

AP WORLD HISTORY STUDY GUIDE

Unit 1 (1200-1450):

1.1: State Building in China

- China was kind of like the Texas of the ancient world: Don't mess with China.
- In 960, China was split into regional kingdoms again as the power of the Tang Dynasty was gradually waning. Zhao Kuangyin: ruler of one of those kingdoms that took it upon himself to unify most of them all again as the Song Dynasty. (960-1279)
- Song State Structure: 6 departments
 - Personnel, finance, rites, army, justice, and public works.
 - Censorate overseeing these departments. Made sure no one in these bureaucratic departments were behaving bad.
- Confucianism: chief things that helped organize the government.
 - Great continuity in Chinese culture over the years
 - According to Confucian thought, reality is fundamentally hierarchical. Everyone has their place in society, and everyone needs to behave rightly and fulfill their role for everything to go well. (People subject to rulers, etc.)
- Civil service examination:
 - Influenced by Confucian ideals. Major part of the exam was being WELL VERSED in Confucian ideals.
 - A test you had to pass in order to work in the imperial bureaucracy.
 - Led ruling from a heretic form of aristocracy to a new class of scholarly leaders
 - Aristocracy: a form of government in which power is held by the nobility.
- Chinese merchants participated heavily in robust system of long-distance trade across Afro-Eurasia.
 - Increasingly commercialized Chinese society. People began to produce goods not only for local consumption, but also for distant markets. Chinese manufacturing FLOURISHED during this period.
- By the 11th century, China's iron industry was producing 32,000 suits of armor and 16 million iron arrowheads ANUALLY.
- As commerce grew, role of money also changed. As economy grew, there was not enough precious metal available for minting coins to keep up with the demand.
 - Introduction of paper money
 - Became more popular than minting coins
- Gunpowder
 - Accidental discovery by Daoist alchemists trying to discover elixir of immortality.
 - First application was fireworks and pyrotechnic displays for imperial court, not in a military context.
 - Military context next.
- Influenced Japan
 - Chinese influence was all over Japanese culture.

World History Study Guide Pearson California:

California Dreaming Suzanne M. Wilson, 2008-10-01 This compelling book tells the history of the past two decades of efforts to reform mathematics education in California That history is a contentious one full of such fervor and heat that participants and observers often refer to the math wars Suzanne M Wilson considers the many perspectives of those involved in math reform weaving a tapestry of facts philosophies conversations events and personalities into a vivid narrative While her focus is on California the implications of her book extend to struggles over education policy and practice throughout the United States Wilson s three dimensional account of math education reform efforts reveals how the debates tend to be deeply ideological and how people come to feel misunderstood and misrepresented She examines the myths used to explain the failure of reforms the actual reasons for failure and the importance of taking multiple perspectives into account when planning and implementing reform

American Monthly Review of Reviews Albert Shaw, 1894 Handbook of the History of Social Psychology Arie W. Kruglanski, Wolfgang Stroebe, 2012 This is the first ever handbook to comprehensively cover the historical development of the field of social psychology including the main overarching approaches and all the major individual topics Contributors are all world renowned scientists in their subfields who engagingly describe the people dynamics and events that have shaped the discipline Provided by publisher

Tillotson, 2017-11-17 Can a book about tax history be a page turner You wouldn t think so But Give and Take is full of surprises A Canadian millionaire who embraced the new federal income tax in 1917 A socialist hero J S Woodsworth who deplored the burden of big government Most surprising of all Give and Take reveals that taxes deliver something more than armies and schools They build democracy Tillotson launches her story with the 1917 war income tax takes us through the tumultuous tax fights of the interwar years proceeds to the remaking of income taxation in the 1940s and onwards and finishes by offering a fresh angle on the fierce conflicts surrounding tax reform in the 1960s Taxes show us the power of the state and Canadians often resisted that power disproving the myth that we have always been good loyalists But Give and Take is neither a simple tale of tax rebels nor a tirade against the taxman Tillotson argues that Canadians also made real contributions to democracy when they taxed wisely and paid willingly
