Tradestation User Manual:

TradeStation Made Easy! Sunny J. Harris, 2011-04-05 Customize your trading plan for greater profits using the most popular charting software. The majority of professional and individual traders use some kind of trading software on which to base their strategies. With over 100,000 users, the most popular trading software today is TradeStation, published by TradeStation Technologies. While this software is favored by many, TradeStation's computer language can be confusing, especially for the novice. TradeStation Made Easy is the first and only book to explain exactly how to use the unique computer language behind this bestselling software program. It is not meant as a replacement for the TradeStation manuals; instead, it will cover the essence of programming in EasyLanguage and focus on a consistent set of data and an elementary system throughout. An easily understood guide to TradeStation that also provides tips for the user in designing a personalized trading system. Endorsed by the software provider, TradeStation Technologies. Written in a straightforward manner that is accessible even for those with little computer experience. TradeStation Made Easy fills a much needed gap in this area and puts the basics of EasyLanguage in perspective. With it, you'll be able to write simple and intermediate programs that will accurately express your theories and ideas about whatever market interests you. Machine Learning: ECML 2000 Ramon Lopez de Mantaras, Enric Plaza, 2007-03-06 The biennial European Conference on Machine Learning

ECML series is intended to provide an international forum for the discussion of the latest high quality research results in machine learning and is the major European scientific event in the field. The eleventh conference ECML 2000 held in Barcelona Catalonia Spain from May 31 to June 2 2000 has continued this tradition by attracting high quality papers from around the world. Scientists from 21 countries submitted 100 papers to ECML 2000 from which 20 were selected for long oral presentations and 23 for short oral presentations. This selection was based on the recommendations of at least two reviewers for each submitted paper. It is worth noticing that the number of papers reporting applications of machine learning has increased in comparison to past ECML conferences. We believe this fact shows the growing maturity of the field. This volume contains the 43 accepted papers as well as the invited talks by Katharina Morik from the University of Dortmund and Pedro Domingos from the University of Washington at Seattle. In addition three workshops were jointly organized by ECML 2000 and the European Network of Excellence: net Dealing with Structured Data in Machine Learning and Statistics W.
