TALES OF AN INFANTRYMAN

Foreword by
Drew Dix,
Medal of Honor
Recipient

"Hell of a read!"

"This book tells the heroic story of the 'grunts' in the Vietnam War. It helps explain why most who fought so bravely are still haunted by the searing experience, and by the subsequent lack of public respect for their exertions."

—Hank Emerson
Lieutenant General,
U.S. Army (Retired)

Vietnam Vignettes Tales Of An Infantryman:

Vietnam Vignettes Lee Basnar, 2004-05 A seasoned journalist who rose through the ranks presents an infantry company commander's insight into his soldiers' daily struggle to survive. His vivid prose explains why his brave grunts are still haunted by the experience and lack of public respect.

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history, topography, people, economy, and politics of the Democratic Republic of Vietnam (DRV), the Republic of Vietnam (RVN), Cambodia, and Laos. That the war was controversial is an understatement, as is the notion that the war can be understood from any one perspective. One way of understanding the Vietnam War is by marking its time with turning points, both major and minor, that involved events or decisions that helped to influence its course in the years to follow. By examining a few of these turning points, an organizational framework takes shape that makes understanding the war more possible. *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war, as well as provides a greater understanding of the long scope of the conflict. The major events associated with the war will serve as the foundation of the book, while additional entries will explore the military, diplomatic, political, social, and cultural events that made the war unique. While military subjects will be fully explored, there will be greater attention to other aspects of the war. All of this is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Vietnam War.

Handbook of the American Short Story Erik Redling, Oliver Scheiding, 2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre, with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts, ranging from historical and political backgrounds, short story theories, and theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.
