Worship Come To Its Senses:

Liturgical Theology Simon Chan, 2006-07-12 Evangelicals Simon Chan argues are confused about the meaning and purpose of the church in part because they have an inadequate understanding of Christian worship. He calls evangelicals to develop a theology of worship that is grounded in a theology of the church. He guides the reader through worship practices and their significance for theology, spirituality, and the renewal of evangelicalism in the postmodern era. **To Be a Disciple** Bruce L. Taylor, 2024-10-29 To Be a Disciple is a fitting conclusion to Bruce Taylor's two published journeys through the Common Lectionary. Revised Wise preaching encourages and promotes faithful discipleship. That is particularly true of this set of sermons for Sundays and feast days based on the readings for the second half of the lectionary cycle that features the Gospel of Luke. This collection highlights the unique emphases of Luke while interweaving the stories and theological witness of the lectionary's companion Old Testament and epistle readings. Clergy and laity alike will find this exploration of the intersection between ancient texts and contemporary challenges to be at once rich in theological insight, sacramentally oriented, and ecumenically sensitive, celebrating always Christ's winsome invitation and bold summons to Christian servanthood, and the fitting, powerful, and dependable resources of the Holy Spirit. Jesus' call for the church's unity and God's pursuit of community are central convictions in Taylor's preaching and shape his understanding of the preacher's task and the disciple's mission. Like his other volumes, this collection includes representative story sermons based on the lectionary. It will be a valuable addition to libraries of ministers, seminarians, and all who aspire to faithful discipleship. **Liturgy and the Moral Self** Bruce T. Morrill, 1998 Liturgical theologian Don Saliers published an essay in 1979 challenging both the Church's and the theological academy's understanding of the relationship of liturgy and ethics. Liturgy and the Moral Self features Saliers' provocative essay, an introductory chapter, and sections on liturgical theology, the formation of character, and words and music, each with a single-page introduction to the chapters that follow. **The Empty Church** Shannon Craigo-Snell, 2016-08 Why go to church? What happens in church, and why does it matter? The Empty Church presents fresh answers to these questions by creating an interdisciplinary conversation among performance studies, theater directors, and Christian theologians. The result is a compelling depiction of church as a performative relationship with Jesus Christ mediated by Scripture in hope of the Holy Spirit. Teaching as a Sacramental Act Mary Elizabeth Moore, 2004-11-01 Moore asserts that Christian vocation and the teaching vocation in particular can be best understood as sacramental, mediating the grace of God through ordinary creation for the sanctification of human life and the well-being of all creation. She develops her argument through three important factors: a historical-theological analysis of the Christian sacraments and sacramentality, a phenomenological study of teaching events, and a description of six sacramental movements and corresponding teaching practices informed by Jewish, Christian traditions, and Eucharistic practices. The nine detailed chapters include Searching for the Sacred, Sacred Teaching, Education as Sacrament, Expecting the Unexpected, Remembering the Dismembered, Seeking

Reversals Giving Thanks Nourishing Life Reconstructing Community and Repairing the World and Mapping the Future of Sacramental Teaching Teaching as a Sacramental Act is ideal for students pastors Christian educators spiritual directors and pastoral caregivers who want to rethink and reshape the teaching ministry of the church
