A Race of Singers

Bryan K. Garman,2018-07-25 When Walt Whitman published Leaves of Grass in 1855 he dreamed of inspiring a race of singers who would celebrate the working class and realize the promise of American democracy By examining how singers

such as Woody Guthrie Bob Dylan and Bruce Springsteen both embraced and reconfigured Whitman's vision Bryan Garman shows that Whitman succeeded In doing so Garman celebrates the triumphs yet also exposes the limitations of Whitman's legacy While Whitman's verse propounded notions of sexual freedom and renounced the competitiveness of capitalism it also safeguarded the interests of the white workingman often at the expense of women and people of color Garman describes how each of Whitman's successors adopted the mantle of the working class hero while adapting the role to his own generation's concerns Guthrie condemned racism in the 1930s Dylan addressed race and war in the 1960s and Springsteen explored sexism racism and homophobia in the 1980s and 1990s But as Garman points out even the Boss like his forebears tends to represent solidarity in terms of white male bonding and homosocial allegiance We can hear America singing in the voices of these artists Garman says but it is still the song of a white male America *Habits of the Heart, With a New Preface* Robert N. Bearn, 1997-01-16 The central claim of this book is that early and late Wittgenstein modelled his approach to existential meaning on his account of linguistic meaning A reading of Nietzsche's *The Birth of Tragedy* sets up Bearn's reading of the existential point of Wittgenstein's *Tractatus* Bearn argues that both books try to resolve our anxiety about the meaning of life by appeal to the deep unutterable essence of the world Bearn argues that as Wittgenstein's and Nietzsche's thought matured they both separately came to believe that the answer to our existential anxiety does not lie beneath the surfaces of our lives but in our acceptance Nietzsche's *Yes* of the groundless details of those surfaces themselves the wonder of the ordinary

Perspectives on Presidential Leadership

Michael Patrick Cullinane, Clare Frances Elliott, 2014-02-18 In 2011 Barack Obama invited ten distinguished biographers to the White House to ask them one question which past American president should I emulate This was not the first time Obama asked scholars this but the answer he received would differ as presidential legacies waxed and waned In 2008 Obama chose Lincoln in 2009 Reagan and in 2010 Theodore Roosevelt Perspectives on Presidential Leadership is an examination of presidential legacy and in particular an analysis of the first ever UK ranking of American presidents which took place in 2011 In thirteen chapters thirteen individual presidential administrations are assessed Some presidents have been considered a success others a failure both types are featured in these thirteen case studies in a measured attempt to understand how the perception of presidential leadership evolves shifts and contorts across three centuries of American politics The case studies also derive from the expertise of the collected British Irish and Canadian authors all of whom are leading scholars in their fields and many of which took part in the 2011 survey At a time when understanding presidential legacy is in high demand this book offers a unique international perspective Through extended commentary and inter disciplinary study of the UK perspective it provides groundbreaking research

Louis H. Sullivan and a 19th-Century Poetics of Naturalized

Architecture Lauren S. Weingarden, 2017-07-05 For most of the twentieth century modernist viewers dismissed the

architectural ornament of Louis H Sullivan 1856 1924 and the majority of his theoretical writings as emotional outbursts of an outmoded romanticism In this study Lauren Weingarden reveals Sullivan s eloquent articulation of nineteenth century romantic practices literary linguistic aesthetic spiritual and nationalistic and thus rescues Sullivan and his legacy from the narrow role imposed on him as a pioneer of twentieth century modernism Using three interpretive models discourse theory poststructural semiotic analysis and a pragmatic concept of sign functions she restores the integrity of Sullivan s artistic choices and his historical position as a culminating figure within nineteenth century romanticism By giving equal weight to Louis Sullivan s writings and designs Weingarden shows how he translated both Ruskin s tenets of Gothic naturalism and Whitman s poetry of the American landscape into elemental structural forms and organic ornamentation Viewed as a site where various romantic discourses converged Sullivan s oeuvre demands a cross disciplinary exploration of each discursive practice and its rules of accumulation exclusion reactivation The overarching theme of this study is the interrogation and restitution of those Foucauldian rules that enabled Sullivan to articulate architecture as a pictorial mode of landscape art which he considered co equal with the spiritual and didactic functions of landscape poetry

A Skeptic's Guide to Writers' Houses Anne Trubek, 2011-07-11 There are many ways to show our devotion to an author besides reading his or her works Graves make for popular pilgrimage sites but far more popular are writers house museums What is it we hope to accomplish by trekking to the home of a dead author We may go in search of the point of inspiration eager to stand on the very spot where our favorite literary characters first came to life and find ourselves instead in the house where the author himself was conceived or where she drew her last breath Perhaps it is a place through which our writer passed only briefly or maybe it really was a longtime home now thoroughly remade as a decorator s show house In A Skeptic s Guide to Writers Houses Anne Trubek takes a vexed often funny and always thoughtful tour of a goodly number of house museums across the nation In Key West she visits the shamelessly ersatz shrine to a hard living Ernest Hemingway while meditating on his lost Cuban farm and the sterile Idaho house in which he committed suicide In Hannibal Missouri she walks the fuzzy line between fact and fiction as she visits the home of the young Samuel Clemens and the purported haunts of Tom Sawyer Becky Thatcher and Injun Joe She hits literary pay dirt in Concord Massachusetts the nineteenth century mecca that gave home to Hawthorne Emerson and Thoreau and yet could not accommodate a surprisingly complex Louisa May Alcott She takes us along the trail of residences that Edgar Allan Poe left behind in the wake of his many failures and to the burned out shell of a California house with which Jack

London staked his claim on posterity In Dayton Ohio a charismatic guide brings Paul Laurence Dunbar to compelling life for those few visitors willing to listen in Cleveland Trubek finds a moving remembrance of Charles Chesnutt in a house that no longer stands Why is it that we visit writers houses Although admittedly skeptical about the stories these buildings tell us about their former inhabitants Anne Trubek carries us along as she falls at least a little bit in love with each stop on her itinerary and finds in each some truth about literature history and contemporary America

The Claims of Experience

Nolan Bennett, 2019 Autobiography from Frederick Douglass's Narrative of the Life to J D Vance's Hillbilly Elegy has long been a popular genre that both authors and readers have utilized to understand particular political moments As this book argues such narratives have also contributed to the development of American political thought despite the fact that the field has not taken autobiography seriously as political theory in its own right This book considers the political contexts in which Benjamin Franklin Frederick Douglass Henry Adams Emma Goldman and Whittaker Chambers wrote their autobiographies to better understand not only the political problems to which autobiographical works can be a solution but the broader appeal of such claims of experience to the everyday life of democratic politics
