Vidal Sassoon Cutting Guide:

The Rough Guide to Los Angeles & Southern California Jeff Dickey, 2013-10-24 This definitive guidebook to Los Angeles and Southern California features hundreds of reviews of the city's restaurants, hotels, nightlife, shops and cinemas. Along with a thorough look at LA's top tourist areas from Hollywood and Beverly Hills to Santa Monica and Disneyland, the guide explores more obscure but no less deserving sights from Downtown's arts district to Santa Catalina Island. Additionally, the book covers the broader Southern California region including San Diego, Palm Springs and Santa Barbara. A full range of practical information for the visitor includes city transport and tours, costs and currency, while an in-depth contexts section details the region's colourful background from its landmark architecture to the rise of the Hollywood film industry. Finally, individual sections highlight the region's top sights as well as its beautiful beaches, and there are plenty of maps to help you plan your trip to this free-spirited American metropolis. Originally published in print in 2011, now available in ePub format.

Encyclopedia of Hair Victoria Sherrow, 2023-03-30 This popular volume on the culture of hair through human history and around the globe has been updated and revised to include even more entries and current information. How we style our hair has the ability to shape the way others perceive us. For example, in 2017 the singer Macklemore denounced his hipster undercut hairstyle, a style that is associated with Hitler Youth and alt-right men, and in 2015 actress Rose McGowan shaved her head in order to take a stance against the traditional Hollywood sex symbol stereotype. This volume examines how hair or lack thereof can be an important symbol of gender, class and culture around the world and through history. Hairstyles have come to represent cultural heritage and memory and even political leanings, social beliefs and identity. This second edition builds upon the original volume, updating all entries that have evolved over the last decade, such as by discussing hipster culture in the entries on beards and mustaches and recent medical breakthroughs in hair loss. New entries have been added that look at specific world regions, hair coverings, political symbolism behind certain styles and other topics.
