Trauma Recalled Liturgy Disruption And Theology:

Trauma Recalled Dirk G. Lange, 2010 Christian commitment and Christian theology both are tempted by complacency Yet Dirk Lange asserts both are brought up short by keen awareness of the traumatic events that liturgy recalls and that theology seeks to explicate Recalling Martin Luther's great demurrals about a theology of glory Lange reminds us that Christianity begins with exposure to the primal trauma the cross at the core of the Christian story Feminist Trauma Theologies Karen O'Donnell, Katie Cross, 2025-01-30 Throughout the study of trauma theology runs a lineage that is deeply feminist As traumatic experience is being more frequently acknowledged in public this book seeks to articulate an explicit understanding of feminist trauma theology for the first time Bringing together scholars from a range of disciplines this book explores the relationship between trauma and feminist theologies highlighting methodological theological and practical similarities between the two The MeToo and ChurchToo movements sexual abuse scandals gender based violence pregnancy loss and the oppression of women in church spaces are all featured as important topics With contributions from a diverse team of scholars this book is an essential resource for all thinkers and practitioners who are trying to navigate the current conversations around theology suffering and feminism *Post-Traumatic Public Theology* Stephanie N. Arel, Shelly Rambo, 2016-11-02 This book imagines new modes of religious response to trauma moving beyond simple answers to the why of human suffering toward discussions of profound expressions of faith in the aftermath of trauma Engaging current realities such as war race and climate change chapters feature specific locations from which theology is done and draw on the resources of Christian faith in order to respond This volume recognizes religious leaders as first responders to trauma and offers theological reflections that can stand up in the current realities of violence and its aftermath The writings provide models for how to integrate the language of faith with the literature of trauma *Enfleshed Counter-Memory* Edwards, Stephanie C., 2024-12-18 Builds a Christian social ethic of trauma that offers realistic hope for our world Taking It to the Streets Jennifer Baldwin, 2018-12-18 Taking It to the Streets Public Theologies of Activism and Resistance is an edited volume that explores the critical intersection of public theology political theology and communal practices of activism and political resistance This volume functions as a sister companion to the text Religion and Science as Political Theology Navigating Post Truth and Alternative Facts and focuses on public civic performative action as a response to experiences of injustice and diminishment of humanity There are periods in a nation's civil history when the tides of social unrest rise into waves upon waves of public activism and resistance of the dominant uses of power In American history activism and public action including and extending beyond the Women's Suffrage the Million Man March protests against the Vietnam War the Civil Rights Movement Boston Tea Party Black Lives Matter the Stonewall Rebellion are hallmarks of transitional or liminal moments in our development as a society Critical periods marked by increases in public activism and political resistance are opportunities for a society to once again decide who we will be as a people Will we move towards a more perfect union in

which all persons gain freedom in fulfilling their potential or will we choose the perceived safety of the status quo and established norms of power Whose voices will be heard Whose will be silenced through intimidation or harm Ultimately these are theological questions Like other forms of non textual research subjects movement dance performance art public activism requires a set of research lenses that are often neglected in theological and religious studies Attention to bodies as a category performance or epistemological vehicle is sorely lacking so it is no wonder that attention to the mass of moving bodies in activism is largely absent Activism and public political resistance are a hallmark of our current social webbing and deserve scholarly attention *Tragedies and Christian Congregations* Christopher Southgate, Carla Grosch-Miller, Hilary Ison, Megan Warner, 2019-09-26 When tragedy strikes a community it is often unexpected with long lasting effects on the people left in its wake Too often there aren't adequate systems in place to aid those affected in processing what has happened This study uniquely combines practical theology pastoral insight and scientific data to demonstrate how Christian congregations can be helped to be resilient in the face of sudden devastating events Beginning by identifying the characteristics of trauma in individuals and communities this collection of essays from practitioners and academics locates sudden trauma inducing tragedies as a problem in practical theology A range of biblical and theological responses are presented but contemporary scientific understanding is also included in order to challenge and stretch some of these traditional theological resources The pastoral section of the book examines the ethics of response to tragedy locating the role of the minister in relation to other helping agencies and exploring the all too topical issue of ministerial abuse Developing a nuanced rationale for good practical pastoral liturgical and theological responses to major traumas this book will be of significant value to scholars of practical theology as well as practitioners counselling in and around church congregations

Theology in a Post-Traumatic Church Sheveland, John N., 2023-06-29 Clergy perpetrated child sexual abuse is addressed through theology scripture ethics and psychology Liturgy in the Shadow of Trauma Dave Turnbloom, Meg Breen, Noah Lamberger, David Farina Turnbloom, Kate Tyschper, 2025-12-24 The liturgy is almost always described and prescribed as a source of healing for the trauma of clergy perpetrated sexual abuse CPSA The diverse forms of trauma inflicted by the Roman Catholic sex abuse crisis however threaten the ability of liturgical worship to function as a source of grace for the People of God By focusing on PTSD moral injury and moral distress this book frames the issue in a way that illuminates the church's ongoing role in preventing the healing of survivors and limiting the potential for grace in the sacraments *Liturgy in the Shadow of Trauma* lays the ground for widespread healing in our liturgical life together Dawn of Sunday Joshua Cockayne, Scott Harrower, Preston Hill, 2022-06-08 Whether we realize it or not our churches are full of those who have experienced and are living with the aftereffects of horror and trauma whether as survivors carers or perpetrators The central question of this book is simple How can our churches become open to the Trinity such that they are trauma safe environments for everyone How can we join the triune God to become trauma safe churches While the reality is bleak the

church can dare to hope for healing because of the reality of God and the body of Christ Using the metaphor of the dawn of Sunday the authors propose a double witness to trauma that straddles the boundary between the deadly silence of Holy Saturday and the joy of Easter Sunday While witnessing loss and lament we can also be open to the possibility of new life through God's trinitarian works of safety and recovery in the church This involves adopting some basic principles and practices of trauma safety that every pastor congregation and layperson can begin using today Creating trauma safe churches is possible through God the Trinity

Reforming the Liturgy John Francis Baldovin, 2008 In this summary volume on the reform of the liturgy since the Second Vatican Council Baldovin pinpoints and assesses both sympathetically and critically the objections to changes in the liturgy since the council focusing on philosophical historical critical and theological questions After addressing each criticism in turn in a final chapter he assesses the critique of post Vatican II liturgy as a whole affirming what is accurate and necessary rejecting what is backward looking and proposing a set of principles to guide future development No one who studies or participates in liturgical action in the twenty first century can afford to overlook this book

BOOK JACKET

Unspeakable Sarah Travis, 2021-06-09 Unspeakable probes the relationship between trauma theory and Christian theology in order to support preachers in the task of crafting sermons that adequately respond to trauma in the pews and the world at large How might sermons contribute to resiliency and the repairing of wounds caused by traumatic experiences This book seeks to provide a theological lens for preachers who wonder how their beautiful words can address suffering amid traumatic wounding Preaching is a healing discourse that proclaims gospel or good news Gospel is a complicated reality especially in the face of trauma Drawing on various theologies and insights from trauma theory Unspeakable challenges the notion of a triumphant gospel seeking an in between perspective that honors both resurrection and the trauma that remains despite our desire to get to the good news It builds on images of the preacher as witness and midwife in order to develop homiletical practices that acknowledge the limitations of language and imagination experienced by traumatized individuals

God and the Victim Jennifer Erin Beste, 2007-09-28 How does severe interpersonal harm affect our freedom and the ways in which we relate to ourselves others and God This book addresses the challenges that trauma and feminist theory pose to cherished theological convictions about human freedom and divine grace

C. Pecknold, 2006 The Radical Traditions series cuts new lines of enquiry across a confused array of debates concerning the place of theology in the modern world The series invites Jewish Christian and Islamic theologians back to the word recovering modes of scriptural reasoning that underlie modernist reasoning The latest in series *Liturgy Time and the Politics of Redemption* is divided into five parts Liturgical Acts Liturgical Time Liturgical Scrolling Liturgical Improvisation and Liturgical Silence each featuring essays about a different aspect of Jewish or Christian liturgy Among the highlights In the first part Peter Ochs invites readers to participate in a thought experiment that demonstrates how the act of reciting Jewish Morning Prayer has the potential for reorienting our view of the world Sam Wells presents an improvisational reading of the Book of Esther in the section entitled Liturgical Improvisation He illustrates how the idea of overacceptance characterizes Christian engagement with the world In the section entitled Liturgical Silence Oliver Davies imports two Russian words for silence *molchanie* and *tishina* to illumine what he calls the silence of the cross Taken together the essays challenge the modern and postmodern understandings of time that Western culture takes for granted and pose alternatives that to quote coeditor Randi Rashkover have the capacity to redefine sociality and choreograph the redemption of time through political acts of liturgical life *In, With, and Under* Dirk G. Lange, 2005 *Reframing Trauma* M. Jan Holton, Jill L. Snodgrass, 2025-04-08 As awareness of the widespread presence of trauma grows popular culture can name everything stressful traumatic Yet diagnostic definitions of trauma overlook cultural understandings that refine our conceptualization of trauma M Jan Holton and Jill L Snodgrass argue for a theory and theology of trauma to navigate such complexities In *Reframing Trauma* Holton and Snodgrass compile essays that expand our understanding of trauma as a stress trauma continuum The volume engages the challenges of racism eco violence and myriad sociopolitical and interpersonal injustices that injure individuals communities and the globe Each essay is grounded in a strength based approach to trauma and contextualizes our societal negativity bias within spiritual values of hope growth and resilience Meanwhile the understanding of a trauma stress continuum avoids diminishing the suffering that emerges from stress and trauma of all kinds Holton and Snodgrass also offer a reframed theology of trauma The volume mines Christian theology and wisdom from other faith traditions for insight into interpersonal and communal woundedness that paradoxically both expands and narrows our understandings of trauma This exploration helps identify implications for spiritually integrated care and counseling

chaplaincy and pastoral education The result is a groundbreaking understanding of stress and trauma as an ever evolving concept that is imbued with theological and spiritual wisdom Such wisdom eschews the limitations of Western understandings of trauma This wisdom offers insight into how stressful and traumatic experiences can be both life limiting and life giving both despair inducing and the impetus for growth and resilience Reframing Trauma will engage educators in pastoral and practical theology spirituality and psychology care practitioners in congregational and healthcare settings and clinical mental health professionals who offer spiritually integrated care Likewise trained Christian laity will find the book an invaluable resource for cultivating an inclusive and meaningful understanding of trauma in their congregational caregiving
