The Dial Francis Fisher Browne,Waldo Ralph Browne,Scofield Thayer,1911 **Paschal Beverly Randolph** John Patrick Deveney,1997-01-01 His most enduring claim to fame is the crucial role he played in the transformation of spiritualism a medium s passive reception of messages from the spirits of the dead into occultism the active search for personal spiritual realization and inner vision **Toward an Ecology of Transfiguration** John Chryssavgis,Bruce V. Foltz,2013-06-03 Can Orthodox Christianity offer unique spiritual resources especially suited to the environmental concerns of today This book makes the case that yes it can In addition to being the first substantial and comprehensive collection of essays in any language to address environmental issues from the Orthodox point of view this volume with contributions from the most highly influential theologians and philosophers in contemporary world Orthodoxy will engage a wide audience in academic as well as popular circles resonating not only with Orthodox audiences but with all those in search of a fresh approach to environmental theory and ethics that can bring the resources of ancient spirituality to bear on modern challenges **The Church Quarterly Review** ,1925 **The Athenæum** ,1910 **The Idea of the Labyrinth from Classical Antiquity through the Middle Ages** Penelope Reed Doob,2019-03-15 Ancient and medieval labyrinths embody paradox according to Penelope Reed Doob Their structure allows a double perspective the baffling fragmented prospect confronting the maze treader within and the comprehensive vision available to those without Mazes simultaneously assert order and chaos artistry and confusion articulated clarity and bewildering complexity perfected pattern and hesitant process In this handsomely illustrated book Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages Doob first examines several complementary traditions of the maze topos showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity She then describes two common models of the labyrinth and explores their formal implications the unicursal model with no false turnings found almost universally in the visual arts and the multicursal model with blind alleys and dead ends characteristic of literary texts This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze as Doob s examination of a vast array of materials from the classical period through the Middle Ages suggests She concludes with linked readings of four labyrinths of words Virgil s Aeneid Boethius Consolation of Philosophy Dante s Divine Comedy and Chaucer s House of Fame each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works Readers in such fields as Classical literature Medieval Studies Renaissance Studies comparative literature

Slade,2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religious ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale **The Catholic Encyclopedia** Charles Herbermann,1910 *The Catholic Encyclopedia* Charles George Herbermann,Edward Aloysius Pace,Condé Benoist Pallen,Thomas Joseph Shahan,John Joseph Wynne,Andrew Alphonsus MacErlean,1910 **1-2 Kings, 1-2 Chronicles, Ezra, Nehemiah, Esther** Marco Conti,Thomas C.
