While Mortals Sleep Unpublished Short Fiction:

While Mortals Sleep Kurt Vonnegut, 2011-01 An anthology of 16 previously unpublished works includes selections from the iconic writer's early literary career and is complemented by more than one dozen of his original works of art and a foreword by the National Book Critics Circle Award finalist author of *What Is the What* **While Mortals Sleep** Kurt Vonnegut, 2011-10-06 *While Mortals Sleep* is a smart clear eyed collection of stories from one of the most original writers in American fiction Set in trailers bars and factories Vonnegut conjures up a world where men and machines art and artifice fame and fortune become curiously twisted and characters pit their dreams and fears against a cruel and comically indifferent world Written early in his career and never published before these tightly plotted stories are infused with Vonnegut's distinctive blend of observation imagination and scabrous humour This collection features an introduction by Dave Eggers 100 Facts about While Mortals Sleep Alice Stubbs, 2013-04 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of *While Mortals Sleep Unpublished Short Fiction* Don't say we didn't warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled flights of fantasy Don't buy this book if 1 You don't have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You've heard it all

Tally Jr., 2011-08-11 The novels of Kurt Vonnegut depict a profoundly absurd and distinctly postmodern

world But in this critical study Robert Tally argues that Vonnegut himself is actually a modernist who is less interested in indulging in the free play of signifiers than in attempting to construct a model that could encompass the American experience at the end of the twentieth century As a modernist wrestling with a postmodern condition Vonnegut makes use of diverse and sometimes eccentric narrative techniques such as metafiction collage and temporal slippages to project a comprehensive vision of life in the United States Vonnegut's novels thus become experiments in making sense of the radical transformations of self and society during that curious unstable period called perhaps ironically the American Century An untimely figure Vonnegut develops a postmodern iconography of American civilization while simultaneously acknowledging the impossibility of a truly comprehensive representation *Great Authors of Popular Fiction* Britannica Educational Publishing, 2014-01-01

success and private turmoil Two turbulent marriages his sudden adoption of his late sister's four children and the equally sudden removal of one of those children and a mid eighties suicide attempt all signaled the extent of Vonnegut's inner troubles Yet he was a generous friend to many maintaining close correspondences throughout his life Kurt Vonnegut Remembered gathers reminiscences by those who knew him intimately and from those met him only once that span Vonnegut's entire life Among the anecdotes in this collection are remembrances from his immediate family reflections from his comrades in World War II and tributes from writers he worked with in Iowa City and from those who knew him when he was young Editor Jim O Loughlin offers biographical notes on Vonnegut's relationship with each of these figures Since Vonnegut's death much has been written on his life and work but this new volume offers a more generous view of his life particularly his last years In O Loughlin's introduction to the volume he argues that we can locate and understand Vonnegut's best self through his public persona and that in his performance as the kind and humane figure that many of the speakers here knew him as Vonnegut became a better person than he ever felt himself to be The Brothers Vonnegut Ginger
