Walking With Wallace Walking With Wallace:

Walking Methodologies in a More-than-human World Stephanie Springgay, Sarah E. Truman, 2017-12-22 As a research methodology walking has a diverse and extensive history in the social sciences and humanities underscoring its value for conducting research that is situated relational and material Building on the importance of place sensory inquiry embodiment and rhythm within walking research this book offers four new concepts for walking methodologies that are accountable to an ethics and politics of the more than human Land and geos affect transmaterial and movement The book carefully considers the more than human dimensions of walking methodologies by engaging with feminist new materialisms posthumanisms affect theory trans and queer theory Indigenous theories and critical race and disability scholarship These more than human theories rub frictionally against the history of walking scholarship and offer crucial insights into the potential of walking as a qualitative research methodology in a more than human world Theoretically innovative the book is grounded in examples of walking research by WalkingLab an international research network on walking www.walkinglab.org The book is rich in scope engaging with a wide range of walking methods and forms including long walks on hiking trails geological walks sensory walks sonic art walks processions orienteering races protest and activist walks walking tours d rives peripatetic mapping school based walking projects and propositional walks The chapters draw on WalkingLab's research creation events to examine walking in relation to settler colonialism affective labour transspecies participation racial geographies and counter cartographies youth literacy environmental education and collaborative writing The book outlines how more than human theories can influence and shape walking methodologies and provokes a critical mode of walking with that engenders solidarity accountability and response ability This volume will appeal to graduate students artists and academics and researchers who are interested in Education Cultural Studies Queer Studies Affect Studies Geography Anthropology and Post Qualitative Research Methods

Talking the Walk & Walking the Talk Marc Shell, 2015-09-01 This book argues that we should regard walking and talking in a single rhythmic vision In doing so it contributes to the theory of prosody our understanding of respiration and looking and in sum to the particular links across the board between the human characteristics of bipedal walking and meaningful talk The author first introduces the philosophical neurological anthropological and aesthetic aspects of the subject in historical perspective then focuses on rhetoric and introduces a tension between the small and large issues of rhythm He thereupon turns his attention to the roles of breathing in poetry as a life and death matter with attention to beats and walking poems This opens onto technical concepts from the classical traditions of rhetoric and philology Turning to the relationship between prosody and motion he considers both animals and human beings as both ostensibly able bodied creatures and presumptively disabled ones Finally he looks at dancing and writing as aspects of walking and talking with special attention to motion in Arabic and Chinese calligraphy The final chapters of the book provide a series of interrelated representative case studies

Ways of Walking Tim Ingold, Jo Lee

Vergunst,2008 This exciting new volume focuses on how humans inhabit their environment considering techniques of the body and walking behaviours to better understand the variety of embodied meanings Its original collection of work has contributions from anthropologists sociologists geographers and specialists in education and architecture offering a broad readership of new innovative and previously overlooked ideas *Walk in My Shoes* Andrew Young,Kabir Sehgal,Bill Clinton,2025-10-16 A top aide to Martin Luther King Jr Andrew Young has been a witness to history and has made his own During the cvil rights movement he worked tirelessly as a strategist and negotiator during the campaigns that resulted in the passage of the Civil Rights Act and Voting Rights Act and was at Martin Luther King Jr s side when he was assassinated For years in correspondence and conversation he has been mentoring his godson Kabir Sehgal In this entertaining and provocative discourse Young shares his thoughts and meditations on such important topics as race civil rights faith and leadership Young offers his wisdom on these subjects to a new generation of young men and women in hopes that his battle tested voice will inspire and encourage those in whose hands the world will soon rest [Catalog of Copyright Entries](#) Library of Congress. Backscheider,2013-03-29 Elizabeth Singer Rowe played a pivotal role in the development of the novel during the eighteenth century Winner of the CHOICE Outstanding Academic Title of the Choice ACRL Elizabeth Singer Rowe and the Development of the English Novel is the first in depth study of Rowe s prose fiction A four volume collection of her work was a bestseller for a hundred years after its publication but today Rowe is a largely unrecognized figure in the history of the novel Although her poetry was appreciated by poets such as Alexander Pope for its metrical craftsmanship beauty and imagery by the time of her death in 1737 she was better known for her fiction According to Paula R Backscheider Rowe s major focus in her novels was on creating characters who were seeking a

harmonious contented life often in the face of considerable social pressure This quest would become the plotline in a large number of works in the second half of the eighteenth century and it continues to be a major theme today in novels by women Backscheider relates Rowe's work to popular fiction written by earlier writers as well as by her contemporaries Rowe had a lasting influence on major movements including the politeness or gentility movement the reading revolution and the Bluestocking society The author reveals new information about each of these movements and Elizabeth Singer Rowe emerges as an important innovator Her influence resulted in new types of novel writing philosophies and lifestyles for women Backscheider looks to archival materials literary analysis biographical evidence and a configuration of cultural and feminist theories to prove her groundbreaking argument

America on Foot Kerry Segrave, 2006-03-15 Hippocrates one of history's earliest known physicians once asserted Walking is man's best medicine Over the last three centuries people have endorsed walking for a variety of reasons health among them Before the 1700s people walked as an essential part of their lifestyle With the coming of the transportation revolution and the advent of such conveyances as horse drawn coaches railways and automobiles walking became something that was done increasingly out of choice rather than necessity England's fashionable society engaged in afternoon promenades as a stylish fad While America's vast distances and sparse settlements made this activity impractical Americans nevertheless took to walking in other ways including engaging in long distance walking competitions complete with spectators and prize money Thus for most of the twentieth century the activity of walking was much more than a means of transportation Beginning with the history of walking as a social activity the book discusses the various issues which have affected walkers including increased automobile traffic the attention of the marketing industry and pedestrian regulations The work examines the contemplative psychological and observational qualities of walking as well as famous personalities including Leonardo da Vinci William Shakespeare John Keats and John James Audubon who endorsed these intellectual qualifications During the 1970s fitness boom walking was reinvented yet again becoming an activity of numbers and equations as participants fought to maximize health benefits The book concludes with a legal analysis of pedestrianism as it relates to sharing space with the automobile

Where Land Meets Sea Anna Ryan, 2016-02-11 Drawing together philosophical empirical and academic thinking this book focuses on generating awareness of the relationship forged between self and surroundings It details research undertaken at two coastal sites the South Wall in Dublin city and the Maharees peninsula in Co Kerry Ireland Sixty two participants were engaged in photography and drawing to enable this exploration of spatial experience The participants photographs and drawings present how spatial sensibilities can be revealed by becoming more attentive to the immediacy of bodily knowledge our more than cognitive experience Their communications resonate with the philosophers and theorists considered including Merleau Ponty Edward Casey Gilles Deleuze Dalibor Vesely and contemporary cultural geographers From exploring the experienced spatiality of the meeting of land and sea this book begins to suggest an alternative politics of the coast

The Spiritual Journal of Henry David

Thoreau Malcolm Clemens Young,2009 Most people who care about nature cannot help but use religious language to describe their experience We can trace many of these conceptions of nature and holiness directly to influential nineteenth century writers especially Henry David Thoreau 1817 1862 In Walden he writes that God himself culminates in the present moment and that in nature we encounter the workman whose work we are But what were the sources of his religious convictions about the meaning of nature in human life *The Lawyer's Reference Manual of Law Books and Citations* Charles C. Representations of the Gypsy in the Romantic Period Sarah Houghton-Walker,2014-10-16 In early eighteenth century texts the gypsy is frequently figured as an amusing rogue by the Victorian period it has begun to take on a nostalgic romanticized form abandoning sublimity in favour of the bucolic fantasy propagated by George Borrow and the founding members of the Gypsy Lore Society *Representations of the Gypsy in the Romantic Period* argues that in the gap between these two situations the figure of the gypsy is exploited by Romantic period writers and artists often in unexpected ways Drawing attention to prominent writers including Wordsworth Austen Clare Cowper and Bront as well as those less well known Sarah Houghton Walker examines representations of gypsies in literature and art from 1780 1830 alongside the contemporary socio historical events and cultural processes which put pressure on those representations She argues that raising troubling questions by its repeated escape from the categories of enlightenment discourses which might seek to know or understand in empirical ways the gypsy exists both within and outside of conventional English society The figure of the gypsy is thus available to writers and artists to facilitate the articulation of dilemmas and anxieties taking various forms and especially as a lens through which questions of knowledge and identity which is often mutable and troubling might be focussed
