It reflects his considerable experience as a working architect and as a writer, academic and educator in the field. It offers readers the opportunity to follow through his historical ideas but also dip into his thoughts on persons, times, buildings and works of art as they take their fancy Cyclopedia of Painters and Paintings John Denison Champlin, Charles Callahan Perkins, 1905 **Vienna** Tobias Kunz, 2008 The best of the Austrian capital is highlighted in this elegant guide to Vienna. Ideal for tourists preparing for a trip to the fascinating metropolis, the book enables them to enjoy the exquisite churches, castles and palaces while visiting the city. A chronicle of the locale's history is provided, ranging from its earliest days through the Middle Ages, Baroque era, 19th and 20th centuries and the present day. Exploring the buildings of Hundertwasser, several museums and other historic monuments, the guide also ventures outside of Vienna, capturing the abbeys of Heiligenkreuz and Klosterneuburg in detail. France, 1920 Reassessing Nikolaus Pevsner Peter Draper, 2017-07-05 Nikolaus Pevsner was one of the most important and influential art historians of the twentieth century. He opened up new areas of enquiry in the history of art, revolutionising architectural studies in England and playing a key role in establishing the discipline of design history. Through his lectures and broadcasts as well as the remarkable volumes in The Buildings of England series, which made him a household name, he did much to encourage greater interest in and understanding of art and architecture among a wide public. This wide-ranging collection of essays, based on papers delivered at the conference held at Birkbeck in celebration of the centenary of Pevsner's birth, offers the first sustained critical assessment of Pevsner's achievements. With contributions by leading international scholars, the volume brings together a wealth of new material on Pevsner and his intellectual background, both in Germany in the late 1920s and 1930s and in England, particularly in the 1940s and 1950s *Vienna, architecture* Leopold Dunzl, 2000 *Cyclopedia of painters and paintings*, ed. by J.D.
