When Governments Stumble Lessons Zimbabwe:

When Governments Stumble Ben Freeth MBE, 2013-10-16 Ben Freeth established his credentials to write on this topic through his courageous and successful resistance to the bullying tactics employed by the Mugabe regime in Zimbabwe to throw him and his family off their land a story told in *Mugabe and the White African* He now throws his net wider to ask what response should Christians make to corruption and injustice when perpetrated by governments Justice is a fundamental aspect of the Judeo Christian faith Ben explores this theme through his own experience of government oppression in Zimbabwe and through contemporary instances where Christians have or have not stood up to be counted He considers the Biblical injunction to obey your rulers and examines the issues of fear and complacency sometimes Christians are compromised by their relationship with the ruling group What is our duty Most Christians feel powerless What can we actually do as individuals and as a group

Election Violence in Zimbabwe Vimbai Chaumba Kwashirai, 2023-03-02 The ramifications of election violence in Zimbabwe are huge and ongoing and the loss of lives in the quest for democratic rights might be regarded as the foremost tragedy of post colonial Zimbabwe In this book Vimbai Chaumba Kwashirai examines the prevalence of electoral violence in Zimbabwe from the early 1980s to the present day With a range of rich examples Kwashirai offers a nuanced analysis of the overt and covert forms of violence that have pervaded the country's general elections While remaining attentive to the specifics of the Zimbabwean political landscape Kwashirai addresses broader debates in African politics and shows how insidious violence ethnic tensions and the weakness of opposition parties serve to undermine democracy across Africa Adopting an interdisciplinary approach he explores the various ways in which violence can be understood and crucially how it might be prevented

So Far and No Further! J.R.T. Wood, 2012-05-04 *So Far and No Further Rhodesia's Bid for Independence during the Retreat from Empire 1959-1965* Ian Smith's unilateral declaration of independence for Rhodesia now Zimbabwe on 11 November 1965 was seen by many as the act of a rebellious white minority seeking to preserve their privileged position in defiance of Britain's determination to shed her Empire and introduce rule by the African majority as soon as possible However the drama of UDI has long overshadowed and oversimplified the complexities of the preceding years In this account of that time based on sole access to the hitherto closed papers of Ian Douglas Smith and Sir Roy Welensky as well as extensive research at London's Public Record Office and in government and private collections elsewhere Dr J R T Wood chronicles the collision course on which Britain and Rhodesia were set after 1959 complementing his study of the fate of the Federation of Rhodesia and Nyasaland in his definitive *The Welensky Papers A History of the Federation of Rhodesia and*

Nyasaland 1953 1963 Britain Wood shows was intent on shedding her Empire as quickly as possible against a backdrop of the Cold War and the rise of Chinese and Soviet sponsored African nationalism She delivered some 600 one man one vote constitutions to her fledgling nations and had no intention of granting Rhodesia independence on different terms Unlike Britain's other African possessions however Rhodesia had enjoyed self governance since 1923 The largely white Rhodesian electorate wary of the consequences of premature and ill prepared majority rule sought instead dominion status akin to that of Canada Australia and New Zealand Their intention was gradually to pave the way for majority rule since 1923 Rhodesia's electoral qualifications had excluded race It was always understood that the African majority would acquire power the concern was the speed and smoothness of that acquisition Culminating in those dramatic days of November 1965 when Ian Smith concluded in the face of resolute British stonewalling that he had no alternative but UDI this unique account is the first in a series which chronicles the course of events that ultimately led to Robert Mugabe's accession to power in 1980 and all that entailed **AF Press Clips** ,1985-07 Lion Songs Banning Eyre,2015-05-01 Like Fela Kuti and Bob Marley singer composer and bandleader Thomas Mapfumo and his music came to represent his native country's anticolonial struggle and cultural identity Mapfumo was born in 1945 in what was then the British colony of Rhodesia now Zimbabwe The trajectory of his career from early performances of rock n roll tunes to later creating a new genre based on traditional Zimbabwean music including the sacred mbira and African and Western pop is a metaphor for Zimbabwe's evolution from colony to independent nation Lion Songs is an authoritative biography of Mapfumo that narrates the life and career of this creative complex and iconic figure Banning Eyre ties the arc of Mapfumo's career to the history of Zimbabwe The genre Mapfumo created in the 1970s called chimurenga or struggle music challenged the Rhodesian government which banned his music and jailed him and became important to Zimbabwe achieving independence in 1980 In the 1980s and 1990s Mapfumo's international profile grew along with his opposition to Robert Mugabe's dictatorship Mugabe had been a hero of the revolution but Mapfumo's criticism of his regime led authorities and loyalists to turn on the singer with threats and intimidation Beginning in 2000 Mapfumo and key band and family members left Zimbabwe Many of them including Mapfumo now reside in Eugene Oregon A labor of love Lion Songs is the product of a twenty five year friendship and professional relationship between Eyre and Mapfumo that demonstrates Mapfumo's musical and political importance to his nation its freedom struggle and its culture

International African Bibliography ,1982 Thought Paralysis Farhad Dalal,2018-03-21 Given the enormous struggles efforts and money expended on the equalities enterprise why has more progress not been made And further why have things actually become worse in some circumstances It is argued this has occurred because The values of Equality have been bureaucratized allowing the liberal principle of live and let live to be perverted and put in the service of fear and control The Diversity discourse has been hijacked by the libertarians and put in the service of increasing profit under the guise of liberty and inclusivity The equality movements have become apolitical sidetracked into the project of the indiscriminate celebration

The Columbia Guide to Central African Literature in English Since 1945 Adrian Roscoe,2007-10-12 Columbia s guides to postwar African literature paint a unique portrait of the continent s rich and diverse literary traditions This volume examines the rapid rise and growth of modern literature in the three postcolonial nations of Zimbabwe Malawi and Zambia It tracks the multiple political and economic pressures that have shaped Central African writing since the end of World War II and reveals its authors heroic efforts to keep their literary traditions alive in the face of extreme poverty and AIDS Adrian Roscoe begins with a list of key political events Since writers were composing within both colonial and postcolonial contexts he pays particular attention to the nature of British colonialism especially theories regarding its provenance and motivation Roscoe discusses such historical figures as David Livingstone Cecil Rhodes and Sir Harry Johnston as well as modern power players including Robert Mugabe Kenneth Kaunda and Kamuzu Banda He also addresses efforts to create a literary historical record from an African perspective an account that challenges white historiographies in which the colonized was neither agent nor informer A comprehensive alphabetical guide profiles both established and emerging authors and further illustrates issues raised in the introduction Roscoe then concludes with a detailed bibliography recommending additional reading and sources At the close of World War II the people of Central Africa found themselves mired in imperial fatigue and broken promises of freedom This fueled a desire for liberation and a major surge in literary production and in this illuminating guide Roscoe details the campaigns for social justice and political integrity for education and economic empowerment and for gender equity participatory democracy rural development and environmental care that characterized this exciting period of development **R.I.P. Foundation for the Study of Cycles reports that they have identified over 4000 separate cycles that affect nature culture business and productivity My book examines a few very long term cycles that influence all of us for decades in subtle and profound ways When cycles come to completion a period of disorder results The monetary and political doctrines that railroaded the United States into world affairs wars and global central banking a century ago are coming to the end of a cyclical line The public at large can sense the end is coming and a psychological crisis is building This book explains why it s happening and why happening now It also spells out some likely future scenarios and ways to cope Dealing with International Crises Jeffrey Davidow,1983 **A Penny for My Thoughts** Weston Tawonezvi,2025-03-04 Delving into various aspects of the author s life and Zimbabwean culture in general this literary project speaks to both those familiar with

Weston's life as well as those who may have missed some of his experiences. For those feeling compelled to also share their life stories, this book serves as a proxy for their thoughts. I relate so readily to most of this book having shared similar situations around our executive roles in the financial services sector, community assignments including our footprints in church schools and parishes, the sporting world of squash and golf as well as race relations in the working environment. With eloquence and depth, the author weaves a story that resonates with citizens who experienced life under varying political eras: the robust colonial Rhodesia, early independent Zimbabwe, and the current state of affairs, offering a comprehensive view of the last half century. Despite the author's extensive travel and exposure that enables the book to cater to a global audience, the narrative remains grounded in Zimbabwean settings. Across its magnetic pages, the author's storytelling captures intimate moments, personal insights, and vivid anecdotes adding flavor to the whole project. The author generously shares personal and family insights, including some content that I think would be more suitable for posthumous publication. This book is a testament to a life well lived, providing timely and insightful storytelling. I invite you to delve into its pages and explore the rich narrative crafted by the author, a privilege and honor to experience. What an honor it was for me, Bernard Gabriel MANYENYENI MSC, His Worship the Mayor of Harare, 2013.

Displacing Human Rights Adam Branch, 2011-06-01
Today, Western intervention is a ubiquitous feature of violent conflict in Africa. Humanitarian aid agencies, community peacebuilders, microcredit promoters, children's rights activists, the World Bank, the International Criminal Court, the U.S. military, and numerous others have involved themselves in African conflicts, all claiming to bring peace and human rights to situations where they are desperately needed. However, according to Adam Branch, Western intervention is not the solution to violence in Africa; but instead, can be a major part of the problem, often undermining human rights and even prolonging war and intensifying anti-civilian violence. Based on an extended case study of Western intervention into northern Uganda's twenty-year civil war and drawing on Branch's own extensive research and human rights activism, this book lays bare the reductive understandings motivating Western intervention in Africa, the inadequate tools it insists on employing, its refusal to be accountable to African citizenries, and most important, its counterproductive consequences for peace, human rights, and justice. In short, Branch demonstrates how Western interventions undermine the efforts Africans themselves are undertaking to end violence in their own communities. The book does not end with critique; however, motivated by a commitment to global justice, it proposes concrete changes for Western humanitarian peacebuilding and justice interventions, as well as a new normative framework for re-orienting the Western approach to violent conflict in Africa around a practice of genuine solidarity. A key strength of the book is its ability to analyse and reveal common patterns in seemingly disparate and complex empirical instances of counterproductive human rights interventions in Uganda. This book should be required reading for all those working on various themes in Africa today. *The Journal of Modern African Studies*. This book provides a pessimistic but much needed critique of the history of foreign intervention in Northern Uganda. Responsible discussions of
