Competition Commission, 2012-05-21 This report formally clears Zipcar Inc's completed acquisition of rival car club Streetcar Limited The CC has concluded that other companies are likely to enter and expand into this rapidly growing market and that such competition will counter the danger of the merged company being able to raise prices or worsen its services to customers The acquisition which was completed in April 2010 brings together Streetcar the largest car club in London and Zipcar the second largest Car club members pay an annual membership fee and are able to hire cars by the hour picking up

the vehicle from convenient nearby locations using the flexibility offered by smart card technology and online and mobile booking tools The Office of Fair Trading OFT referred the case to the CC in August for the CC to decide whether the acquisition may be expected to result in a substantial lessening of competition within any market or markets in the UK including the supply of car club services in London **Autocar & Motor** ,1991-08 **Vehicle Excise Duty as**

Environmental Tax Great Britain. Parliament. House of Commons. Environmental Audit Committee,2008-08-04 This year s budget made some significant changes to annual road tax vehicle excise duty or VED The main changes included introduction of six new VED bands from 2009 10 bringing the total number of bans to 13 applying this new regime of 13 bands to existing cars on the road first registered on or after 1 March 2001 and introduction of a new rate of VED for new cars in the first year in which they are bought The Environmental Audit Committee s aims in this report were to examine the projected environmental impacts of these changes to review how fair these changes are and to make recommendations to the Treasury as to how it should proceed The Committee felt that there was nothing intrinsically wrong in the rebanding of cars registered since 2001 but that there was a lack of data about the financial impacts of these change on lower income groups The new first year rates were welcomed However concerns remain that the differentials between VED bands are still not large enough to drive market transformation The Treasury should have taken much greater care to explain the changes in VED in the Budget If the point of green taxes is to change behaviour they need to be properly publicised In general the Treasury needs to develop a proper communications strategy **Questions and answers for job interview Offshore Oil & Gas**
