

A WARNING

Several control patterns are available for this backhoe. Always verify control response before operating. Prevent possible personal injury from unexpected machine movement. **DO NOT** operate backhoe from outside the operator station. Only operate when in the operator's seat in backhoe operation position with stabilizers down.

A CAUTION

To avoid machine damage, do not swing boom into stabilizers.

NOTE: When seat is turned to backhoe operation position, seat position sensor will sound an audible alarm and light the STOP indicator if Transmission Control Lever (TCL) is moved to F or R.

A conversion kit for changing controls is available from your authorized dealer. Labels corresponding to other controls **MUST** be installed.

Operate backhoe with control levers. Move levers as shown to maneuver backhoe components in desired directions.

For faster cycle times, fully extend levers when moving and operate more than one component at a time.

Gary J. Ober

Tractor Loader Backhoe Training Manual:

Operating Techniques for the Tractor-loader-backhoe Gary J. Ober,1999 The modern Tractor Loader_backhoe has become the most useful machine in general construction and it has gained that reputation since its introduction in the late 1950 s This reputation as the most useful is due to the wide ranging tasks that the machine is capable of performing These wide ranging jobs in turn demand that operators have the knowledge skills and experience required for safety and productivity The first edition of this book **Operating Techniques for the Tractor Loader Backhoe** published in 1983 was written simply as an information source covering standard machine operations and procedures Over the years training programs sought it out for its practical and detailed information for operators and training programs such as guidelines safety considerations and preventing damage to existing utilities
