World Society Institutional Theories And The Actor Annual Review Of Sociology 36

Roudometof, Victor N., Dessì, Ugo

World Society Institutional Theories And The Actor Annual Review Of Sociology 36:

Deconstructing the Dynamics of World-Societal Order Jan Busse, 2017-11-23 To get a better sense of power dynamics in global politics this book presents an innovative theoretical framework combining a critical engagement with and further development of Michel Foucault's governmentality on the one hand and the theory of world society of the Stanford School of Sociology on the other Making an original contribution to academic debates about power and global political order this book develops a comprehensive theoretical perspective on power relations and political dynamics The book starts from the presupposition that any theoretical engagement of that kind requires nuanced empirical study as well It therefore analyzes the dynamics of world societal order in the concrete empirical example of Palestine and raises the question of how its political and societal order comes into existence The author argues that governmentality represents a fundamental pattern of political order in world society that also profoundly affects power dynamics in Palestine This insight has two important implications First power relations do not follow dichotomous distinctions such as international domestic or global local but manifest themselves within world society Second therefore order that comes into existence in Palestine needs to be understood as world societal order Offering a comprehensive understanding of power relations and patterns of political order embedded in world society the book provides a deeper understanding of the complex dynamics that contribute to the political and societal order of Palestine This book will be of interest to scholars and students of Middle East Studies Palestine Studies International Relations International Political Sociology International Relations Theory Governmentality Studies and Political Theory

Handbook of Culture and Glocalization Roudometof, Victor N., Dessì, Ugo, 2022-05-17 Discourse based approaches to studying organizations have grown in significance over the last 25 years This accessible and insightful book exemplifies how to use a discursive approach to study organizations By drawing on her own empirical research Cynthia Hardy aligns key theoretical assumptions with a range of case studies to demonstrate the value and adaptability of a discursive approach

Human Geopolitics Alan John Gamlen, 2019 This volume charts the rapid rise of various forms of diaspora institutions across distinct historical phases and geographical regions explaining the way that evolving models and best practices of international migration management have increasingly changed the way states see their diasporas and reconfigured the rules of international politics

Entrepreneurialism and Society Robert N. Eberhart, Michael Lounsbury, Howard E. Aldrich, 2022-09-22 Entrepreneurialism and Society invigorates academic research by developing new perspectives on how entrepreneurs and their organizations shape our social world

The Influence of Global Ideas on Environmentalism and Human Rights Markus Hadler, 2017-12-01 This book explores whether individual attitudes and behaviors are swayed by global developments in a world increasingly populated by organizations treaties and other institutions that focus on environmentalism and human rights It uses the sociological approach of World Society theory to investigate the effects of global ideas on individual environmentalism xenophobia and homophobia while drawing its data

from a variety of international public opinion surveys The Influence of Global Ideas on Environmentalism and Human Rights questions the dominant narrative of World Society related research as a positive influence of global ideas on various outcomes Hadler demonstrates the complexity of this issue through empirical analyses revealing mixed trends in attitudes and behaviors from around the world This book will be of interest to academics seeking to critically engage with World

Society theory through two of its core topics human rights and environmentalism **Microfoundations of Institutions**

Patrick Haack,Jost Sieweke,Lauri Wessel,2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics *The Role of Regional Organizations in Disaster Risk Management* S. Hollis,2015-01-20 The use of regional

organizations to mitigate and respond to disasters has become a global trend This book examines the role regional organizations play in managing disaster risk through a comparative study of ten regional organizations demonstrating their current limitations and future potential **World Society** Georg Krücken,Gili S. Drori,2010-06-17 John W Meyer s work

broke new grounds in institutional thought in sociology and made him a central thinker for the emerging interdisciplinary field of neoinstitutionalism while at the same time establishing institutional thought s comparative variant world society theory His scholarship plays a prominent role in contemporary social theory and has shaped research areas such as international relations and globalization organization theory and management studies One of the results of Meyer s wide ranging and interdisciplinary influence is that his work has appeared in a diverse range of outlets This book brings together some of John W Meyer s widely scattered work reviewing four decades of scholarship and adding several original pieces from Meyer s current work It gathers substantive commentary on social processes from stratification to globalization to socialization as well as on key social institutions from science to religion to law to education In its expansive review this book is both about neoinstitutional thought in general and world society theory in particular This book is both by John W Meyer and about John W Meyer to the compilation of Meyer s canonized and current work Georg Krücken and Gili S Drori add an essay on the theoretical and empirical contribution of Meyer s institutional theory placing it within the broader context of

contemporary social theory globalization research and organizational studies in both in the United States and Europe The Transnational Studies Reader Sanjeev Khagram,2008 The Transnational Studies Reader is a new approach to understanding global social dynamics that doesn t take for granted that these dynamics take place in a national container *Yearbook of International Organizations 2014-2015 (Volume 4)* Union Of International Associations,Union of International

Associations,2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the

Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations

Sociological Abstracts Leo P. Chall,1996 **Handbook of New Media** Leah A Lievrouw,Sonia Livingstone,2002 The Handbook of New Media sets out boundaries of new media research and scholarship and provides a definitive statement of the current state of the art **Market Devices** Michel Callon,Yuval Millo,Fabian Muniesa,2007-11-12 Market Devices addresses the crucial role of technical instruments in the construction of markets and explores how market devices are set to configure economic calculative capacities while observing the part they play in the marketability of goods and services

Water Policy Reform Donna Brennan,2002 Proceedings of an international workshop held in Bangkok Thailand which brought together researchers working in the area of water resource management The aim was to explore possible synergies in water policy research focusing on experiences with water policy reform in different countries □□□□ ,2014

Proceedings International Association for Business and Society. Conference, *The Common Property Resource Digest* ,2000 **1977 Annual Supplement** George W. Johnson,1978-01-07 **Africa Insight** ,2005 **World Agricultural Economics and Rural Sociology Abstracts** ,1993
