plagues Azeroth's ancient guardians as they struggle to find a new purpose. This dilemma has hit Kalecgos' youngest of the former Dragon Aspects especially hard. Having lost his great powers, how can he or any of his kind still make a difference in the world? The answer lies in the distant past when savage beasts called proto dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for, or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that led to the DAWN OF THE ASPECTS. *World of Warcraft: Dawn of the Aspects: Part II* Richard A. Knaak, 2013-03-18
