The US Navy in World War II Mark Henry, 2012-08-20 In 1941 the US Navy had 17 battleships of which eight would be knocked out on the first day of the war, four aircraft carriers and about 340 000 men including reservists. Pearl Harbor so weakened it that it was unable to prevent the Japanese capture of the Philippines and a vast sweep of Pacific islands. By 1945 it was the strongest navy the world had ever seen with nearly 100 carriers, 41 000 aircraft and 3.3 million men, the unrivalled master of air, sea and amphibious operations. It was poised to invade Japan's home islands after reducing her fleet to scrap and her Pacific empire to impotence and starvation. This extraordinary story is illustrated here with dramatic photos and nine meticulous colour plates showing a wide range of USN uniforms.

The British Fleet Air Arm in World War II Mark Barber, 2012-03-20 A concise history of the Royal Navy's air arm during World War II from their Arctic convoys to the battle of Malta and the last raids on Japan. Amazingly the Admiralty only had 406 operational pilots and eight carriers when war broke out, but a mere six years later there were over 3 000 operational pilots and 53 aircraft carriers patrolling the seas in every theatre of the war. This book charts the rapid evolution of the Fleet Air Arm during the war as air power took over at the cutting edge of naval warfare. Mark Barber's account is highly illustrated with photographs and specially commissioned full colour artwork and offers an overview of the British Fleet Air Arm from recruitment and training through to combat accounts. Discover some of the most dramatic actions of the war as Royal Navy aces battled against the Axis forces, scoring both the first and last kills of the war.

Women's Lives and Clothes in WW2 Lucy Adlington, 2019-10-30 An illustrated history of World War II era women's fashions featuring ladies from all nations involved in conflict. What would you wear to war? How would you dress for a winter mission in the open cockpit of a Russian bomber plane? At a fashion show in Occupied Paris? Singing in Harlem or on fire watch in Tokyo? *Women's Lives and Clothes in WW2* is a unique illustrated insight into the experiences of women worldwide during World War II and its aftermath. The history of ten tumultuous years is reflected in clothes, fashion accessories and uniforms. As housewives, fighters, fashion designers or spies, women dressed the part when they took up their wartime roles. Attractive to a general reader as well as a specialist, *Women's Lives and Clothes in WW2* focuses on the experiences of British women, then expands to encompass every continent affected by war. Woven through all cultures and countries are common threads of service, survival, resistance and emotion. Historian Lucy Adlington draws on interviews with wartime women as well as her own archives and costume collection. Well known names and famous exploits are featured alongside many never before told stories of quiet heroism. You
