Green Hermeticism Peter Lamborn Wilson, Christopher Bamford, Kevin Townley, 2007-05 Hermeticism or alchemy is the ancient primordial mystery science of nature through which people in all times and places have for the sake of world evolution

sought to unite Heaven and Earth divinity cosmos earth and humanity as a single whole Selfless intimate dedicated to healing and harmony Hermeticism has accompanied and sustained every religious epoch and revelation It may be found in all historical cultures from the traditions of India and China in the East to the Judeo Christian West It could even be said that Hermeticism is the primal cosmological revelation and the common ground of all spiritual traditions Nevertheless in the great revival of mystical esoteric traditions and practices during the last century Hermetic tradition in fact Nature herself has been largely ignored Today when the Earth seems most under attack Green Hermeticism is especially appropriate The book explores not only the ancient Masters inner science but also their science of Nature During spring and summer 2006 Pir Zia Khan convened a series of gatherings to begin to unfold the contemporary meaning of ancient sacred science for our time Green Hermeticism is a partial record of that meeting Peter Lamborn Wilson explores the many ramifications of the alternative worldview offered by Hermeticism Christopher Bamford provides a broad historical overview of the tradition from the Ancient Mysteries to contemporary manifestations of the alchemical tradition while Kevin Townley brings a practical dimension to the gathering teaching the preparation of herbal elixirs and demonstrating that cosmology and philosophy can become a truly healing path for the Earth Green Hermeticism is necessary reading for anyone seeking a spiritual and cultural path for the healing of the current ecological and cultural crisis In Alchemy there is an injunction to quicken or revive the dead which is illustrated by a dead tree growing verdant again That is exactly what this wonderful and rare work does in awakening human consciousness to its Divine potential and Ultimate Destiny Art thus helps Nature to achieve its ideal Perfection The authors must be congratulated for their insightful words I wholeheartedly recommend reading it again and again and again Stanislas Klossowski de Rola author Alchemy The Secret Art and The Golden Game Alchemical Engravings of the Seventeenth Century Environmental solutions today are largely technical but the planetary crisis is also a crisis of soul or better yet of the Imagination Too tricky for religion too poetic for reductionist science Green Hermeticism reheats a prophetic imagination still in love with the material world a new alchemy of ancient nature Erik Davis author The Visionary State A Journey through California s Spiritual Landscape Just when you felt numb and disenfranchised thinking the world had become bleak and dead along comes this rare much needed book to remind us that there is still some sanity depth and creative energy percolating up from the heart of Reality Thank God and the Goddess Nature for this smart and inspiring breath of fresh air Green Hermeticism is where the wasteland ends and where the world becomes re enchanted with genuine living thought that goes beyond superficialities It s a rare pleasure to be in the presence of living minds who actually know something wonderful and have not been deadened by the opiates of capital or the tenure track Very highly recommended David Fideler publisher Phanes Press editor Alexandria author of Jesus Christ Sun of God and translator of Love s Alchemy Poems from the Sufi Tradition with Sabrineh Fideler The publication of Green Hermeticism has the sense we so rarely get of a genuine moment in cultural history It is not just the eloquence of its authors knowledge and arguments or that they are

showing us once again the depth and range and beauty of alchemy and the Hermetic tradition and what Peter Lamborn Wilson calls Romantic Science Nor is it even the links they establish between the Hermetic tradition and ecology and the value of a science that perceives the world as alive rather than a machine What makes this work significant is the sense that it shows us how we can use these ideas and knowledge to create a genuine counter to destruction and despair an alchemy of our politics as well as of our spirit Rachel Pollack author of 78 Degrees of Wisdom A Book of Tarot Green Hermeticism reminds us that the art of the Great Work is to enter more deeply into the dynamic and practical wisdom of the universe which is our laboratory where work and prayer combine When we engage with the All we know ourselves to be one kindred with all in the viriditas God s greening power where body soul and spirit honor each other Caitl n John Matthews authors of Walkers Between the Worlds The Western Mysteries from Shaman to Magus **Place as Material Culture** Dragos Gheorghiu, George Nash, 2013-11-01 The present book explores the complexity of the past by analysing the relationships between place territory the material value of objects and landscapes time and ritual during archaeological investigations It presents the archaeology of place as a series of interconnecting and interactive relationships It is clear that things and places do not emerge without some form of agency usually through the concept of material manipulation coupled with elaboration innovation and time Depending on the raw material used and the process of manipulation and its relationship with the environment materiality gains value How do we as modern humans work within the complexity of place materiality time and ritual Traditional in archaeological discourse is the need to describe place albeit in an empiricist and banal way Discourse is sometimes followed by a more fruitful and interpretive account However these accounts tend to ignore human emotion that is bound up in place for example the ritualized and symbolic meanings that place holds This book explores the significance of geography place and the materiality that place holds and challenges many of the tradition norms that in the past have trivialized landscape archaeology The book is divided into 14 thought provoking and crafted chapters and will be an ideal companion to anyone involved in the social sciences **Wiccan Celebrations** Silver Elder, 2011-04-16 The illustrated book of Wiccan practice based on the Seasonal and Lunar cycles A complete practical guide to Wiccan experience Seascapes of a Soul: Wholeness and the Sense of Self Venetia Somerset, 2023-06-23 The search for self knowledge and identity is a common theme in autobiographies these days So also is the search for a spirituality other than that of the conventional religions Both are found in Seascapes of a Soul Wholeness and the Sense of Self This book is an account of a unique spirit on an often solitary journey With clear argumentation and transparent honesty this author presents a story that reaches towards individuation gained partly through discovering C G Jung s ideas about the psyche Several themes recur the onset of old age Jungian individuation solitude and aloneness mood swings a rejection of orthodox religion a love for the natural world an interest in gnosticism the inner sense of the Divine Her relationship with her twin sister is also prominent There is light and dark here the ups and downs of living with a twin In rejecting the Christianity she grew up with she followed an innate urge

to a spirituality that ultimately arose from the strong sense of self she had had from an early age If this has a name it would be gnostic because it is a perception of inner divinity the God within This is a woman s story with a difference Although unlike so many she did not have to struggle through a life of disadvantage and deprivation she did have to wrestle with a powerful self that sometimes wandered up blind alleys into ego But she learned to accept mistakes and incorporate them into what Einstein called a calm and modest life Images of the sea symbols of the unconscious run through the book The seascapes at the head of each chapter function in the story as a leitmotif for the modes and moods of the spirit *Mescalito Riding His White Horse* Mike Fiorito,2023-03-31 *Mescalito Riding His White Horse* was inspired by several interviews conducted with Peter Rowan legendary bluegrass musician over a period of a few months during 2021 Peter never really followed the path of rock superstar he was more interested in the alchemical process of music In discovering this magic I have felt myself projected across time place and identity and tried to put that experience into words Except for the quoted interviews which were transcribed as spoken what follows is a combination of autobiography mixed with my visions and dreams Some were imagined All were real **The Origin of Evil and the Social Brain Network** William J.
