## **Vietnam Past And Present:**

**Vietnam** D. R. SarDesai, 1998-09-17 Vietnam with its recent history of continual conflict has stirred intense interest among scholars and politicians journalists and general readers alike Millions of Vietnamese children have grown to adulthood carrying memories of bloodshed terror bombing and dislocation The U S intervention there divided public opinion throughout the world affecting human values national economies presidential prospects and military strategies The spectacle of people with outmoded weaponry immobilizing the most militarily advanced nation in the world cast doubt on the very basis of modern strategic defense What motivated the Vietnamese people to wage such a protracted battle at such great economic and emotional cost Was it communism nationalism or a combination of both And how does one explain the conflicts among the communist regimes in the region What are the prospects for Hanoi emerging as a major political and ideological center in Southeast Asia This concise introduction attempts to answer these questions by bringing a historical perspective to the Vietnam War which is often lacking in other works D R SarDesai situates the country in the context of the traditional Sino Vietnamese cultural and colonial relationship and the more recent experience under the French Arguing that the quest for national identity has been a recurring theme throughout Vietnamese history the author asserts that nationalism even more than communism has fueled the struggles against France the United States and China A major portion of the study deals with the postwar era of Vietnam s reconstruction administrative reorganization its decade long occupation of Cambodia and the subsequent UN settlement and its relations with the world s major powers This thoughtful and accessible text will be valuable for students of both Vietnamese history and contemporary politics In this new edition SarDesai pays particular attention to the normalization of U S Vietnamese relations Vietnam s policy of economic liberalization the role of industrialized nations in the globalization of Vietnam s economy and Vietnam s growing participation with the Allied countries of the Pacific region A new chapter on the Vietnamese American community in the United States is also included

*Vietnam Past and Present* Andrew Forbes, David Henley, 2012-12-26 There can be few people in the world that do not know the name location and recent history of Vietnam Yet beyond the period of US involvement in what Americans call the Vietnam War how much is really known Almost no Vietnamese bear a grudge against the USA but this is less true for China Vietnam s close neighbor mentor and rival for more than two thousand years For example Vietnamese like to name their streets after what they consider to have been acts of foreign aggression and in Hanoi no fewer than 119 streets are named after acts of Chinese and French aggression By contrast just two are named for acts of American aggression Based on an intimate personal knowledge of Vietnam extending over two decades this book explores Hanoi and the North It leads the reader not just across contemporary Tonkin but also through its long history linking the present day with the distant past 62 000 words 81 contemporary images 38 historical images 4 maps Glossary Bibliography **Vietnam Past and Present** Random House, 1998-12 **Tales, Legends and Stories from Vietnam Past and Present**, 1989 **Vietnam** Văn Kiêm

Ashwill,2011-01-11 Pulsating with energy and steeped in dreams Vietnam stands at a crossroads Located in the geographical center of Southeast Asia Vietnam is a complex mixture of the ancient and the modern A Soviet style legacy contrasts with an emerging Western style market economy Vietnam is faced with pressing political social and economic challenges and yet it is full of hope and potential Here is a first look at Vietnam in the twenty first century a nation undergoing rapid change and opening up to the world Dr Mark Ashwill paints a broad picture of Vietnam past and present and explores today s defining issues Readers come to understand how a two thousand year history of foreign invasion occupation and war has deeply influenced the Vietnamese character The Chinese French and U S Americans have all left their imprint Yet the struggle against oppression has infused the Vietnamese with a fierce spirit of nationalism and caution in their dealings with foreigners Building relationships and trust as a prelude to doing business are critical to the Vietnamese whether at home or abroad Vietnam Today reveals the most prominent characteristics of the Vietnamese their energy and drive the dominance of group over individual and the paramount importance of maintaining harmony In doing so Ashwill and his Vietnamese contributor shed light on many sources of misunderstanding between Vietnamese and Western professionals But for those who are prepared to take the time to get to know the people to move at their pace and to learn about their culture and history Vietnam can be a land of promise and opportunity **A History of the Vietnamese** K. W. Taylor,2013-05-09 The history of Vietnam prior to the nineteenth century is rarely examined in any detail In this groundbreaking work K W Taylor takes up this challenge addressing a wide array of topics from the earliest times to the present day including language literature religion and warfare and themes including Sino Vietnamese relations the interactions of the peoples of different regions within the country and the various forms of government adopted by the Vietnamese throughout their history A History of the Vietnamese is based on primary source materials combining a comprehensive narrative with an analysis which endeavours to see the Vietnamese past through the eyes of those who lived it Taylor questions long standing stereotypes and clichés about Vietnam drawing attention to sharp discontinuities in the Vietnamese past Fluently written and accessible to all readers this highly original contribution to the study of Southeast Asia is a landmark text for all students and scholars of Vietnam
