The Nun in the Synagogue Emma O'Donnell Polyakov, 2020-09-11 The Nun in the Synagogue documents the religious and cultural phenomenon of Judeocentric Catholicism that arose in the wake of the Holocaust fueled by survivors who converted to Catholicism and immigrated to Israel as well as by Catholics determined to address the anti Judaism inherent in the Church Through an ethnographic study of selected nuns and monks Emma O'Donnell Polyakov explores how this Judeocentric Catholic phenomenon began and continues to take shape in Israel This book is a case study in Catholic perceptions of Jews Judaism and the state of Israel during a time of rapidly changing theological and cultural contexts In it Polyakov listens to and analyzes the stories of individuals living on the border between Christian and Jewish identity including Jewish converts to Catholicism who continue to harbor a strong sense of Jewish identity and philosemitic Catholics who attend synagogue services every Shabbat Polyakov traces the societal theological and personal influences that have given rise to this phenomenon and presents a balanced analysis that addresses the hermeneutical problems of interpreting Jews through Christian frameworks Ultimately she argues that despite its problems this movement signals a pluralistic evolution of Catholic understandings of Judaism and may prove to be a harbinger of future directions in Jewish Christian relations Highly original and methodologically sophisticated The Nun in the Synagogue is a captivating exploration of biographical narratives and reflections on faith conversion Holocaust trauma Zionism and religious identity that lays the groundwork for future research in the field

Hebrew in the Church Pinchas E. Lapide, 1984-12 This is a print on demand book and is therefore non returnable This book represents the only comprehensive attempt made thus far to survey all the efforts among Christians and Jews from New Testament times onward to translate the New Testament and the Christian liturgy into Hebrew Whether the translators were intended to convert the Jews or to equip them with information necessary for the discussion of religion with Christians they served to promote conversation and overcome divisions The author's intimate knowledge of not only Biblical but also Mishnaic and Modern Hebrew has enabled him to appreciate the various efforts at translation with acute sensitivity Thus the book is virtually a catalog of successes and failures in mutual understanding More than the mere data of history Hebrew in the Church is a penetrating contribution to the entire history of Jewish Christian relations It sheds fresh light on history itself and it suggests important implications for anyone concerned with the exegesis of the New Testament This unprecedented volume should receive the serious attention not only of specialists but of all who work for a new understanding between Christians and Jews

Arabic Instruction in Israel Allon Uhlmann, 2017-07-10 In Arabic Instruction in Israel Allon J Uhlmann confronts two conundrums namely the persistently poor level of Arabic proficiency among Jewish Arabic students and teachers and the traumatic alienation of Arab students by university Arabic grammar instruction These are not aberrations but rather direct albeit unintended systemic consequences of the field of Arabic instruction where Jewish students encounter Arabic as a dead hostile language Jewish hegemony

devalues native Arabic proficiency and Arab students are locked into a fractured educational trajectory encountering two alienating and mutually unintelligible grammars of Arabic at school and at university By tracing systemic variabilities in cognition and learning Uhlmann exposes hitherto misrecognised dynamics that hinder Arabic instruction in Israel thereby offering new avenues for possible change

Judaica Sound Recordings in the Harvard College Library: Subject index Harvard College Library. Judaica Division, Violet Gilboa, 1996 *Judaica Sound Recordings in the Harvard College Library: Author* Harvard College Library. Judaica Division, Violet Gilboa, 1996 *The Birth of the Synoptic Gospels* Jean Carmignac, 1987 the Dead Sea Scrolls inspired this book They accustomed me to the Hebrew in use at the time of Christ and quite easily I came to recognize in the Greek of the Gospel of St Mark as though in transparency this same Hebraic language which was simply carbon copied in Greek But this intuition could be false and misleading it was therefore necessary to verify it scientifically from back cover

Bedouin Traditional Medicine in the Syrian Steppe Francesco Sincech, Al-Khatib, 2002 This publication describes traditional knowledge related to human and veterinary medicinal uses of plants by Bedouins in the Syrian desert steppe The information has been compiled from data collected directly from Bedouin pastoralists and from interviews with the traditional doctor Al Khatib The book aims to establish a bridge between local habits beliefs and know how and a scientific approach to the management and use of natural resources of the Syrian steppe A total of 16 plants and one therapeutic animal are included each with a short description Journal of Arabic linguistics, 1987 JSAI, 2011 Lessons 1-15 Yohanan Elihai, 2016 **The Linguistic Reporter**, 1975 **A Miscellany of Middle Eastern Articles** Thomas M.
