Trapped The Adulterous Woman A Novella Hidden Faces 1:

Transnational Exchange in Early Modern Theater Robert Henke, Eric Nicholson, 2008 Emphasizing a performative and stage centered approach this book considers early modern European theater as an international phenomenon Early modern theater was remarkable both in the ways that it represented material and symbolic exchanges across borders but also in the ways that it enacted them In analyzing theater as a medium of dialogic communication the volume emphasizes cultural relationships of exchange and reciprocity more than unilateral encounters of hegemony and domination Child Brides and Intruders Carol Wershoven, 1993 Examines two distinct types of American literary heroines that are seen to develop from the romantic innocence of child brides Either the child turns vacuous and becomes an insatiable monster or else a strong personality takes over which can only be thought of as an external intruder Considers works from Nathaniel Hawthorne to Gail Godwin No index Paper edition unseen 19 95 Annotation copyright by Book News Inc Portland OR
