THE AGE OF DRAGONS IS OVER Uncertainty plagues Azeroth's ancient guardians as they struggle to find a new purpose. This dilemma has hit Kalecgos, youngest of the former Dragon Aspects, especially hard. Having lost his great powers, how can he or any of his kind still make a difference in the world? The answer lies in the distant past when savage beasts called proto dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for, or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that led to the DAWN OF THE ASPECTS PART I. The former Dragon Aspects are on the brink of going their separate ways to forge new destinies. As Kalecgos ponders the uncertain future awaiting his kind, he uncovers a mysterious artifact that allows him to see through the eyes of his late predecessor, Malygos. Intense visions bombard Kalecgos, transporting him to a time when the original Aspects were no more than primitive proto dragons. Across ancient Kalimdor's northern plains, they fought for survival against each other and a terrifying creature that dominated the era: the Father of Dragons, Galakrond. But many questions remain for Kalecgos. What are the origins of this strange artifact? Are its visions a gift or a curse?
