

An abstract painting featuring bold, expressive brushstrokes. The dominant color is a vibrant red, which covers most of the canvas. Interspersed with the red are streaks and patches of green and black, creating a sense of movement and depth. The texture appears thick, with visible ridges and valleys from the paint application.

Wrestling The Word The Hebrew Scriptures And The Christian Believer:

Wrestling the Word Carolyn J. Sharp, 2010-01-01 With this volume Carolyn Sharp takes her stand as an exceptional repairer of the breach that many perceive between biblical scholarship and the life of faith. Her engaging, judicious and balanced assessment of current issues in biblical scholarship coupled with her reflections about their significance for the church and the world promise to inspire and challenge every reader, lay reader and biblical scholar alike. Christine Roy Yoder, Associate Professor of Old Testament, Columbia Theological Seminary, Decatur, Georgia. In this volume Carolyn Sharp exposes the cultural and theological assumptions of the very act of reading the Bible. She calls on readers to see the different ways that scholars read the biblical text in this postmodern world and to experiment with these different ways to read. Students would be well served to wrestle with this book. Beth LaNeel Tanner, Assistant Professor of Old Testament, New Brunswick Theological Seminary. This is a smart, brave and bold book and here is a teacher and writer whom I trust implicitly. Brent A. Strawn, Associate Professor of Old Testament, Candler School of Theology, Emory University. This is no ordinary introduction to the Bible or to critical methods. Rather, Sharp engages us in a conversation about what it is to read the Bible in our various social, ecclesial and ideological locations. Ellen F. Davis, Amos Ragan Kearns, Distinguished Professor of Bible and Practical Theology, Duke Divinity School.

The Violence of Scripture Eric A. Seibert, 2012 No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans. Over the years these texts have been used to justify all sorts of violence from colonizing people and justifying warfare to sanctioning violence against women and children. Eric Seibert confronts the problem of virtuous violence and urges people to engage in an ethically responsible reading of these troublesome texts. He offers a variety of reading strategies designed to critique textually sanctioned violence while still finding ways to use even the most difficult texts constructively, thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world plagued by religious violence. from publisher description

Christology, Hermeneutics, and Hebrews Jon C. Laansma, Daniel J. Treier, 2012-03-01 This book discusses the history of the interpretation of the Letter to the Hebrews across the last two millennia. Beginning with the Patristic period, essays go on to examine the responses of Thomas Aquinas, Martin Luther, John Calvin, as well as more recent figures such as Karl Barth and contemporary global interpreters. The premise behind the work is to move study of Hebrews away from the perennial arguments about its authorship and provenance and to instead engage with it from a theological perspective focusing upon the text's reception history. Consequently, the issue of the Christological message in Hebrews is at the forefront and is considered both in terms of the interpreter's context and historical setting. At the end of the book, the investigations are summarised and responded to by leading scholars: Harold Attridge, Donald A. Hagner, and Kathryn Greene-McCreight, providing a fitting conclusion to a radical academic project.

Revelation and Authority Benjamin D. Sommer, 2015-01-01 Winner of the 2016 Goldstein Goren Award for the best book in Jewish Thought.

At once a study of biblical theology and modern Jewish thought this volume describes a participatory theory of revelation as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the authority of the law Benjamin Sommer maintains that the Pentateuch's authors intend not only to convey God's will but to express Israel's interpretation of and response to that divine will Thus Sommer's close readings of biblical texts bolster liberal theologies of modern Judaism especially those of Abraham Joshua Heschel and Franz Rosenzweig This bold view of revelation puts a premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority Yet even though the Pentateuch's authors hold diverse views of revelation all of them regard the binding authority of the law as sacrosanct Sommer's book demonstrates why a law observant religious Jew can be open to discoveries about the Bible that seem nontraditional or even antireligious **A**

Prophet Like Moses Jeffrey Stackert, 2014 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century culminating in Julius Wellhausen's influential Prolegomena to the History of Ancient Israel Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources His book shows that these texts contain a rich and longstanding debate over prophecy its relation to law and its place in Israelite religion With this argument **A Prophet Like Moses** demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion It also provides an opportunity for critical reflection on the history of the field of biblical studies Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even primarily as theological disciplines **Scriptures Hebrew and Christian: Christian Scriptures** Edward Totterson

Bartlett, John Punnett Peters, 1892 **From Widows to Warriors** Lynn Japinga, 2020-08-25 For too long the women of the Bible have been depicted in one dimensional terms On one side are saints such as Mary while on the other are bad girls such as Eve and Jezebel Just as often the female characters of the Bible are simply ignored However the women of the Bible are complex multidimensional individuals whose lives are inspiring funny and tragic in ways too many of us never hear In this first of two volumes Lynn Japinga acquaints us with the women of the Old Testament From flawed heroes like Ruth and Rahab to fierce fighters like Deborah and Jael to tragic characters like Jephthah's daughter and the unnamed concubine of the book of Judges readers will encounter a wealth of foremothers in the faith in all their messy yet redeemable humanity This Bible study introduces and retells every female character who contributes to one or more Old Testament stories diving deeply into what each woman's story means for us today with questions for reflection and discussion **The Hebrew**
