Wanderings on the Wild Side Jane Harris, 2017-08-01 Wonderful sightings of kingfishers colourful butterflies wild deer and beautiful wild flowers inspired me to recount the experiences from years ago Family and friends photographs are much appreciated and their company on walks too Exploring the local countryside in the early nineteen fifties when I was just eight years old gave me a love of wild life flora and fauna and filled me with wonder hearing the flock of lapwings calling Peewit and watching them circling twisting and turning in the blue skies far above me In those years children could wander freely easily surviving the occasional mishap such as falling in the deep part of the stream that flowed across the moors to the River Soar Sketching and painting also enjoyable activities from early childhood enabled me as a self taught artist to try and capture the beauty of the landscape where I walk so often in my paintings as well as in my diary However my family struggling to read my handwritten diaries I found it difficult too in places encouraged me to typewrite them and this book is the result Beyond Realism Robert Singer, 2024-04-30 Beyond Realism Naturalist Film in Theory and Practice is the first major critical study of international naturalist cinema Often mistaken for realist film international naturalist cinema has a unique cultural and critical history From its earliest representation in silent films such as Walsh's *Regeneration* 1915 and Eisenstein's *Stachka Strike* 1925 to recent productions such as Chukwu's *Clemency* 2019 and Aronofsky's *The Whale* 2022 the naturalist film narrative encompasses the whole of film history traversing language movement and genre The naturalist film is predicated on two foundational intersecting paradigms that configure as one ideological system in an overarching scientific and social experimental narrative Either the scientific or social paradigm may be dominant in the film narrative or they may simply co exist but a naturalist film reveals both templates and most significantly suggests an implicit cinematic anthropology that renders the body as an observed spectacle Fang-tastic Fiction Patricia O'Brien Mathews, 2011 Mathews uses a limited definition of paranormal and examines works set for the most part in a relatively realistic modern world inhabited by both humans and paranormal beings *Zahryn's Light* Janis Constable, 2025-03-25 Anyone in the British Isles who's ever met Zahryn knows she's something special Though her willowy grace and her fiery tresses set her apart in a crowd it is an indomitable spirit within that makes her unforgettable to the people of her hometown She lives in the fictitious Ben Lonrach Mountains the Mountains of Secrets Her home sweet home is Moonstone Cove where the shimmering

mountains arise from the sea Zahryn s deep faith illuminates her way through darkest childhood days from childhood illness to loss of her parents at an early age It is a Light that guides her empathic enlivened soul as she grows into a brilliant young woman drawn to the mysteries of God Later when Zahryn s post polio syndrome keeps her in a wheelchair she doesn t let it confine her or define her It never did It never will Zahryn continues in her pursuit to Be the River Be the Light Be the Love Across the Waters Zahryn s Light will warm readers hearts page after page chapter after chapter Come live vicariously through Zahryn as she embodies the Wholehearted Life
