Yearnings Of The Soul Psychological Thought In Modern Kabbalah:

Yearnings of the Soul Jonathan Garb, 2015-11-23 Jonathan Garb's *Yearnings of the Soul Psychological Thought in Modern Kabbalah* is an original path breaking study of the renderings of the heart and soul in the works of major minor and obscure but important figures of modern Kabbalah Garb has unearthed a treasure trove of neglected figures and texts bringing into dialogue their views on heart and soul with those found in other religious and secular authorities There is no other study that comes close to the territory Garb covers or for that matter provides the historical and cultural context necessary for understanding the rise of such psychological renderings in the works of the modern Kabbalists His analysis shows that any attempt to essentialize the multiple and varied understandings of heart and soul in Jewish mysticism is mistaken Analyzing text and figure in context on a case by case basis Garb is able to provide comparison without being reductive This is an invaluable contribution to the discipline that cements Garb as the leading scholar of modern Kabbalah World Soul James Wilberding, 2021-05-18 Many philosophers and scientists over the course of history have held that the world is alive It has a soul which governs it and binds it together This suggestion once so wide spread may strike many of us today as strange and perhaps antiquated This volume assembles scholars of philosophy and history to tell a story about the evolution of the concept of the world soul from antiquity to the twentieth century that will break down the historical barriers to understanding the world soul both by exploring the concept in its various historical incarnations and by calling attention to some of the ways in which the concept still resonates in contemporary theories

Religious Responses to Modernity

Yohanan Friedmann, Christoph Marksches, 2021-02-22 The dawn of the modern age posed challenges to all of the world's religions and since then religions have countered with challenges to modernity In *Religious Responses to Modernity* seven leading scholars from Germany and Israel explore specific instances of the face off between religious thought and modernity in Christianity Judaism and Islam As co editor Christoph Marksches remarks in his Foreword it may seem almost trivial to say that different religions and the various currents within them have reacted in very different ways to the multiple modernities described by S N Eisenstadt However things become more interesting when the comparative perspective leads us to discover surprising similarities Disparate encounters are connected by their transnational or national perspectives with the one side criticizing in the interest of rationality as a model of authorization and the other presenting revelation as a critique of a depraved form of rationality The thoughtful essays presented herein by Simon Gerber Johannes Zachhuber Jonathan Garb Rivka Feldhay Paul Mendes Flohr Israel Gershoni and Christoph Schmidt provide a counterweight to the popularity of some all too simplified models of modernization Sacred Emotions Leore Sachs-Shmueli, 2025-05-13 Scholars have long argued that early Hasidic teachings introduced a psychological dimension to kabbalistic traditions and revitalized modern Judaism Focused on the inner soul Hasidism encouraged worshippers to experience joy and delight through their enthusiastic practices In this new work grounded in the historical study of emotions Leore Sachs Shmueli shows that Hasidic

teachers and preachers also nurtured and even promoted the negative emotions of yirah an emotional cluster that encompasses fear apprehension anxiety and awe Exploring their roots in classical texts of Kabbalah including the Zohar and works of Safed Kabbalah Sachs Shmueli demonstrates how early Hasidic masters like the Baal Shem Tov the circle of the Maggid of Mezhrich Shneur Zalman of Liadi and R Nachman of Bratslav deliberately cultivated a tense emotional culture through the mental guidelines in their texts Through an emphasis on God fearing and the fear of sin they motivated followers of the new movement to attain the mystical ideal while simultaneously fostering a social community devoted to divine worship according to Jewish law in the face of persecution and secularization For readers interested in Jewish mysticism and Hasidism Sacred Emotions argues that negative emotions serve as crucial catalysts for intensifying religious devotion and shaped the rise and cohesion of the Hasidic movement

Moss,Kenneth Moss,Benjamin Nathans,Taro Tsurumi,2022-01-04 From Europe s East to the Middle East seeks to both renew and recast our understanding of the tumultuous and entangled histories of East European Jewry the transnational movement that Zionism became and the settler society from which the country that is contemporary Israel emerged

Does God Doubt? R. Gershon Henoch Leiner's Thought in Its Contexts Jonathan Garb,2024-05-30 Does God Doubt shows that Rabbi Gershon Henoch Leiner of Radzin considered God to be revealed as doubt Thus according to this profound and important nineteenth century Hasidic leader doubt is an essential aspect of the human condition and especially of religious life His position is shown to be remarkably bold and unique compared to kabbalistic writing and especially to the Hasidic worlds to which he belonged At the same time the roots of his thought are located in earlier discussions of doubt as one of the highest parts of the divine world Doubt about in and of God is part of the Hasidic contribution to modernity

Sh'ma ,1984 **East West Journal** ,1985 **Anatomy of the Soul** Rabbi Yitzchak Ginsburgh,2008 One of the most important contributions of Chasidut to Judaism has been in the realm of psychology Chasidic teachings interpret and apply the myriad Kabbalistic metaphors to the realm of the human psyche and soul Yet for all the expansive analyses and discussion of the human psyche produced by the Chasidic masters specifically the Rebbes of Chabad

Lubavitch there has been a pronounced lack of an ordered and modern review of the psyche In the early years of the 20th century Dr Fischel Schneersohn a colleague of Sigmund Freud and a relative of the then Lubavitcher Rebbe Rabbi Shalom Dov Ber Schneersohn took it upon himself to translate the Chasidic nomenclature and discourse on the psyche into scientific language that would be useful to the modern psychologist Unfortunately for whatever the reasons may be his yearning to share the Torah's wisdom on the psyche was not to be fulfilled Since then the need for introducing these teachings to the public in general and to the professional field of psychologists has only grown This book is an important contribution to the creation of psychology and therapeutic techniques based purely on the Divine wisdom of the Torah and specifically its inner dimensions of Kabbalah and Chassidut By offering a structured review and explanation of the psyche and its place in the larger and more complex super structure of the soul this volume provides a foundational guide for mental and spiritual health practitioners as well as for those wishing to deepen their understanding of Kabbalah and Chassidut

The Kabbalah of the Soul Leonora Leet, 2003-03-25 Reveals the transformative spiritual work by which the soul can reach ever higher dimensions of consciousness Relates the soul levels of the Zohar to the various paths the soul may travel toward ultimate realization Introduces a new meditative technique called the Transformative Moment Throughout the history of the Jewish esoteric tradition humankind has been understood to play a pivotal role in the perfection of the cosmos uniting the finite with the infinite in the perfection of divine personality Working from an original synthesis of the major kabbalistic traditions of cosmology derived from the Bible the Zohar and the school of Isaac Luria Leonora Leet has erected a new framework for understanding the mechanism of the transformative spiritual work that enables the human soul to reach increasingly higher dimensions of consciousness This analysis extends the frontiers of Leet's prior works on the Kabbalah to provide a new illumination of human possibilities Leet first considers the false temptations of worldly power and pleasure that lead to the fall of the soul and then the means of its redemption She develops a powerful meditative technique called the Transformative Moment whose workings are exemplified by Jacob and Joseph and that allow the individual to progress through all the higher levels of the soul even possibly to attain the miraculous powers of the legendary spiritual masters She further correlates the hierarchy of soul levels with Ezekiel's Throne vision to show the various paths the soul may travel toward self realization sex love power knowledge holiness and unification The first four paths relate to the four faced living creatures Chayot of Ezekiel's Throne vision the bull ox lion eagle and man The final two paths correlate to the prophet and the envisioned man on the throne he recognizes to be his divine higher self the knowledge that defines the secret doctrine of the whole of the Jewish mystical tradition culminating in the Kabbalah

Shamanic Trance in Modern Kabbalah Jonathan Garb, 2011-04-15 Bringing to light a hidden chapter in the history of modern Judaism Shamanic Trance in Modern Kabbalah explores the shamanic dimensions of Jewish mysticism Jonathan Garb integrates methods and models from the social sciences comparative religion and Jewish studies to offer a fresh view of the early modern kabbalists and their social and psychological contexts Through close readings of numerous texts some translated here for the first time Garb draws a more complete picture of the kabbalists than previous depictions revealing them to be as concerned with deeper states of consciousness as they were with study and ritual Garb discovers that they developed physical and mental methods to induce trance states visions of heavenly mountains and transformations into animals or bodies of light To gain a deeper understanding of the kabbalists shamanic practices Garb compares their experiences with those of mystics from other traditions as well as with those recorded by psychologists such as Milton Erickson and Carl Jung Finally Garb examines the kabbalists relations with the wider Jewish community uncovering the role of kabbalistic shamanism in the renewal of Jewish tradition as it contended with modernity

Centers of Power Joseph H. Berke, Stanley R. Schneider, 2008-01-22 Kabbalah and psychoanalysis are conceptions about the nature of reality The former is over two thousand years old The latter has been formalized less than a hundred years ago Nonetheless they are parallel journeys of discovery that have forever altered not only what we see but the very nature of seeing itself The domain of Kabbalah is the spiritual and material macrocosm In contrast the concern of psychoanalysis is the microcosm the innermost recesses of the human mind However both are convergent and complementary theories Kabbalah asserts as above so below meaning the Godhead the source of everything is reflected in the smallest details of existence Similarly psychoanalysis traces the evolution from inner objects to family feuds and social fields More than theories however Kabbalah and psychoanalysis test the limits of direct experience They are contemplative meditative and introspective methods for

restoring shattered worlds and fragmented lives These are material as well as spiritual entities which have been separated from their source on one hand the Godhead and on the other personal praxis The purpose of this study is to explore how Kabbalah and psychoanalysis converge and diverge complement and conflict with each other in order to amplify their impact and enable mankind to gain a greater understanding of reality Kabbalistic Healing Jason Shulman,2004-08-24 Kabbalistic Healing shows how the Kabbalah the Jewish mystical path can kindle the central fire in our being so that we can unite with the divine As we deepen our understanding of ourselves and enhance our ability to hold new states of consciousness we become able to live in God as a fish lives in water **Psychology and Kabbalah** Z'ev ben Shimon Halevi,1992-01-01 Using Jungian and Freudian psychology the author illuminates the many psychological processes that relate to the structure and dynamics of the Kabbalistic Tree of Life Includes issue encountered by the developing individual as well as those of madness and pure mystical experience Formerly titled KABBALAH AND PSYCHOLOGY **Frames of Mind** Rabbi Yitzchak Ginsburgh,2014-11-21 THE MOST DIFFICULT PAGE IS PAGE NUMBER ONE We all know the feeling A book looks interesting inspiring bene cial even then something happens and we put it down That something is a distraction THE ANTIDOTE IS MOTIVATION While our lives appear to be moving at an ever increasing pace we risk an experience known as the vertigo of modernism With so much happening all around amidst the dizzying pace of progress and change how do we keep our focus and maintain our motivation To answer that question FRAMES OF MIND examines the recent psychological theory of growth and xed mind sets and shows how it corresponds to the ancient teachings of Kabbalah As we struggle to gain our foothold in the world of the present we need to rst frame our modern day challenges and obstacles in light of the experiences of the past But even as we hold onto the past we also need to set our sights on the future Like a sprinter or archer who rst withdraws in order to spring forward we withdraw to the ancient source of motivation in order to propel ourselves farther forward In synthesizing ancient and modern ideas FRAMES OF MIND demonstrates how we can reach our goals faster and arrive closer to the target than we ever thought possible Body, Mind, and Soul Rabbi Yitzchak Ginsburgh,2003 The body mind connection is a well documented fact in today s medical paradigm Yet long before recent scientific research uncovered this natural linkage it was described in Kabbalistic healing manuals with one important difference there it was understood to be a link between body mind and soul Whether you rely on today s holistic healing or on more traditional medicine you ll benefit from the Kabbalistic prescriptions for healing and understanding of human physiology laid out in this valuable book *Body Mind Soul Kabbalah and Medicine* includes A reference guide to the body soul interaction A detailed description of Kabbalah s understanding of disease and its root causes Contemporary healing methods seen from a mystical point of view A discussion of the healing power of prayer and teshuvah return to G d *The Soul of the Matter* Gershon Winkler,1982 A Jewish Kabbalistic perspective on the human soul before during and after life
