Islam Within Judaism and Christianity, a Voice from the Past Ahmed Shendy Yousef, 2014-01-27 Islam within Judaism and Christianity is a truth that is clear and bright in the midst of a dark world that has lost its way through understanding that are guided by Satan. This book will remove the veil off of God's concealed messages and it will impact the twisted long life of preaching that was used for indecent political power and financial gains causing billions of innocent lives lost throughout history. Through Islam within Judaism and Christianity, I would like to introduce you to the messages of God from the holy Bible and The Quran so that you can discover that we are all followers of Moses, Jesus, and Mohammed. We are one nation that belongs to the same one God so we may consider changing our attention from striking one another to striking our one enemy Satan. This is a book that assists you in better understanding one another in pursuit of making our world a better place and doing it together. Ahmed S. Yousef, PT, PhD.

Behind the Myths John Pickard, 2013-02-26 There has never been a more important time for a study of the social, economic, and political origins of Judaism, Christianity, and Islam, the three important world religions that share a common root. This book adopts a Marxist, that is, a materialist view of human development so it takes as its starting point the idea that gods, angels, miracles, and other supernatural phenomena do not exist in the real world and therefore cannot be taken as explanations for the origin and rise of these faiths. It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces that were at work to outline the real foundations of these three doctrines. In doing so, it challenges the historicity of key figures like Moses, Jesus, and Mohammed. This is a unique book that draws on the

research knowledge and expertise of hundreds of historians archaeologists and scholars to create a new synthesis that is both coherent and completely based on a materialist world outlook It is a book written by an unbeliever for other unbelievers as a contribution to a discussion among atheists and secularists as to the real origins of the so called Abramic faiths It will be a revelatory read even to those already firmly of an atheist or secularist persuasion underpinning their nonreligious views and it will provide a valuable resource for all those who might be coming to question the hold that organized religion has had on human society

DOSDOS,2021-08-30 The course explores the main tenets and practices of major world religions Judaism Christianity Islam Hinduism Theravada Buddhism Mahayana Buddhism Confucianism Taoism and Shintoism It aims to help learners understand the historical contexts of nine religions appreciate their uniqueness and similarities and promote mutual understanding among believers of different faiths They are expected to demonstrate understanding and appreciation of one s faith and that of others *Understanding World Religions* Irving Hexham,2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other traditions is limited at best On the one hand religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices On the other hand the popular idea that all religions lead to the

same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world's many religions. Understanding World Religions presents religion as a complex and intriguing matrix of history, philosophy, culture, beliefs, and practices. Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion and he guides readers in responsible ways of carrying this out. Of particular importance is Hexham's decision to explore African religions which have frequently been absent from major religion texts. He surveys these in addition to varieties of Hinduism, Buddhism, Judaism, Christianity, and Islam. *The Illustrated Guide to World Religions* Michael David Coogan, 1998. Graced with rich illustrations and written by a team of eminent scholars, this book presents a wealth of information on faiths around the world. Each chapter in this volume examines one of seven major world religions from Judaism to Christianity and from Islam to Buddhism. Our Religions Arvind Sharma, 1993. Published for the 1993 Parliament of the World's Religions, this is the first introduction to the topic in which renowned scholars present their own traditions: Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, and Islam from both contemporary and historical perspectives.
