United States Fifth Army and again suffered near mortal injuries when his Sherman tank was hit with enemy shell fire Through six years of active service he came to understand the psychology of men at bay when confronted repeatedly with bombardment direct attack and sustained terror The experience of war evoked in him curiosity and discovery which led to the mastery of medicine at Sheffield University Interweaving the narrative are detailed descriptions and maps thoroughly researched of the major battles that the author and his comrades participated in Their first hand experience adds richness to these events This is a remarkable story of a remarkable man

the Russians to terms with the Central Powers via the Treaty of Brest Litovsk which constituted a massive German victory. After a stunning German offensive along the Western Front in the spring of 1918 the Allies rallied and drove back the Germans in a series of successful offensives. On 4 November 1918 the Austro-Hungarian empire agreed to an armistice and Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies. By the end of the war the German Empire, Russian Empire, Austro-Hungarian Empire and the Ottoman Empire had ceased to exist. National borders were redrawn with several independent nations restored or created and Germany's colonies were parceled out among the winners. During the Paris Peace Conference of 1919 the Big Four (Britain, France, the United States and Italy) imposed their terms in a series of treaties. The League of Nations was formed with the aim of preventing any repetition of such a conflict. This, however, failed with economic depression, renewed European nationalism, weakened member states and the German feeling of humiliation contributing to the rise of Nazism. These conditions eventually contributed to World War II.

True Stories of World War 1, Complete Various, 2016-02-19

World War I (WWI or WW1) also known as the First World War or the Great War was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918. More than 70 million military personnel including 60 million Europeans were mobilised in one of the largest wars in history. Over 9 million combatants and 7 million civilians died as a result of the war including the victims of a number of genocides, a casualty rate exacerbated by the belligerents' technological and industrial sophistication and the tactical stalemate caused by trench warfare, a grueling form of warfare in which the defender held the advantage. It was one of the deadliest conflicts in history and paved the way for major political changes including revolutions in many of the nations involved. The war drew in all the world's economic great powers assembled in two opposing alliances: the Allies, based on the Triple Entente of the United Kingdom, British Empire, France and the Russian Empire, versus the Central Powers of Germany and Austria-Hungary. Although Italy was a member of the Triple Alliance alongside Germany and Austria-Hungary, it did not join the Central Powers as Austria-Hungary had taken the offensive against the terms of the alliance. These alliances were reorganised and expanded as more nations entered the war. Italy, Japan and the United States joined the Allies while the Ottoman Empire and Bulgaria joined the Central Powers. The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria, heir to the throne of Austria-Hungary, by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914. This set off a diplomatic crisis when Austria-Hungary delivered an ultimatum to the Kingdom of Serbia and entangled international alliances formed over the previous decades were invoked. Within weeks the major powers were at war and the conflict soon spread around the world. On 28 July the Austro-Hungarians declared war on Serbia and subsequently invaded. As Russia mobilised in support of Serbia, Germany invaded neutral Belgium and Luxembourg before moving towards France, leading the United Kingdom to declare war on Germany. After the German march on Paris was halted, what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917. Meanwhile, on the

Eastern Front the Russian army was successful against the Austro Hungarians but was stopped in its invasion of East Prussia by the Germans In November 1914 the Ottoman Empire joined the Central Powers opening fronts in the Caucasus Mesopotamia and the Sinai Italy joined the Allies in 1915 and Bulgaria joined the Central Powers in the same year while Romania joined the Allies in 1916 followed by United States in 1917 The Russian government collapsed in March 1917 and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest Litovsk which constituted a massive German victory After a stunning German offensive along the Western Front in the spring of 1918 the Allies rallied and drove back the Germans in a series of successful offensives On 4 November 1918 the Austro Hungarian empire agreed to an armistice and Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies By the end of the war the German Empire Russian Empire Austro Hungarian Empire and the Ottoman Empire had ceased to exist National borders were redrawn with several independent nations restored or created and Germany s colonies were parceled out among the winners During the Paris Peace Conference of 1919 the Big Four Britain France the United States and Italy imposed their terms in a series of treaties The League of Nations was formed with the aim of preventing any repetition of such a conflict This however failed with economic depression renewed European nationalism weakened member states and the German feeling of humiliation contributing to the rise of Nazism These conditions eventually contributed to World War II
