(Acts of the Apostles, Epistle to the Romans, First epistle to the Corinthians, Epistle to the Hebrews). Albert Barnes,1852 **The Gospel According to Paul** Graham H. Twelftree,2019-11-20 Paul s gospel is misunderstood Paul s gospel is seen as his message perhaps an empowered message he saw it differently His gospel can be many things tradition about Jesus Jesus Christ himself the ministry of Jesus the replication of the ministry of Jesus God s salvific drama the salvation experience of people a message and something that can and should be embodied or lived And the gospel does not come to people in Paul s preaching He says it comes or takes place in both his message and the miraculous Without the involvement and acts of God in the miraculous for Paul there would have been no gospel only preaching It is not that the miraculous was simply a proof or demonstration of the gospel it was integral to it In the gospel s coming or establishment it is clear that at heart the gospel is God s salvation the presence of God himself in Christ experienced in the symbiotic relationship between Paul s message about God s Son Jesus Christ and the activity of God in the miraculous Not surprisingly then Paul rarely talks of preaching the gospel He sees himself as gospelling Crash Course on the New Testament Christianity Today International,2008-09 Crash Course on the New Testament explores key information about Jesus life the beginning of the church Paul s missionary journeys the process of salvation controversies in the early church and the end of the age Participants will discover the story of Christianity and its relevance for us today The Critical Meaning of the Bible

Raymond Edward Brown, 1981 *The Word of God is living and active sharper than any two edged sword piercing to the division of soul discerning the thoughts of the heart* So proclaims the Epistle to the Hebrews Yet for many persons the biblical Word of God is less a sharp sword than a crutch supporting rather than piercing them Interpreted as they have always heard it scripture tells them exactly what they want to hear Modern critical investigation of the Bible can change that radically for now Christians and the churches are being told that the biblical authors did not always mean what they were thought to have meant when read through the spectacles of later interests Because of its approach some Protestants and Catholics believe the new biblical criticism is impious Raymond Brown a Catholic priest who is Auburn Professor of Biblical Studies at Union Theological Seminary in New York City argues strongly to the contrary Critically interpreted the Bible is all the more critical to Christians and the Church The challenge of the scriptures is unleashed piercing to the division of soul discerning the thoughts of the heart Back cover

Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and *Scoffing at Scripture* A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually all male elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born *Scoffing at Scripture* A Commoner Reads the World's Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance

Questions on the four Gospels Albert Barnes, 1842 **The teachers' handy-book of questioning on the Gospels**, 1877 *The Synoptic*

Gospels Keith Fullerton Nickle, 2001-01-01 Nickle provides an updated edition of a proven textbook that fills the gap between brief treatments of the Synoptics by New Testament introductions and exhaustive commentaries In a clear and concise manner The Synoptic Gospels explores the major issues of faith that influenced the writers of the Gospels while utilizing the full range of critical and literary methods *An Exegetical Commentary on the Gospel According to S. Matthew* Alfred Plummer, 1909 **Encountering the Bible** Andrew Village, 2016-06-30 The Learning Church series offers a range of brief and accessible introductions to the key themes of Christian discipleship and theology What do Christians believe the Bible to be and what are the consequences of these beliefs For many people tackling the Bible is rather like sorting the attic lots of obscure and long forgotten paraphernalia a certain amount of untidiness and mess but perhaps some hidden gems Seeking to ask the questions which ordinary people might ask about the relevance of the Bible for today's Church this book aims to equip those who want to find ways of making it more useful and to help them explore with openness and honesty the difficulties of trying to use an ancient text as a guide for contemporary faith **A critical and historical enquiry into the origin of the Third gospel, by P.C. Sense** Bernard J. Sage, 1901 The Gospel of St. John and Its Relation to the other Gospels Rudolf Steiner, 1982-03-01 Beginning at the turn of the century Rudolf Steiner began to express a passionate interest in Christianity For him the event he called the Mystery of Golgotha is more than the central event of Christianity it is in fact the turning point in time for all human and earthly evolution In his Autobiography Steiner clarified his views on Christianity Some of what I said and wrote during that period 1890s seems to contradict the way I described Christianity later on This is because when I wrote the word Christianity I was referring to the teachings of a world beyond that was active in all Christian doctrines at the time The whole meaning of religious experiences pointed to a world of spirit one that was supposed to be unattainable by human intellect Whatever religion might have to say and whatever precepts for moral life it might offer arise from what is revealed to human beings from outside My own direct inner perception of spirit objected to this it wanted to experience the worlds of both spirit and the physical in perceptions of the human being and nature And my ethical individualism objected to this It rejected the external support of commandments for morality such support came instead as the result of spiritual soul development within the human being where divinity lives That was a trying time for my soul as I looked at Christianity This period lasted from the time I left the Weimar work until I wrote my book Christianity as Mystical Fact These kinds of tests are obstacles placed in one's path by destiny or karma and they must be overcome through spiritual development In these talks Rudolf Steiner offers his profound insights into the essential truths behind the Christ event as well as the historic and prehistoric events on Earth and in the spiritual worlds leading up to the turning point in time He shows that the ancient mysteries of the East the Persians the Egyptians the Greeks and the streams behind those impulses going back to Atlantis and Lemuria all lead to the event of Christ's incarnation and the Mystery of Golgotha through which the Earth became the body of Christ Further Steiner talks about what those events mean for the future of humanity and the
