

WORLDWEAVERS

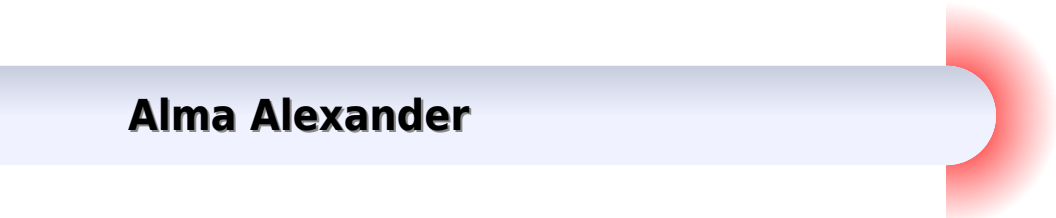

A woman with long, flowing blonde hair is the central figure. She is holding a small, glowing, translucent cube in her hands. The cube has some faint markings on its faces. The background is a swirling, ethereal mix of orange, red, and purple hues, suggesting a magical or digital environment. The overall tone is mystical and futuristic.

Worldweavers Cybermage:

Worldweavers: Cybermage Alma Alexander, 2009-10-06 This year at the Wandless Academy feels all wrong to Thea Her best friend Magpie will barely give her the time of day Ben's been moody and dismissive Since when did Tess have a boyfriend And why is Humphrey May agent for the Federal Bureau of Magic lurking around the Academy Thea is out of sorts in all ways magical and otherwise and that's before she discovers she's an elemental mage a category of magician so rare that only four others are known to exist Now the Federal Bureau of Magic needs Thea's help to unlock the mysterious white cube the same cube found over the summer in the professor's house the same cube the dangerous Alphiri are still after To stay ahead of the Alphiri and the wiles of the FBM Thea needs her friends all of them From a world woven with magic and suspense comes Alma Alexander's Cybermage the final installment of the richly invented Worldweavers trilogy

Worldweavers: Spellspam Alma Alexander, 2009-10-06 What do you get when ordinary e-mail spam becomes infused with magic Spellspam and it's not supposed to exist As far as Thea and her friends know computers are meant to be inert vehicles for storing magic spells not magical processors themselves But all that seems to have changed as students at Wandless Academy find themselves the victim of practical jokes with magical consequences simply by opening an e-mail Now the spellspams are getting worse and it's possible there's someone behind them who is not just bent on stirring up trouble but has a much scarier and more wide-reaching agenda Until now Thea has been the only person she's ever met who can reach through the computer using magic But someone else is out there and even her friends can't help her track down the source of the spellspam before it gets much much worse This sequel to Worldweavers Gift of the Unmage ups the ante on a fantasy world that is rich and nuanced like our own but with a core of wildly original magic **The Publishers Weekly**, 2008

Cybermage Alma Alexander, 2014 The great Nicholas Tessla a quad elemental mage has somehow survived death itself and both the Alphiri and the Federal Bureau of Magic are searching for him But can Thea bring her friends together one more time to save Nicholas Tessla from being made a slave to the scheming Alphiri **Scheherazade's Facade** Michael M.
