Transforming Worldviews An Anthropological Understanding Of How People Change:

Transforming Worldviews Paul G. Hiebert, 2008-05-01 In the past changes in behavior and in belief have been leading indicators for missionaries that Christian conversion had occurred But these alone or even together are insufficient for a gospel understanding of conversion For effective biblical mission Paul G Hiebert argues we must add a third element a change in worldview Here he offers a comprehensive study of worldview its philosophy its history its characteristics and the means for understanding it He then provides a detailed analysis of several worldviews that missionaries must engage today addressing the impact of each on Christianity and mission A biblical worldview is outlined for comparison Finally Hiebert argues for gospel ministry that seeks to transform people s worldviews and offers suggestions for how to do so *The Method of Christian Theology* Rhyne Putman, 2021-05-15 In *The Method of Christian Theology* Rhyne Putman guides readers through the essential first words of systematic theology Written for entry level theology students this book gives clear suggestions about how to use theological sources how to reason through difficult problems and how to apply theological reflection to paper writing and preaching By studying the foundations of theology readers will be better equipped to serve God s people in whatever ministry they are called to **An Introduction to Christian Worldview** Tawa J. Anderson, W. Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study **Cultural Insights for Christian Leaders (Mission in Global Community)** Douglas McConnell, 2018-07-17 Christianity Today 2019 Book Award Winner This volume helps leaders and leaders in training become students of culture who can then contextualize what they learn for their own organizational settings Douglas McConnell a respected leader in the worlds of missiology and higher education enables readers to understand intercultural dynamics so they can shape their organizational cultures and lead their organizations in a missional direction This is the latest volume in an award winning series emphasizing mission as partnership with Christians around the globe *Effective Intercultural Evangelism* W. Jay Moon, W. Bud Simon, 2021-08-24 We live in a multicultural society but many Christians hesitate to engage those of other faiths about Christianity Exploring evangelism from the perspective of four major worldviews Jay Moon and Bud Simon unpack the intercultural dynamics at hand when sharing the gospel across cultures offering contextual evangelism approaches that are relevant biblical and practical *Aazheyaadizi* Mark D. Freeland, 2020-12-01 Many of the English translations of Indigenous languages that we commonly use today have been handed down from colonial missionaries whose intent was to fundamentally alter or destroy prior Indigenous knowledge and praxis In this text author Mark D Freeland develops a theory of worldview that provides an interrelated logical mooring to shed light on the issues around translating Indigenous languages in and out of colonial languages In tandem with other

linguistic and narrative methods this theory of worldview can be employed to help root out the reproduction of colonial culture in Indigenous languages and can be a useful addition to the repertoire of tools needed to return to life giving relationships with our environment These issues of decolonization are highlighted in the trajectory of treaty language associated with relationships to land and their present day importance This book uses the 1836 Treaty of Washington and its contemporary manifestation in Great Lakes fishing rights and the State of Michigan s 2007 Inland Consent Decree as a means of identifying the role of worldview in deciphering the logics embedded in Anishinaabe thought associated with these relationships to land A fascinating study for students of Indigenous and linguistic disciplines this book deftly demonstrates the significance of worldview theory in relation to the logics of decolonization of Indigenous thought and praxis
