Where is Boasting? Simon J. Gathercole, 2002-10-24 This important work challenges the validity of the New Perspective on Paul and Judaism Working with new data from Jewish literature and a fresh reading of Romans 1 5 Simon Gathercole produces a far reaching criticism of the current approach to Paul and points a new way forward Building on a detailed examination of the past generation of scholarship on Paul and early Judaism Gathercole s work follows two paths First he shows that while early Judaism was not truly oriented around legalistic works righteousness it did consider obedience to the Law to be an important criterion at the final judgment On the basis of this reconstruction of Jewish thought and a rereading of Romans 1 5 Gathercole advances his main argument that Paul did indeed combat a Jewish perspective that saw obedience to the Law both as possible and as a criterion for vindication at the final judgment Paul s reply is that obedience to the Law is not a criterion for the final judgment because human nature makes obedience to the Law impossible His doctrine of justification can therefore be properly viewed in its Jewish context yet anthropological issues also take center stage

The So-Called Jew in Paul's Letter to the Romans Rafael Rodriguez, Matthew Thiessen, 2016-08-01 Decades ago Werner G Kummel described the historical problem of Romans as its double character concerned with issues of Torah and the destiny of Israel the letter is explicitly addressed not to Jews but to Gentiles At stake in the numerous answers given to that question is nothing less than the purpose of Paul s most important letter In The So Called Jew in Romans nine Pauline scholars focus their attention on the rhetoric of diatribe and characterization in the opening argumentation that figure appears or is implied Each component of Paul s argument is closely examined with particular attention to the theological problems that arise in each In addition to the editors chapters of the letter asking what Paul means by the so called Jew in Romans 2 and where else in the letter s contributors are Runar M Thorsteinsson Magnus Zetterholm Joshua D Garroway Matthew V Novenson and Michele Murray with a response by Joshua W Jipp

Paul, The Apostle of Obedience Jason A. Myers,2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1 5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul s audience would have heard and received the terms and images relating to obedience In addition he argues that Paul s use of obedience language both at the beginning and end of Romans 1 5 15 18 serves as rhetorical bookends and signals a theme that is central to Paul s purpose in Romans and integral to his calling as an apostle to the Gentiles **Beginning from Jerusalem** James D.G. Dunn,2009-03-16 Beginning from Jerusalem covers the early formation of the Christian faith from 30 to 70 C E After outlining the quest for the historical church parallel to the quest for the historical Jesus and reviewing the sources James Dunn follows the course of the movement stemming from Jesus beginning from Jerusalem He opens with a close analysis of what can be said of the earliest Jerusalem community the Hellenists the mission of Peter and the emergence of Paul Then Dunn focuses solely on Paul the chronology of his life and mission his understanding of his call as apostle and the character of the churches that he founded The third part traces the final days and literary legacies of the three principal figures of first generation Christianity Paul Peter and James the brother of Jesus Each section includes detailed interaction with the vast wealth of secondary literature on the many subjects covered

Paul and the Economy of Salvation Brendan SJ Byrne, 2021-08-17 This major contribution to Pauline scholarship by a widely respected New Testament scholar is the culmination of over forty years of teaching on Paul. Brendan Byrne demonstrates that topics often discussed in Pauline studies and Christian theology go astray when the significance of the last judgment falls from view. Offering a fresh Catholic perspective that engages with centuries of Protestant interpretation, this book recaptures the significance of the motif of the last judgment for the interpretation of Paul. *The Saving Righteousness of God* Michael F. Bird, 2007-03-07 This book presents a series of studies on contentious aspects of Paul's doctrine of justification, including the meaning of righteousness, the question of imputation, the role of resurrection in justification, an evaluation of the New Perspective, the soteriological and ecclesiological significance of justification, justification by faith with judgment according to works, and debates over the orthodoxy of N. T. Wright. The burden of this volume is to demonstrate that reformed and new readings of Paul are indispensable to attaining a full understanding of Paul's soteriology. An analysis of Galatians and Romans demonstrates that the covenantal and forensic dimensions of justification go hand in glove. The vertical and horizontal aspects need to be appropriately described and weighted in order to provide a holistic rendering of justification in Paul's letters. According to Paul, faith alone in Jesus Christ is the instrument of eschatological vindication, and faith alone marks out the true people of God. *Paul and Judaism Revisited* Preston M. Sprinkle, 2013-08-01 How far did Paul stray from the view of salvation handed down to him in the Jewish tradition? Following a hunch from E. P. Sanders's seminal book *Paul and Palestinian Judaism*, Preston Sprinkle finds buried in the Old Testament's Deuteronomic and prophetic perspectives a key that starts to turn the rusted lock on Paul's critique of Judaism. *International Review of Biblical Studies, Volume 49 (2002-2003)* Bernhard Lang, 2004-02-01 Formerly known by its subtitle *Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete*, the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950s. Each annual volume includes approximately 2,000 abstracts and summaries of articles and books that deal with the Bible and related literature, including the Dead Sea Scrolls, Pseudepigrapha, Non-canonical gospels, and ancient Near Eastern writings. The abstracts, which may be in English, German, or French, are arranged thematically under headings such as e.g. Genesis, Matthew, Greek language, text and textual criticism, exegetical methods, and approaches, biblical theology, social and religious institutions, biblical personalities, history of Israel, and early Judaism, and so on. The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered. **Divine and Human Agency in Paul and His Cultural Environment** John M.G. Barclay, Simon J. Gathercole, 2006-01-01 Re-examines Paul within contemporary Jewish debate, attuned to the significant theological issues he raises without imposing upon him the frameworks developed in later Christian thought. *A Theology of Paul and His Letters* Douglas J. Kopic, 2014-10-30 Often treated like the younger sibling in theology the doctrine of sanctification has spent the last few decades waiting not so patiently behind ideas like election and justification by faith alone In this volume twelve theologians explore the meaning and significance of sanctification for contemporary evangelical theology and practice

Theology of the New Testament Udo Schnelle, 2009-11 For a few decades jet packs seemed to be everywhere on Gilligan's Island Lost in Space Thunderball and even the opening ceremony of the 1984 Olympics Inventors promised we'd all be flying with them now enabling us to zoom around effortlessly in the sky and getting us to work without traffic jams and trains What happened to the jet pack In The Great American Jet Pack Steve Lehto gives us the definitive history of this and related devices explaining how the technology arose how it works and why we don't have them in our garages today These individual lift devices as they were blandly

labeled by the government men who financed much of their development answered man's desire to simply step outside and take flight No runways no wings no pilot's license were required Soaring through the air with the wind in your face and landing anywhere there was room to stand could this be done Yes it could be and it was But the jet pack was perhaps the most overpromised technology of all time From the rocket belt to the jet belt to the flying platform and all the way to Yves Rossy's 21st century free flights using a jet powered wing this book profiles the inventors and pilots the hucksters and cheats the businessmen and soldiers who were involved with these machines And it finally tells a great American story of a technology whose promise may one day yet come to fruition

Chester, 2025-04-03 A brilliant reappraisal of Protestant Reformers' views on Paul In this incisive book Stephen Chester challenges misconceptions and provides new insights into how sixteenth century Protestant Reformers interpreted the writings of Paul Writing for those who are interpreting Pauline letters in and for today's world Chester demonstrates the value of a nuanced and accurate understanding of the Reformers' views on Paul Throughout the book Chester draws on key ideas from his monumental work *Reading Paul with the Reformers* which won Christianity Today's book of the year award in biblical studies In *Paul through the Eyes of the Reformers* Chester updates the argument and presents the ideas in a shorter and more accessible form designed for a broad readership To help readers better understand the Reformers' historical and theological context Chester surveys perspectives on Paul prior to the sixteenth century Against this background Chester illuminates the paradigm shifts in Pauline interpretation that unfolded during the Reformation paying special attention to the work of Martin Luther Philip Melancthon and John Calvin He also discusses the promise and challenge of reading Paul with the Reformers today highlighting the importance of engaging with the Reformers' work critically reaching different conclusions from them where necessary and taking inspiration from them when appropriate *Paul through the Eyes of the Reformers* is a remarkable resource for biblical scholars who care about Paul and his theology

Jews and Christians - Parting Ways in the First Two Centuries CE? Jens Schröter, Benjamin A. Edsall, Joseph Verheyden, 2021-08-23 The present volume is based on a conference held in October 2019 at the Faculty of Theology of Humboldt University Berlin as part of a common project of the Australian Catholic University the Katholieke Universiteit Leuven and the Humboldt University Berlin The aim is to discuss the relationships of Jews and Christians in the first two centuries CE against the background of recent debates which have called into question the image of parting ways for a description of the relationships of Judaism and Christianity in antiquity One objection raised against this metaphor is that it accentuates differences at the expense of commonalities Another critique is that this image looks from a later perspective at historical developments which can hardly be grasped with such a metaphor It is more likely that distinctions between Jews Christians Jewish Christians Christian Jews etc are more blurred than the image of parting ways allows In light of these considerations the contributions in this volume discuss the cogency of the parting of the ways model with a look at prominent early Christian writers and places and suggest more appropriate

metaphors to describe the relationships of Jews and Christians in the early period
