Video In Qualitative Research Introducing Qualitative Methods Series:

Video in Qualitative Research Christian Heath, Jon Hindmarsh, Paul Luff, 2010-03-12 Video provides unprecedented opportunities for social science research enabling fine grained analysis of social organisation culture and communication Video in Qualitative Research provides practical guidance for students and academics on how to use video in qualitative research how to address the problems and issues that arise in undertaking video based field studies and how to subject video recordings to detailed scrutiny and analysis Heath Hindmarsh and Luff consider the ethical and practical issues that arise in recording and gathering data as well as how video enables new and distinctive ways of presenting insights observations and findings to both academic and practitioner audiences The book is illustrated throughout with a wide range of case material drawn from the authors own research projects and these cases serve to situate the practical and methodological guidance offered by the book into real research scenarios Video in Qualitative Research is an invaluable guide for students and researchers across the social sciences thinking of using video as part of their research Christian Heath is Professor of Work and Organisation Kings College London Jon Hindmarsh is Reader in Work Practice and Technology Kings College London Paul Luff is Professor in Organisations and Technology Kings College London

Legal and Ethical Issues of Live Streaming Shing-Ling S. Chen, Zhuojun Joyce Chen, Nicole Allaire, 2020-10-14 Legal and Ethical Issues of Live Streaming explores the potential legal and ethical issues of using live streaming technology citing that although live streaming has a broadcasting capability it is not regulated by the Federal Communications Commission unlike other broadcasting media such as radio or television Without this regulation live streaming is opened up for broad use and misuse including broadcasts of horrifying incidents such as the mass shootings at mosques in Christchurch New Zealand in 2019 sparking outrage and fear about the technology Contributors provide a pathway to move forward with ethical and legal use of live streaming by analyzing the wide spectrum of critical issues through the lens of communication ethics and law Scholars of legal studies ethics communication and media studies will find this book particularly useful

Methodology of Relational Sociology Elżbieta Hałas, 2023-12-30 This is the first book addressing explicitly and specifically the methodological issues of relational sociology and more broadly of the new relational paradigm in social sciences The dynamically developing relational movement in social and cultural sciences is fueled by various classical and contemporary theoretical inspirations Relational approaches propose various models of relational analyses such as field analysis social space analysis network analysis or the critical realist relational heuristic The relational turn which promotes interdisciplinarity in research simultaneously reflects the drive towards an innovative reconstruction of sociology Contemporary relational sociology is at the forefront of the relational movement The program of relational sociology is still being shaped frequently becoming the subject of discussions with different standpoints expressed The aim of this book is to reflect on various relational approaches and models of relational analysis Answers to two basic questions are sought Are there foundations for a methodological unity of relational sociology

despite the diversity of approaches And does relational sociology form a new paradigm To answer these questions it is necessary to investigate differences between the relational paradigm and the earlier competing sociological paradigms The answers to key questions show what innovations the methodology of relational sociology brings i e what are the methodological consequences of the relational concept of the social fact The broadly defined horizon of methodological issues is presented The book creates an open space for discussion on various approaches and varieties of relational analysis as well as the possibility of their methodological synthesis within relational sociology

Research Methods in Linguistics Lia Litosseliti, 2024-12-12 Research Methods in Linguistics guides the reader through the key issues principles and contributions of core methods in linguistic research It is an essential resource for researchers and graduate students looking for clear introductions to key concepts accessible discussions of theory and practice through illustrative examples and critical engagement with current debates Topics covered include developing research questions combining methods quantitative research designs including questionnaires chi square tests and t tests corpus analysis and qualitative research methods interview methods discourse analytic approaches and multimodal analysis Expanded throughout this third edition also includes New chapters on linguistic ethnography and digital discourse analysis New guided activities and updated further readings online resources and discussion questions Refreshed examples engaging with recent sources and materials A glossary of key terms for each chapter Learning outcomes for each chapter Guiding you through the main issues techniques and approaches to developing your research in Linguistics this book provides clear introductions to key concepts and discussions from research questions to transcription and takes you step by step through several quantitative and qualitative approaches in Linguistics research including recent developments in multimodal and digital discourse analysis Leading you towards the research methods and principles most appropriate to your work and explaining them in detail this is the ideal book for anyone working with linguistic data

Creative Processes in Art Ana Rita Ferreira, Ana Nolasco, 2014-09-01 This volume is an outcome the international colloquium Creative Processes in Art which took place at the Faculty of Fine Arts of the University of Lisbon in September 12 13 2013 The aim of this event was to provide an interdisciplinary platform to the discussion of artistic creative processes By bringing together artists and scholars from different academic backgrounds we intended to trace a comprehensive overview of this theme and to present cutting edge research that highlights the connection between art practice philosophy and education

Video as Method Anne M. Harris, 2016 Perhaps the greatest strength of choosing video as a method for social research is its flexible and almost limitless potential for gathering analyzing writing up and disseminating the research findings Understanding the rich potential of video as both method and methodology is a process inextricably linked to epistemological study design analysis and dissemination choices As technology and media have evolved video has become a primary tool of presenting information and ideas and a means of culture making Video as Method provides researchers with a guide to understanding designing conducting and disseminating

video based research and the rapid proliferation of approaches uses and designs now available In the face of large data sets and the great range of types and uses of video as an effective research tool many researchers struggle to know how best to represent both video based methodologies and research findings Anne Harris provides in depth examples in each chapter and guides readers step by step through the chapter topics in a methodical fashion that mirrors the research journey

Qualitative Research David Silverman, 2020-12-02 Written by leaders of qualitative methodology this book provides up to date and interdisciplinary insight into a range of qualitative methods Bringing together different perspectives contributors discuss theoretical underpinnings of these methods before taking readers through the process of each approach and helping them develop skills needed to carry out this type of research autonomously and with confidence Highlights include New chapters on multimethod qualitative research using digital data and video and addressing social issues in research More guidance on how to store and manage data appropriately Advice on how to publish research in journals Full of practical tips exercises and summaries this book continues to be a masterclass in qualitative research for students and researchers across the social sciences and beyond

Social and Solidarity Economy Sara Calvo, Andres Morales, Yanni Zikidis, 2017-06-26 This book aims to provide the reader with an insight into the relevance of a section of the economy which is often referred to as the social and solidarity economy SSE and highlight some of the current issues in the field how they are being addressed and some of their future implications Using case studies from around the world this book *Social and Solidarity Economy The World's Economy With a Social Face* provides an up to date account of the strengths and weaknesses of these initiatives across four continents including issues that have not been researched sufficiently before e.g circular economy social propaganda and its dangers social enterprise as a panacea for NGOs in developing countries and new social movements There is growing interest in SSE initiatives among policymakers foundations researchers and academic institutions around the world Despite this interest SSE related research remains scarce There are concerned that SSE initiatives which contribute significantly to their local communities development need to be more widely disseminated amongst the general public The *Social and Solidarity Economy The World's Economy With a Social Face* will help promote the ground breaking work being done by organisations and individuals but which remain undocumented and help to raise awareness of such initiatives as well as contribute to academia with a critical approach to the sector covering issues that have not been covered much before such as the circular economy and the dangers of social propaganda Aimed at researchers academics and policy makers in the fields of Social Enterprise CSR Tourism International Economics as well as supporting disciplines *Social and Solidarity Economy The World's Economy With a Social Face* looks to establish and help define the field

Computer Programs for Qualitative Data Analysis Eben Weitzman, Matthew B. Miles, 1995-02-06 For those interested in finding a computer application well suited for their own qualitative research or just learning more about the capabilities of the latest generation of computer software designed with text *Computer Programs for Qualitative Data Analysis* by Eben A Weitzman

and Matthew B Miles probably represents the single investment they can make In Computer Programs for Qualitative Data Analysis Weitzman and Miles provide a critical in depth look at 24 separate applications The authors make an impressive team Weitzman is a professor of social and organizational psychology with an extensive computer background and Miles is a social psychologist who is well known in the field of qualitative research for co authoring a popular book on qualitative data analysis with A Michael Huberman Together the two researchers have produced an informative user friendly sourcebook that can save readers a significant amount of time and money when shopping for a software program for qualitative data analysis Weitzman and Miles clearly put a tremendous amount of work into Computer Programs for Qualitative Data Analysis they write their reviews of each application in remarkably lucid and jargon free language in a format reminiscent of Consumer Reports The level of detail in the reviews reflects their careful and thoughtful field testing of 24 software programs Reviews average about 10 pages each and actually show you what each application can do and every review includes a series of realistic visuals complete with helpful captions that display what the computer screen looks like when performing various functions with that specific computer program In addition to describing the special features of each computer program Weitzman and Miles discuss the strengths and weaknesses of every application and make explicit comparisons with other applications in the same family Sage Publications deserves special credit for their role in publishing Computer Programs for Qualitative Data Analysis Instead of issuing this book in hardcover and attaching a hefty price tag they released it as an oversized 8 1/2 by 11 inch paperback and made this valuable information available at a modest cost Computer Programs for Qualitative Data Analysis is the most comprehensive resource on its subject currently available and is an excellent starting point for qualitative researchers interested in integrating computer technology more fully into their own data analysis strategies Harvard Educational Review The book by Weitzman Miles is one of many new books on computers and qualitative software and indeed a good one The book is truly a user s book one of the useful ones After this first feeling of self confidence I just kept on reading the book and found very thorough and illuminative reviews of no less than 24 computer programs for qualitative analysis Renata Tesch initiated the work of making it easier for us to survey the qualitative analysis methods Weitzman Miles carry on in the finest way Nyhedsbrer Although the authors have a background in social and organizational psychology their expertise on qualitative research methods is relevant to gerontologists The authors give a history of the use of computers in qualitative data analysis describe the different types of programs and suggest future directions but the bulk of this book is reviews of the software out there Before you spend several hundred dollars on a software program spend thirty and get this book T L Brink in Clinical Gerontologist Eben A Weitzman and Matthew B Miles s valuable sourcebook on computer programs is designed exclusively for those interested in qualitative data analysis For qualitative researchers who want to learn or update their knowledge of the use of computer software Choice What program do I use to analyze my field notes Eben A Weitzman and Matthew B Miles provide the information you need to make that decision intelligently full

descriptions informed judgments and helpful comparisons Anyone who does fieldwork needs this book Howard Becker Department of Sociology University of Washington Seattle This will be the standard work of reference for several years to come We owe the authors a considerable debt of gratitude for all the work they have put into reviewing such a comprehensive range of software The result is incredibly lucid Paul Atkinson University of Wales Cardiff The book is absolutely perfect for my situation I don't know how many readers will be in the position of purchasing software for respective labs but those who are will be in for a real treat The comprehensiveness of the reviews is more than adequate to determine whether a particular program meets the needs of an individual or group It is the most comprehensive book of its kind for any kind of software that I have ever seen Steven E Wolfel Research Publishing Consultant Making decisions about choosing software for qualitative data analysis can be intimidating and I think this book will be an excellent resource for those of us who are involved in this type of research I found this to be an extremely well thought out and informative resource book The detail is wonderful Kathleen R Gilbert Indiana University Bloomington Do you want to start extend or update your use of computer software for qualitative data analysis If so this clear and user friendly guidebook is for you Without assuming its reader has extensive computer experience Computer Programs for Qualitative Data Analysis takes a critical yet practical look at the wide range of software currently available It gives detailed reviews of 24 programs in five major categories text retrievers textbase managers code and retrieve programs code based theory builders and conceptual network builders and gives ratings of more than 75 features per program The authors also provide detailed guidance in operating each program They help you to ask key questions about your computer use the nature of your project time line analyses planned and the worksheets required to help you identify the programs best suited to your needs Up to date and practical Computer Programs for Qualitative Data Analysis is an absolute must have book for any qualitative researcher who uses or wants to use computer programs in analyses

Video in Qualitative Research Christian Heath, 2011 Provides practical guidance for both students and academics on how to use video in qualitative research how to address the problems and issues that arise in undertaking video based field studies and how to subject video recordings to detailed scrutiny and analysis

Video In Qualitative Research Introducing Qualitative Methods Series Introduction

In today's digital age, the availability of Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Video In Qualitative Research Introducing Qualitative Methods Series versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Video In Qualitative Research Introducing Qualitative Methods Series books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project

Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Video In Qualitative Research Introducing Qualitative Methods Series books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Video In Qualitative Research Introducing Qualitative Methods Series books and manuals for download and embark on your journey of knowledge?

FAQs About Video In Qualitative Research Introducing Qualitative Methods Series Books

1. Where can I buy Video In Qualitative Research Introducing Qualitative Methods Series books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
