Yang Qiang Best Writings Chinese:

China—Art—Modernity David Clarke, 2019-01-22 China Art Modernity provides a critical introduction to modern and contemporary Chinese art as a whole. It illuminates what is distinctive and significant about the rich range of art created during the tumultuous period of Chinese history from the end of Imperial rule to the present day. The story of Chinese art in the twentieth and twenty-first centuries is shown to be deeply intertwined with that of the country's broader socio-political development, with art serving both as a tool for the creation of a new national culture and as a means for critiquing the forms that culture has taken. The book's approach is inclusive. In addition to treating art within the Chinese Mainland itself during the Republican and Communist eras, for instance, it also looks at the art of colonial Hong Kong, Taiwan, and the Chinese diaspora. Similarly, it gives equal prominence to artists employing tools and idioms of indigenous Chinese origin and those who engage with international styles and contemporary media. In this way, it writes China into the global story of modern art as a whole at a moment in intellectual history when Western-centred stories of modern and contemporary culture are finally being recognized as parochial and inadequate. Assuming no previous background knowledge of Chinese history and culture, this concise yet comprehensive and richly illustrated book will appeal to those who already have an established interest in modern Chinese art and those for whom this is a novel topic. It will be of particular value to students of Chinese art or modern art in general, but it is also for those in the wider reading public with a curiosity about modern China. At a time when that country has become a major actor on the world stage in all sorts of ways, accessible sources of information concerning its modern visual culture are nevertheless surprisingly scarce. As a consequence, a fully nuanced picture of China's place in the modern world remains elusive. China Art Modernity is a timely remedy for that situation. Here is a book that offers a comprehensive account of the dizzying transformations of Chinese art and society in the twentieth and twenty-first centuries. Breaking free of conventional dichotomies between traditional and modern Chinese and Western that have hobbled earlier studies, Clarke's highly original book is exactly what I would assign my own students. Anyone eager to understand developments in China within the global history of modern art should read this book. Robert E. Harrist Jr, Columbia University. Clarke's book presents a critically astute mapping of the arts of modern and contemporary China. It highlights the significance of urban and industrial contexts, migration, diasporas, and the margins of the mainland while imaginatively seeking to inscribe its subject into the broader story of modern art. A timely and reliable intervention and indispensable for the student and non-specialist reader. Shane McCausland, SOAS University of London.

Contemporary Chinese Fiction

Writers Laifong Leung, 2016-07-28 In the years since the death of Mao Zedong, interest in Chinese writers and Chinese literature has risen significantly in the West. In 2000, Gao Xingjian became the first Chinese writer to receive the Nobel Prize for Literature, followed by Mo Yan in 2012, and writers such as Ha Jin and Da Sijie have also become well known in the West. Despite this progress, the vast majority of Chinese writers remain largely unknown outside of China. This book introduces the

lives and works of eighty contemporary Chinese writers and focuses on writers from the Rightist generation Bai Hua Gao Xiaosheng Liu Shaotang writers of the Red Guard generation Li Rui Wang Anyi Post Cultural Revolution Writers as well as others Unlike earlier works it provides detailed often first hand biographical information on this wide range of writers including their career trajectories major themes and artistic characteristics In addition to this each entry includes a critical presentation and evaluation of the writer's major works a selected bibliography of publications that includes works in Chinese works translated into English and critical articles and books available in English Offering a valuable contribution to the field of contemporary Chinese literature by making detailed information about Chinese writers more accessible this book will be of interest to students and scholars Chinese Literature Contemporary Literature and Chinese Studies Dao Companion to China's fa Tradition Yuri Pines, 2024-08-14 This volume offers the most comprehensive introduction to the ideas of ancient Chinese thinkers who looked to perfect a political system thru the emphasis on impersonal standards laws and norms fa This book covers the works of these thinkers misleadingly dubbed Legalists as well as the controversies they aroused the legacy they left behind and their potential relevance The fa thinkers contributed decisively to the formation of China's first unified empire in 221 BCE but this contribution was not widely acknowledged Their derision of the moralizing discourse of their rivals dismissal of independent intellectuals as self-serving hypocrites and advocacy of a powerful centralized state did not endear them to most Chinese literati To a certain extent these reservations remain visible in modern research which explains why a comprehensive study of the fa traditions is still lacking This volume fills that gap The first of four parts introduces major texts and thinkers of the fa tradition from the Warring States 453-221 BCE to the Former Han 206 BCE-9 CE periods The second part analyzes the major ideas of the fa texts including concepts of fa and their implementation in political and legal spheres views of human nature state society relations rulership morality in politics the evolutionary view of history and philosophy of language The third part focuses on the changing attitudes toward fa ideas in imperial and modern China The fourth part explores the ideas of fa advocates from a comparative perspective both against intellectual currents in early China and Western traditions such as Machiavellianism and totalitarianism This book serves as a reference for students and researchers in ancient Chinese history and thought and comparatists in the field of political philosophy

Comprehensive Land Consolidation in China Yan Jinming, Xia Fangzhou, 2023-02-20 This book systematically investigates the strategy and practice of comprehensive land consolidation in China by assessing the objective of the program and its implementation In the first part of the book the authors first review the development and historical policy of land consolidation and land rehabilitation with a focus on initiatives inaugurated in China since the 1980s The following three chapters analyze different modes approaches and measures of land consolidation The second part focuses on planning patterns designed and implemented in different territorial and geographical regions in China including urban and rural areas ecological function zones mining areas and coastal regions and islands It also looks into the institutional basis

supportive measures and mechanisms for the coordinated regional implementation of land consolidation at the macro medium and micro levels Based on their findings the authors advance ten actionable policy suggestions on the promotion of China's land consolidation The title will appeal to scholars students and policy makers interested in economic management land planning and natural resources management **Journal of Chinese Martial Studies 01.2009 , China's Intelligentsia in the Late 19th to Early 20th Centuries** Qing Zhang,2023-09-18 Intelligentsia has been a widely used term in the studies of history and society to describe intellectual academic educational and publishing circles Zhang Qing analyses the formation of Chinese intelligentsia in the context of modern China more specifically the late Qing dynasty and Republic of China and addresses topics such as the expansion of newspaper distributions the relationship between newspapers and academia the impact of newspapers on society the change of readers expressions and scholars social mobility The emergence of the intelligentsia and other circles in the early twentieth century is an epitome of the drastic changes in Chinese society at the time indicative both of a new state society relation and of Chinese scholars efforts to find new roles and identities for themselves after bidding farewell to imperial examinations The author shows how both the emergence of new type publications and new roles in academia had a profound influence on modern China The formation of the intelligentsia at the turn of the twentieth century was not only a key to grasping modern Chinese history but also a mirror for examining the future society **Yang Qiang** Qiang Yang,2015-12-14 This book is a collection of award winning writings by author and playwright Qiang Yang Yang being the surname including movie scripts essays works of fiction and poetry In Yang's words Writing requires hard work inspiration fierce emotions imagination and accurate understanding of those details that most people would ignore It remains my hope that my writings can encourage readers to pursue excellence a pure heart and loving care for one another This is such universal values that render Yang's writings uniquely Chinese The Chinese Filmography Donald J.
