Vibrational Healing For Autism Aka Awesome Kids:

Vibrational Healing for Autism Tami Duncan, 2015-05-13 Vibrational Healing for Autism AKA Awesome Kids provides a unique look at autism through a spiritual perspective. The book dives into what is not even considered in most families that there is a purpose and lessons for all involved and even for anyone who knows a child diagnosed with autism. This book is a guide to understand much that is not understood in current thinking. By teaching parents to use their intuition and spiritual connection, Tami shows the hidden truths about soul purpose, underlying meanings of behaviors, and how our thoughts and intentions affect our child and ourselves. As one who has been on this journey for 12 years, Tami comes from a unique perspective as she shares her journey of awakening to the spiritual brilliance of her own son as well as other children diagnosed with autism. She connects with the children at the heart level and shares their messages so readers can have a deeper understanding as well as she shows them how they can change their thoughts, their beliefs, and their energy in a way to provide harmony and balance to themselves and their child. Through describing vibrational healing techniques, including information on essential oils, homeopathy, flower essences, and more, families are given strategies to help them come to a place of full unconditional acceptance and love for one another. The book strives to do something not done before in the autism community to combine the concepts of love and acceptance with recovery and healing. It gives some reasons why some children heal while others don't and brings new understanding that families may not have heard before. [A Message for Humanity](#)

Janie Amaris Villarreal, 2018-09-11 This spiritual approach offers the blueprint for autistic children and their roles here at this time. This is a vibration and frequency energy wellness book about healing and expanding the consciousness of the heart individually and globally. The Heart of Humanity: The Children are assisting human and planetary evolution during the Shifts of Awakening Humanity. They are Awakening Mind Consciousness of the Brain to Mind Consciousness of the Heart. This was revealed to me as Amaris Heart Consciousness TM. It is a simple organic book including images and illustrations of differences that separate us AND keep us together. It offers insight into what The Children are communicating to the world. The words and depictions translate into Activations and Light Transmissions from the Divine God Source Creator or the Divine of your heart. They initiate heal, transform, and expand heart consciousness. This book is filled with practical ideas to promote spirituality, healing, expansion of heart consciousness, and personal development. It's Natural Medicine for the Soul. Amaris is an energetic gift to The Children, the presence and essence of God's heart. She offers others the experience of knowing God.

The Rainbow Experience Shelley-Ann Healey, 2018-04-20 This book was written to give some insight into my journey with parenting a child on the Autism Spectrum. I have also expressed here the traumas that my twin daughters and I have faced and how a spiritual outlook and shifting our perceptions has assisted in navigating our challenges. It talks through my journey with mental health and how I used energy healing and alternative therapies to transform my understanding of this. [Healing and Preventing Autism](#), 2009 In her bestsellers *Louder Than Words* and *Mother Warriors*

McCarthy told stories about healing children with autism Now she teams up with a preeminent autism doctor to write the first book on a remarkably effective new treatment in healing conditions associated with autism **Healing the New Childhood Epidemics: Autism, ADHD, Asthma, and Allergies** Kenneth Bock,Cameron Staught,2008-04-29 A comprehensive program that targets all four of the 4 A epidemics autism ADHD asthma and allergies An easy to read commonsense guide to beneficial biomedical treatments Temple Grandin Doctors have generally overlooked the connections among the 4 A disorders For years the medical establishment has considered autism medically untreatable and utterly incurable and has limited ADHD treatment mainly to symptom suppression Dr Kenneth Bock a leading medical innovator along with his colleagues have discovered a solution that goes to the root of the problem They have found that modern toxins nutritional deficiencies metabolic imbalances genetic vulnerabilities and assaults on the immune and gastrointestinal systems trigger most of the symptoms of the 4 A disorders resulting in frequent misdiagnosis and untold mysteries Dr Bock s remarkable Healing Program is an innovative biomedical approach that has changed the lives of more than a thousand children Drawn from medical research and based on years of clinical success this program offers a safe sensible solution that is individualized to each child to help remedy the root causes Dr Bock also shares the dramatic true stories of parents and children that will inspire you to change the life of your own child Hope is at last within reach Autism and the Power of Music Yasmine L. White,2021-11-16 Yasmine s emphasis on social communication emotional regulation and supportive relationships embodies the most effective cutting edge approaches for supporting autistic individuals Autism and The Power of Music is a much needed resource for parents to connect with their children through music and will also be embraced by educators and clinicians who wish to infuse joyful learning experiences in their work Barry M Prizant CCC SLP Brown University and author of Uniquely Human A Different Way of Seeing Autism Music therapist Yasmine White shares the insights she s developed after decades of working with children teens and adults on the autism spectrum both in private practice and as founder of Voices Together a non profit music therapy organization that brings her effective techniques to schools across North Carolina The techniques featured in this book are designed to bring back the connection of joy motivation and understanding that everyone needs in order to truly grow As any parent of a child with autism understands sometimes helping your child can feel overwhelmingly hard Autism and the Power of Music helps find insightful practical new ways for you and your child to connect through music even when it feels difficult Because music and language may be processed in the same hemisphere of the brain in children on the spectrum the techniques in this book can help unlock language in an entirely new way Music becomes a bridge to help children access language in ways other approaches cannot As Dr Terri L Shelton says in her foreword To have an interaction that is affirming fun and successful that builds on the child s strengths and preferences and enhances their interest in engaging and ability to sustain that engagement increases the chance that all other encounters whether with their friends their families or with therapists and teachers will be successful

Healing Our Autistic Children Julie Buckley, 2010

Defeating Autism Ugonna Sylvester-Ogan, 2018-09-29 Nothing is as good as knowing that parents of autistic children can exert positive authority over them through the power of God which brings total healing This authority when exercised makes it easier for teachers or therapists to achieve positive results with the child The truth is once God gives you a child whether challenged or not He also empowers you to help that child fulfil his or her destiny This book chronicles my experience of having three kids at their early years with symptoms of autism with no knowledge of what

autism was and having to be in an environment that was ignorant as at that time There was so much stigma from the society in that environment towards my kids stigma of being laughed at in school by other kids the stigma of not behaving normally like other kids in the school or seeming to lack home training stigma about whether you had done something wrong in the past which has resulted in your kids behaving this way Not knowing who to run to I focused on God their creator knowing fully well that He must surely have instructions for me on how to take care of His children instructions are what I call my God s therapy And as I followed the instructions through prayers and meditations on His Word I gained more positive authority over my children God gave me specific prayer points for each of them and specific teaching therapies This authority gave me a different perspective of the challenges my children were facing I began to see my children as who the Word of God says they are and made positive declarations over them everyday Today my children are doing exceptionally well excelling brilliantly in their academics and exhibiting great potentials for the future The work of different professional therapists and the advent of the internet has brought about greater awareness about autism However engaging a professional therapist is quite expensive I did not know about professional therapy until my last child was four years old and even then I couldn t afford it so I went back to the strategy that got me victory for my first two children engaging the power of God s instructions The causes of autism are still being investigated and there is no known cure for it yet it can only be managed I have specifically written this book for parents who do not want to manage autism but desire total victory for their children

Autism and the Power of Music Yasmine White,2021-11-02 This book presents new ways for you and your child to connect One of those ways is through music For a child with autism music and language may be processed in the same hemisphere of the brain so a musical experience may help a child who has difficulty with language more easily access that language My hope is that after reading this book you will gain new insights and practical ways to approach wanting to help your child when it just feels hard My hope is that one or more of these tools brings back the connection of joy motivation and understanding that everyone needs in order to truly grow

Head to Toe Healing from Autism and Other

Neuroimmune Disorders - A Book of 31 Scriptural Prayers for Your Child D R Warring,2020-03-12 Jesus says in John 5 6 Do you want to be made well Beloved of God if the answer is yes for your child then this prayer book is for you God equates Himself with His Word John 1 1 14 is Living Water and His Word is life and health to our bodies Thus these prayers were written to cover your child from head to toe in healing Word drenched prayers The Lord calls His people to be in this world but not of this world This includes regarding our thinking and dealings with sicknesses diseases and disorders like autism PANDAS and other neuroimmune disorders As His covenant children we are called to say what God says about sickness define it as He does and deal with it how He tells us to In addition to the powerful head to toe prayers this book also includes teachings and revelations on faith and healing that make it clear it s God s will to heal YOUR child and that healing was paid for by Jesus stripes in full for him her Excerpt from book For far too long the enemy has successfully deceived many into

redefining sickness into something contrary to the Word of God Thus even His own people have been affected and brought under confusion by the enemy s lies Consequently they ve settled for sickness in their bodies As God s children we are called to only say what He says about sickness only define it as He does and only do with it what He tells us to There are many believers who are merely expressing their opinions about sickness disease and healing that are not based on the Word of God so we must know His Word and will for ourselves to keep from being deceived **Headphones** Kira B. Elbeyli,2020-03-03

This book *Headphones A Book for Children with Autism Sensory Disorders* introduces the concept of wearing headphones It was written to help children with autism sensory disorders feel comfortable and confident in their new headphones and to help their friends siblings and classmates relate to their sensory differences The book begins in a social story type format to help children remember what to do when their environment gets too loud Throughout the book a cute rhyme is repeated and can be easily memorized This will allow children to remember to use their headphones in loud environments rather than resorting to unwanted behaviors The author shows several types of headphones and encourages children to help select their own headphones and choose headphones that they will like The author explains how loud environments may feel to a person with autism or sensory disorders Finally the author points out several appropriate locations where headphones can be worn and reminds the reader that they can wear headphones anywhere The author illustrator also showcases several different types of headphones big and small as well as several different colors The children illustrated in the book all look different in the hopes that each child can find a character they can relate to The book was written and illustrated with inclusion in mind The author hopes that this book will be utilized in preschool and elementary school classrooms as well as libraries and in homes It is the perfect book to purchase for a child who is just beginning to wear headphones and was written for the author s preschool age son with autism Sometimes it s too loud but I know what to do I put my headphones on my ears and noise does not get through *Music Therapy for the Autistic Child* Juliette Alvin,1980 **Music Therapy for the Autistic Child**

Juliette Alvin,Auriel Warwick,1992 *Children and Autism* ,2010 *Awakened by Autism* Andrea Libutti,2014-10 When she was told that her 20 month old son had autism Dr Andrea Libutti was devastated Therapists said he would never communicate with others nor would he ever form meaningful relationships Still Andrea refused to accept that dim prognosis and instead embarked on a years long journey of discovery and healing Using her position as a physician to gain access to a variety of specialists she explored every promising biomedical and behavioral therapy Eventually she came to see that we must consider autism not just from a physical perspective but from an emotional and spiritual one as well In *Awakened by Autism* Andrea distills the results of the research she undertook and relays her personal experiences as she tried one treatment after another in search of a way to help her son She shares her understanding of the multifactorial nature of autism and the problems inherent in how many health care professionals view the disorder all culminating in her ultimate revelation that each child has unique needs and requires a personalized plan for healing More than just a practical guide to

our children's health Awakened by Autism is a starting point for healing ourselves and our world It calls for a paradigm shift surrounding our beliefs about the possibilities for those with autism allowing us to uncover their hidden brilliance while taking steps to improve their well being With the help of this book we can heal our families beyond all expectations
