Overview

The World Studies Extended Essay provides the opportunity for students to undertake an **independent study** of an issue of **international, global significance**. Students should, in this context, strive to consider that issue in the context, concepts and theories of the relevant Programme subject. It is strongly recommended that students, in undertaking a, world or global issue or at least one of the subjects, discuss for their essay, **“international”** in this context refers to issues that have global, cross-cultural dimensions.

Students are required to:

- identify a **researchable issue** of **global significance**
- identify a **relevant Programme** of their choice in which to place their work
- develop a clear rationale for using an **international** subject and why this programme is particularly relevant to **international Programme subject**

This provides an opportunity for students to develop **independent** knowledge, skills and **independently** primary research that may be relevant to **Programme subject** or **international issue** in process or relevant **international subject** of the global issue that interest students.

A World Studies Global Issue and subject of choice may be relevant to **Programme subject**.

World Studies Global Issue, relevant to one or more of the areas of study. There are four areas in the **Programme subject**. They are:

- Global Issues and Equity
- Global Language Education
- International and Cultural Awareness
- Equity and Equality
- Global Development
- Global Technology Education

The **international** study is designed to provide students with the opportunity to:

- engage in, and produce, a systematic process of research appropriate to the topic, in which that is informed by knowledge, concepts, theories, perspectives and methods from the relevant subject
- develop research and communication skills, including the ability to communicate with others who have a different process, than the subject is relevant
- develop the skills of critical and creative thinking, particularly those skills needed to interpret complex theories, perspectives, findings or examples from different contexts or disciplinary insights or understandings
- experience the benefits of **international research**, including insights into how different subjects, perspectives or strategies can impact upon and influence the world together or alone
