When Mothers Kill Interviews From Prison

David Kirk

When Mothers Kill Interviews From Prison:

When Mothers Kill Cheryl L. Meyer, Michelle Oberman, 2008-06-01 Winner of the 2008 Outstanding Book Award by the Academy of Criminal Justice Sciences Michelle Oberman and Cheryl L Meyer don't write for news magazines or prime time investigative television shows but the stories they tell hold the same fascination *When Mothers Kill* is compelling In a clear direct fashion the authors recount what they have learned from interviewing women imprisoned for killing their children Readers will be shocked and outraged as much by the violence the women have endured in their own lives as by the violence they engaged in but they will also be informed and even enlightened Oberman and Meyer are leading authorities on their subject Their 2001 book *Mothers Who Kill Their Children* drew from hundreds of newspaper articles as well as from medical and social science journals to propose a comprehensive typology of maternal filicide In that same year driven by a desire to test their typology and to better understand child killing women not just as types but as individuals Oberman and Meyer began interviewing women who had been incarcerated for the crime After conducting lengthy face to face interviews with forty prison inmates they returned and selected eight women to speak with at even greater length This new book begins with these stories recounted in the matter of fact words of the inmates themselves There are collective themes that emerge from these individual accounts including histories of relentless interpersonal violence troubled relationships with parents particularly with mothers twisted notions of romantic love and deep conflicts about motherhood These themes structure the books overall narrative which also includes an insightful examination of the social and institutional systems that have failed these women Neither the mothers nor the authors offer these stories as excuses for these crimes

When Caregivers Kill

Betty L. Alt, Sandra K. Wells, 2010-04-16 From mothers who kill their children in postpartum fugues to fathers who murder their kids for revenge against an estranged wife the stories in this book are chilling yet real and bring home the message that children are vulnerable to violence even in the care of those who should love and protect them the most Sadly child murder by parents and caregivers happens more frequently than one might guess and while each case is different there are often warning signs that something might be amiss Signs of physical abuse may precede the ultimate act of murder A mother's mental state after the birth of a child may signal true distress and the potential for extreme actions No one can predict with certainty when a parent or other caregiver may snap but here Alt and Wells examine many cases of child murder to find out what they have in common how we might prevent such violence and what more we can do to protect children in potentially explosive situations

100 Years of the Infanticide Act Karen Brennan, Emma Milne, 2023-10-19 This book provides the first comprehensive and detailed analysis of the Infanticide Act and its impact in England and Wales and around the world It is 100 years since an Infanticide Act was first passed in England and Wales The statute re enacted in 1938 allows for leniency to be given to women who kill their infants within the first year of life This legislation is unique and controversial it creates a specific offence and defence that is available only to women who kill their biological infants Men and other carers are not

able to avail of the special mitigation provided by the Act nor are women who kill older children The collection brings together leading experts in the field to offer important insights into the history of the law how it works today the impact and legacy of the statute and potential futures of infanticide laws around the world Contributors consider the Act in practice in England and Wales the ways it has been portrayed in the British media and justifications for and criticisms of the provision of special treatment for women who kill their infants within a year of birth It also looks at the criminal justice responses to infanticide in other jurisdictions such as Australia Ireland Sweden and the United States of America

Women's Crimes, Criminology, and Corrections Joycelyn M. Pollock, 2014-04-14 Historically women have been an afterthought in criminal justice policymaking and the criminological enterprise The study of criminology has largely been the study of criminal men because women commit less crime than men More recently criminologists have paid increased attention to the population of female offenders partly because of their growing numbers and partly because of the tens of thousands of children affected by having their mothers in prison or on supervised release The recent attention however has not necessarily been a good thing for women who are much more likely to be formally prosecuted and incarcerated today than in decades past This policy shift has come about partly because of misinformed policies implemented to help women and partly because of shifts in theorists beliefs and public perceptions that women and men are similar in their criminal motivations and should therefore be treated similarly The controversy surrounding this perception is the focus of this book To better comprehend the challenges facing women in the criminal justice system the author a winner of the Bruce Smith Sr Award from the Academy of Criminal Justice Sciences employs research findings and statistics to describe the prevalence and patterns of women's crimes review criminological theories specifically examining how well they explain female criminality understand female juvenile offenders reviewing crime rates theories relating to female delinquency and detention related issues look inside the women's prison to better understand female prisoners and their world examine classification and programming issues particularly the impact of gender specific programming and explore the problems experienced by women upon release and the related issue of women's recidivism

Maternal Theory Andrea O'Reilly, 2021-07-08 Theory on mothers mothering and motherhood has emerged as a distinct body of knowledge within Motherhood Studies and Feminist Theory more generally This collection The Second Edition of Maternal Theory Essential Readings introduces readers to this rich and diverse tradition of maternal theory Composed of 60 chapters the 2nd edition includes two sections the first with the classic texts by Adrienne Rich Nancy Chodorow Sara Ruddick Alice Walker Barbara Katz Rothman bell hooks Sharon Hays Patricia Hill Collins Audre Lorde Daphne de Marneffe Judith Warner Patrice diQinizio Susan Maushart and many more The second section includes thirty new chapters on vital and new topics including Trans Parenting Non Binary Parenting Queer Mothering Matricentric Feminism Normative Motherhood Maternal Subjectivity Maternal Narratology Maternal Ambivalence Maternal Regret Monstrous Mothers The Migrant Maternal Reproductive Justice Feminist Mothering Feminist Fathering Indigenous Mothering The

Digital Maternal The Opt Out Revolution Black Motherhoods Motherlines The Motherhood Memoir Pandemic Mothering and many more Maternal Theory is essential reading for anyone interested in motherhood as experience ideology and identity

American Infanticide Clara S. Lewis, 2025-06-17 On April 22 2015 the sorority sisters at Ohio's Muskingum University's Delta house encountered a horrific scene pools of blood and gore in the first floor bathroom No one knew exactly what had happened but the sisters suspected it had something to do with Emile Weaver Studios athletic and well liked Emile had recently started wearing bulky sweatsuits and hiding her midsection as if she was covering up a sudden weight gain Could Emile be pregnant Emboldened by fear the sorority sisters investigated In the driveway next to the kitchen door they found Emile's newborn baby girl dead inside a garbage bag Emile's crime seemed senseless and left her family and friends with an aching question what happened American Infanticide situates Emile's tragic act in a long intellectual social and legal history uncovering disturbing missing chapters in our national history that undercut myths that have shaped public reactions to so called monster moms and dumpster babies since the colonial era Ultimately the book uncovers how bias and inconsistency dictate how women accused of infant homicide are perceived and punished and sheds new light on how and why our legal responses to infanticide are so deeply misguided

Falling Into the Fire Christine Montross, 2013-08-01 Falling Into the Fire is psychiatrist Christine Montross's thoughtful investigation of the gripping patient encounters that have challenged and deepened her practice The majority of the patients Montross treats in Falling Into the Fire are seen in the locked inpatient wards of a psychiatric hospital all are in moments of profound crisis We meet a young woman who habitually commits self injury having ingested light bulbs a box of nails and a steak knife among other objects Her repeated visits to the hospital incite the frustration of the staff leading Montross to examine how emotion can interfere with proper care A recent college graduate dressed in a tunic and declaring that love emanates from everything around him is brought to the ER by his concerned girlfriend Is it ecstasy or psychosis What legal ability do doctors have to hospitalize and sometimes medicate a patient against his will A new mother is admitted with incessant visions of harming her child Is she psychotic and a danger or does she suffer from obsessive thoughts Her course of treatment and her child's future depends upon whether she receives the correct diagnosis Each case study presents its own line of inquiry leading Montross to seek relevant psychiatric knowledge from diverse sources A doctor of uncommon curiosity and compassion Montross discovers lessons in medieval dancing plagues in leading forensic and neurological research and in moments from her own life Beautifully written deeply felt Falling Into the Fire brings us inside the doctor's mind illuminating the grave human costs of mental illness as well as the challenges of diagnosis and treatment Throughout Montross confronts the larger question of psychiatry What is to be done when a patient's experiences cannot be accounted for or helped by what contemporary medicine knows about the brain When all else fails Montross finds what remains is the capacity to abide to sit with the desperate in their darkest moments At once rigorous and meditative Falling Into the Fire is an intimate portrait of psychiatry allowing the reader to witness the

humanity of the practice and the enduring mysteries of the mind **2008 Symposium** ,2009 *The Devil, the Lovers, & Me* Kimberlee Auerbach,2007 The author describes her survival of an abusive relationship her mother s mid life sexual proclivities and the interference of friends and her father during a promising new romance challenges that prompted her visit to an atypical tarot card reader *New Books on Women, Gender and Feminism* ,2008 The Publishers Weekly ,2008 **Choice** ,2009 **The Educator-journal** ,1916 **Mental Disorders of the New Millennium** Thomas G. Plante,2006 Contains twelve articles written for the educated lay audience on topics related to contemporary mental disorders focusing on public and social problems with discussion of post traumatic stress disorder homicide suicide substance abuse among adolescents workaholism and other subjects **California Law and the Children of Prisoners** Charlene Wear Simmons,2003 **Book Review Index - 2009 Cumulation** Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Mother Earth Alexander Berkman,Emma Goldman,1916 The Mentor ,1926 **Women, Prison & Crime** Joycelyn M. Pollock,1990 Publisher description This book takes a comprehensive look at women in America s prisons covering the history of women s prisons crime rates and sentencing practices It provides detailed descriptions of prisoner subcultures programs management and staff issues and legal issues of female prisoners while also expanding beyond U S soil to compare women s prisons in other countries **Struggling Russia** ,1919
