Believing in Shakespeare Claire McEachern, 2018-04-19 This ground breaking and accessible study explores the connections between the English Reformation's impact on the belief in eternal salvation and how it affected ways of believing in the plays of Shakespeare Claire McEachern examines the new and better faith that Protestantism imagined for itself a faith in which scepticism did not erode belief but worked to substantiate it in ways that were both affectively positive and empirically positivist Concluding with in depth readings of Richard II King Lear and The Tempest the book represents a markedly fresh intervention in the topic of Shakespeare and religion With great originality McEachern argues that the English reception of the Calvinist imperative to know with God allowed the very nature of literary involvement to change transforming feeling for a character into feeling with one

Will Schooling Ever Change? Piotr Mikiewicz, Marta Jurczak-Morris, 2023-03-28 This book is an insightful meta narrative about schooling which explores the global natural experiment of the COVID 19 pandemic and its potential impact on school culture The proposed book discusses how the abrupt and somewhat forced digital transformation of schooling on a global scale caused by the COVID 19 pandemic did not change the educational status quo It states that online teaching and learning failed to transform the role of the key school actors students and teachers as well as the relationship between them despite megatrends such as digitalisation automation and the development of artificial intelligence This focus text discusses why the global experience of distance education did not translate into a significant qualitative change and provides a theoretical framework which enables the reader to interpret and explain the processes that occurred during distance education as well as understand why extraordinarily little if nothing has changed in school culture It will appeal to scholars and students from the sociology of education and from education studies particularly those interested in school culture innovation in education online teaching and learning curriculum studies and education policy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Christ's Idea of Authority in the Church John Wijngaards, 2023-08-23 The Catholic Church like other churches has created institutions to support its spiritual mission The exercise of authority plays a central role in how they function The truth is that ugly accretions have attached themselves to that authority in the course of the centuries Like weeds scallops and rubbish clinging to the bottom of a ship Think of unchristian cultural views customs and practices from the Roman Empire the barbarian tribes in Europe and the feudalistic Middle Ages that nailed themselves to the ministries These cancerous growths have even been enshrined in church laws This booklet identifies what is wrong by going back to Jesus original intentions Find out how Jesus wanted the spiritual authority he gives to be exercised in practice

Holistic Bioethics Jude Thaddaeus Buyondo,2024-10-31 In pursuing a holistic bioethics while dialoguing with different sciences appreciation of moral affinities between human and nonhuman entities Dr Buyondo argues for a minimum moral status for nonhuman entities The minimum normative basics of approaches to biomedical ethics are at the very least not distinctive to either human animals or nonhuman animals only The investigation builds further on the African understanding of life where no creation is lifeless In establishing a more inclusive functional bioethics the African approach goes further than biocentrism ecocentrism and holism to ground an inclusive African holistic moral egalitarianism suggesting that all forces and all created things have life We are not emphasizing how every system and creature command equal respect rather everything has life commands respect and moral concern as a minimum imperative within a Black African holistic approach to bioethics However holistic bioethics can neither be Western nor an African invention that people of other cultures only admire from a distance Moreover holistic bioethics doesn t offer the last word on the ethics of nonhuman animals holistic anamnestic solidarity the relational Other and intercultural theological bioethics

Pacifism Robert L. Holmes,2016-12-15 In a world riven with conflict violence and war this book proposes a philosophical defense of pacifism It argues that there is a moral presumption

against war and unless that presumption is defeated war is unjustified Leading philosopher of non violence Robert Holmes contends that neither just war theory nor the rationales for recent wars Vietnam the Gulf War the Iraq and Afghanistan Wars defeat that presumption hence that war in the modern world is morally unjustified A detailed comprehensive and elegantly argued text which guides both students and scholars through the main debates Just War Theory and double effect to name a few clearly but without oversimplifying the complexities of the issues or historical examples **The Sage Encyclopedia of Education and Gender** Elizabeth E. Davis, 2010-04-08 This title explores the ways Calvin and the Calvinist tradition have influenced American life In addition each section moves chronologically ranging from colonial times to the 21st century **History, Biography, and the Genre of Luke-Acts** Andrew W. Pitts, 2019-07-15 Unlike contemporary literary linguistic configurations of genre current methodologies for the study of the Gospel genre are designed only to target genre similarities not genre differences This basic oversight results in the convoluted discussion we witness in Lukan genre study today Each recent treatment of the genre of Luke Acts represents a distinct effort to draw parallels between Luke Acts and a specific or multiple literary tradition s These studies all underestimate the role of literary divergence in genre analysis leveraging much if not all of their

case on literary proximity This monograph will show how attention to literary divergence from a number of angles may bring resolution to the increasingly complex discussions of the genre s of Luke Acts The Long Shadow of Emile Cailliet Abigail Rian Evans,Clemens Bartollas,Gordon Graham,Kenneth Henke,2011-09-23 This book aims to examine the importance of Christian philosophy in theological education through the prism of the life and teachings of Emile Cailliet The book s primary focus is on his years of teaching at Princeton Theological Seminary to which all the authors are connected This work examines Cailliet as a believer teacher scholar and philosopher Although Cailliet wrote over twenty books none of them articulated his formal position on the nature of theological education However it is clear from his teaching at seminary and his writings on philosophy especially Pascal that he saw philosophy as an integral part of seminary training We want to preserve his work because he was a seminal but neglected thinker whose influence extends from science to literature and from philosophy to spirituality and theology We believe that Emile Cailliet was one of the most influential Christians of the twentieth century We invite the reader to stand in the long shadow of Cailliet and consider how his life and thought can help us tackle some of the knotty questions that face us today **Revisioning Cambridge Platonism: Sources and Legacy**

The Logic of Intersubjectivity Darren M. Slade,2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of

reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale

A Legacy of Learning in Near Eastern Archaeology Peter Lacovara, 2025-01-23 Helene J Kantor July 15 1919 January 13 1993 was one of the last of the great generalists of the ancient world This volume celebrates her scholarship with articles covering her wide ranging interests with important studies on ancient Egypt the Aegean Iran and Classical civilization
