Guide on Simulation and Gaming for Environmental Education John L. Taylor,1983 **Standards for Our Schools** Marc S. Tucker,Judy B. Coddling,1998-01-23 This timely tough minded book shows how American public schools can be saved by instituting high standards for academic achievement Standards for Our Schools explains not just what the standards movement is about and why it is important but also what it will take to bring every student up to high standards no matter where that student starts The authors show how a single minded focus on achievement will change everything from the kinds of curriculum materials we use and the design of elementary and middle schools to the abandonment of the comprehensive high school and the institution of a diploma based on meeting standards rather than on attendance At the heart of this revolution are the performance standards themselves which provide clear expectations for student achievement by showing examples of standard setting student work Tucker and Coddling focus on empowering both students and adults by giving students the gift of high expectations and by giving school professionals the information skills authority and resources needed to do the job They advocate building a standards based instructional system creating a results oriented culture devoted to continuous improvement and making the institution and the people in it

accountable for reaching the goals set by the standards This book lays out a step by step plan that will get struggling students to high standards as well as improve the performance of high achievers An extremely practical book it gives everyone involved in the education of our students the tools they need to do the job Standards for Our Schools will be the bible of standards based education and the foundation on which educators parents and policymakers can build the educational system of the future **Trade-marks Journal** ,2000 **The EBay Price Guide** Julia L.
