Just Trying to Have School Natalie G. Adams, James H. Adams, 2018-10-09 After the 1954 Brown v Board of Education ruling no state fought longer or harder to preserve segregated schools than Mississippi This massive resistance came to a crashing halt in October 1969 when the Supreme Court ruled in Alexander v Holmes Board of Education that the obligation of every school district is to terminate dual school systems at once and to operate now and hereafter only unitary schools Thirty of the thirty three Mississippi districts named in the case were ordered to open as desegregated schools after Christmas break With little guidance from state officials and no formal training or experience in effective school desegregation processes ordinary people were thrown into extraordinary circumstances However their stories have been largely ignored in desegregation literature Based on meticulous archival research and oral history interviews with over one hundred parents teachers students principals superintendents community leaders and school board members Natalie G Adams and James H Adams explore the arduous and complex task of implementing school desegregation How were bus routes determined Who lost their position as principal Who was assigned to what classes Without losing sight of the important macro forces in precipitating social change the authors shift attention to how the daily work of just trying to have school helped shape the contours of school desegregation in communities still living with the decisions made fifty years ago

Mississippi 1870 1980 Charles C Bolton mines newspaper accounts interviews journals archival records legal and financial documents and other sources to uncover the complex story of one of Mississippi's most significant and vexing issues This history closely examines specific events the aftermath of the Brown v Board of Education decision the 1966 protests and counterdemonstrations in Grenada and the efforts of particular organizations and carefully considers the broader picture Despite a separate but equal doctrine established in the late nineteenth century the state's racially divided school systems quickly developed vast differences in terms of financing academic resources teacher salaries and quality of education As one of the nation's poorest states Mississippi could not afford to finance one school system adequately much less two For much of the twentieth century white people fought hard to preserve the dual school system in which the maintenance of one race schools became the most important measure of educational quality Black people fought equally hard to end segregated schooling realizing that their schools would remain underfunded and understaffed as long as they were not integrated

overcome fear to present a significant challenge to White domination Armed self defense was a major tool of survival in allowing some Black southern communities to maintain their integrity and existence in the face of White supremacist terror By 1965 armed resistance particularly self defense was a significant factor in the challenge of the descendants of enslaved Africans to overturning fear and intimidation and developing different political and social relationships between Black and White Mississippians This riveting historical narrative relies upon oral history archival material and scholarly literature to reconstruct the use of armed resistance by Black activists and supporters in Mississippi to challenge racist terrorism segregation and fight for human rights and political empowerment from the early 1950s through the late 1970s Publisher s website [Down to the Crossroads](#) Aram Goudsouzian,2014-02-04 On June 5 1966 the civil rights hero James Meredith left Memphis Tennessee on foot Setting off toward Jackson Mississippi he hoped his march would promote Black voter registration and defy racism The next day he was shot by a mysterious white man and transferred to a hospital What followed was one of the key dramas of the civil rights era Tracking rural demonstrators courage and impassioned debates among movement leaders the author reveals the complex legacy of an event that would both integrate African Americans into the political system and inspire an era of bolder protests against it **Ex Post Evaluation of Regional Water Resources Development** G. Marshall,2018-04-07 In the early 1960s civil rights activists and the Kennedy administration engaged in parallel though not always complementary efforts to overcome Mississippi s extreme opposition to racial desegregation In *The Mississippi Civil Rights Movement and the Kennedy Administration 1960-1964* James P Marshall uncovers this history through primary source documents that explore the legal and political strategies of the federal government follows the administration s changing and sometimes contentious relationship with civil rights organizations and reveals the tactics used by local and state entities in Mississippi to stem the advancement of racial equality A historian and longtime civil rights activist Marshall collects a vast array of documents from the John F Kennedy Presidential Library and excerpts from his own 1960s interviews with leading figures in the movement for racial justice This volume tracks early forms of resistance to racial parity adopted by the White Citizens Councils and chapters of the Ku Klux Klan at the local level as well as by Mississippi congressmen and other elected officials who used both legal obstructionism and extra legal actions to block efforts meant to promote integration Quoting from interviews and

correspondence among the Student Nonviolent Coordinating Committee members government officials and other constituents of the Democratic Party Marshall also explores decisions about voter registration drives and freedom rides as well as formal efforts by the Kennedy administration including everything from minority hiring initiatives to federal litigation and party platform changes to exert pressure on Mississippi to end segregation Through a carefully curated selection of letters interviews government records and legal documents The Mississippi Civil Rights Movement and the Kennedy Administration 1960 1964 sheds new light on the struggle to advance racial justice for African Americans living in the Magnolia State

Black Freedom, White Resistance, and Red Menace Yasuhiro Katagiri, 2014-01-06 In *Black Freedom White Resistance and Red Menace* Yasuhiro Katagiri offers the first scholarly work to illuminate an important but largely unstudied aspect of U S civil rights history the collaborative and mutually beneficial relationship between professional anti Communists in the North and segregationist politicians in the South In 1954 the Supreme Court outlawed racial segregation in public schools with the *Brown v Board of Education* ruling Soon after while the political demise of U S senator Joseph R McCarthy unfolded northern anti Communists looked to the South as a promising new territory in which they could expand their support base and continue their cause Southern segregationists embraced the assistance and the methods of these Yankee collaborators and utilized the northern messiahs in executing a massive resistance to the Supreme Court s desegregation decrees and the civil rights movement in general Southern white leadership framed black southerners crusades for social justice and human dignity as a foreign scheme directed by nefarious outside agitators race mixers and worse outright subversives and card carrying Communists Based on years of extensive archival research *Black Freedom White Resistance and Red Menace* explains how a southern version of McCarthyism became part of the opposition to the civil rights movement in the South an analysis that leads us to a deeper understanding and appreciation for what the freedom movement and those who struggled for equality fought to overcome

Media-Made Dixie Jack Temple Kirby, 1986 In *Media Made Dixie* Jack Kirby shows how the American public s perceptions of the South have been influenced even controlled by the mass communications media In this newly updated edition Kirby surveys major movies radio and television shows plays popular histories and music from the turn of the century through the 1980s He documents a progression in the national image of the South from the cracker wasteland of Erskine Caldwell s *God s Little Acre* to the antebellum wonderland of Hollywood s Shirley Temple Bojangles Robinson musicals from William Styron s searching account of the Old South in *Confessions of Nat Turner* to the New South ingenuity of Jimmy Carter and Ted Turner and from the regressive back roads of television s *The Dukes of Hazzard* to the complex reconciliation found in Alice Walker s and Steven Spielberg s *The Color Purple*
