Garan the Eternal Andre Norton, 2014-07-01 Few authors have achieved such renown as World Fantasy Life Achievement honoree and Science Fiction Writers of America Grand Master Andre Norton. With the love of readers and the praise of critics, Norton's books have sold millions of copies worldwide. In our world, he was Garin, jet pilot and explorer. In the lost land of Tav, he was Garan, who would supply the link with their most ancient past. And in a world far distant in space and time, he was Garan of Yu Lac, who would stand alone between a planet's doom and the ones he loved. Garan the Eternal is a web of wonders woven by a master writer. It is the story of three lives tied by a recurrent destiny: that of Kepta the Ambitious, of Thralla the Divine, and of Garan himself, man of three worlds.

The Defiant Agents Andre Norton, 2017-07-04 A battle for survival begins and ends in the human mind in the thrilling novel from the Time Traders series. The latest gambit by the Western powers to outmaneuver the Russians was Operation Cochise, which launched Travis Fox and his crew on a ship bound for the planet Topaz. At least that's what Fox thinks. All he knows for sure is that something went wrong and they crash-landed. Everything else is a fog of warped memories. When they come across a band of Russians who have also had their memories obliterated, Fox begins to suspect they are all pawns in a much larger game. And his speculations are right. Someone is manipulating them. Observing them. And if Fox and his newfound allies cannot find a way to break free from their mental bonds, their captors may never be stopped. The Defiant Agents is the third book in the Time Traders Series, but you may enjoy reading the series in any order.
