World Religions In America Fourth Edition An Introduction:

World Religions in America, Fourth Edition Jacob Neusner, 2009-10-07 The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity while also reflecting new developments and ideas. Each chapter was updated to reflect important changes and events and current statistics and information. New features include a timeline of key events and people for each tradition; sidebars on major movements or controversies; personal stories from members of various faiths; a theme-based organization of subjects; more subheads; three new chapters exploring America's increasing religious diversity and suggestions for further study.

World Religions in America Jacob Neusner, 2003-01-01 In this the third edition of Jacob Neusner's basic accessible and proven guide to the world's religions as they are practiced in America, new chapters explore the Church of Scientology, Nature Religions, and the Baha'i faith. In addition, the chapter on Islam in America has been expanded. Each chapter includes study questions, essay topics, and suggestions for further reading.

Who Stole My Spear? Tim Samuels, 2016-05-05 Of the 200,000 years homo sapiens has been wandering this planet, this has to be the most absurd and challenging time to be a man. How can you hunt and gather in an open-plan office? Is monogamy fighting a losing battle against testis size? Why do men make up 95% of FTSE CEOs yet 95% of the prison population? Trapped in bodies barely changed since caveman days, males are now contending with corporate culture, lifelong commitment, rampant depression, and crazy expectations to be a success at work and home. Enter award-winning BBC broadcaster and journalist Tim Samuels with *Who Stole My Spear*, which stops at nothing to explore how men should actually be living these days. From relationships, religion, and the rise of ISIS to porn, fatherhood, and the oppression of office life, nothing is taboo. Is it less serious when a man has an affair? Why don't new parents want boys? *Who Stole My Spear* is an inspiring rallying call for men and good masculinity which cannot be ignored; that will leave you rethinking much about life's big questions. And for women who wonder what's on a man's mind, this is the book that offers the entertainingly explosive answer.

The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis. It is the first major outcome of that hypothesis, but there are other implications, and a variety of new problems emerge from time to time as the work proceeds. In the recent past, Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon. At the same time, Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications. Here, Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations. Neusner begins with the article written by Professor William Scott Green for the *Encyclopaedia Judaica* second edition, as Green places the documentary hypothesis into the context of Neusner's entire oeuvre. Neuser then reproduces what he regards as the single

most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmud's programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis

Comparing Faithfully Michelle Voss, 2016-09-01 Every generation of theologians must respond to its context by rearticulating the central tenets of the faith Interreligious comparison has been integral to this process from the start of the Christian tradition and is especially salient today The emerging field of comparative theology in which close study of another religious tradition yields new questions and categories for theological reflection in the scholar's home tradition embodies the ecumenical spirit of this moment This discipline has the potential to enrich systematic theology and by extension theological education at its foundations The essays in **Comparing Faithfully** demonstrate that engagement with religious diversity need not be an afterthought in the study of Christian systematic theology rather it can be a way into systematic theological thinking Each section invites students to test theological categories to consider Christian doctrine in relation to specific comparisons and to take up comparative study in their own contexts This resource for pastors and theology students reconsiders five central doctrines of the Christian faith in light of focused interreligious investigations The dialogical format of the book builds conversation about the doctrine of God theodicy humanity Christology and soteriology Its comparative essays span examples from Hindu Buddhist Jewish Muslim Jain and Confucian traditions as well as indigenous Aztec theology and contemporary spiritual but not religious thought to offer exciting new perspectives on Christian doctrine
