Francine Hornberger, co-author of *So You Think You Know about Cats*, wonderful inspiring and comforting Mary Buddemeyer Porter, author of *Will I See Fido in Heaven?* *Do Our Pets Go to Heaven?* Terry James, Thomas Horn, 2013-12-10. When you look into the happy dancing eyes of your pet, you see a spark of love that warms your heart. These furry children give absolute unconditional adoration to us, asking nothing but that we hug them, ruffle the fuzzy places between their ears, and give them a lilted voiced Good boy or Good girl. We believe there is a bond between them and us that just had to be cemented by supernatural influence by the Creator, and we've included Scripture to back up our contention. *Do Our Pets Go to Heaven* is a book intended to explore the relationship between you and your pets to as far as possible embrace the understanding that the death of those wonderful family members we love so much can be the door to a forever that is filled with unending love. The world of pets for that matter of animals in general is a phenomenal mix of interaction and curiosity. This book presents some of the facets of those interactions and curiosities that we believe will cause you to want to keep returning to its pages time after time. The writers of *Do Our Pets Go to Heaven* have poured much of ourselves into this volume. It is an investment of love we want to share with you, who we know also love your furry family members with all your hearts. [Connecting with Our Pets in Heaven](#) Desha Utsick, 2022-04-05. An A to Z guide of signs and symbols that show your best friends never really left your side. In many cases, we don't choose pets to welcome into our family; they choose us. Or some divine intervention seems to bring us together. That mysterious but amazing bond is not broken when an animal leaves our realm. Our pets continue to reach out to us in loving, encouraging, even instructing ways after they cross the rainbow bridge. This beautiful book, complete with inspiring photos, will share the many ways pets speak to us through signs in nature, cardinals, rainbows, clouds, patterns that pop up in our daily lives, from smudges on glass to pawprints on a path, familiar pet sounds, jangling tags, or the voice of one pet through another, orbs, dreams, and more. Organized in an A to Z format, by pet sign, you're sure to find a connection to pets who have been part of your family. Heart-warming personal stories from the author and other pet lovers share the promise that our animals and their love remain in our lives forever. *Angels with Fur* Sandra Eastman, 2017-09-04.
