Trauma And Memory Clinical And Legal Controversies:

Trauma and Memory Paul S. Appelbaum, Lisa A. Uyehara, Mark R. Elin, 1997-05-29 The authenticity of memories of childhood sexual abuse has become one of the major social controversies of the 1990 s As persons who report histories of abuse have sought remedies in civil and criminal proceedings in the courts the accuracy of their memories particularly when they have been recalled after a period of time has been subject to intense scrutiny This volume brings together many of the leading participants in the debate to provide a comprehensive picture of the psychological physiological and legal aspects of trauma Beginning by defining the opposing positions in the debate the contributors then offer a variety of perspectives on the nature of memory including reviews of some of the most exciting recent developments in this fast growing area of investigation Next consideration is given to the impact of trauma on memory both in adults and in children With this framework in place the authors turn to an examination of the variety of treatment approaches available to victims of trauma who are trying to cope with the painful consequences of those events The book argues against a unidimensional approach to trauma calling instead for a multidisciplinary synthesis that includes developmental neurobiological cognitive and psychodynamic perspectives Chapters address the legal dilemmas for patients mental health professionals and society as a whole that have arisen from the trauma and memory controversy Most importantly the editors shift the focus of their discussion from the laboratory to the courtroom and from the research journal to the psychotherapist s office looking at the issues from every relevant angle This is the only book in the field to treat the trauma and memory controversy comprehensively from basic research on memory processes through clinical approaches to legal and policy issues Trauma and Memory is a valuable tool for clinicians treating patients with traumatic memories It is also intended for psychologists physicians social workers and lawyers who need a comprehensive reference on trauma and sexual abuse during childhood

Clinical Manual of Psychiatry and Law Robert I. Simon, Daniel W. Shuman, 2007-04-02 In their latest collaboration Clinical Manual of Psychiatry and Law noted forensic psychiatrist Dr Robert Simon and legal scholar Daniel Shuman both recipients of the Guttmacher Award have created a unique practical reference to enable psychiatrists to transform the impact of the law on their clinical practices from an adversary to a working partner In lieu of scare tactics or horror stories Dr Simon and Professor Shuman clearly explain not only what the law requires and why but how best to integrate its requirements to enhance clinical practice and reduce the risk of successful tort claims They have written a clear comprehensible and accessible volume that will guide practitioners through the thickets of the law and benefit their clinical practices This volume covers a wide range of topics from confidentiality privilege informed consent and the right to refuse treatment to treatment boundaries involuntary hospitalization seclusion and restraint management of violent as well as suicidal patients and the additional requirements which apply to the treatment and evaluation of minors or persons with mental disabilities It also includes the tort i e negligence intentional harm claims that arise from a breach of the law s expectations The content

reflects the latest legal precedents concerning such topics as Establishment of the doctor patient relationship and liability for damages caused by its breach including new rulings governing confidentiality and testimonial privileges Case law regarding informed consent especially the issue of competency when dealing with minors or persons with mental disabilities New rules and regulations restricting the use of seclusion and restraint Guides to the most recent laws regarding involuntary hospitalization and emergency commitment Insights into recent state court decisions concerning disclosures by therapists of threats of harm by patients against others including such issues as conflicts between the duty to maintain confidentiality and the duty to protect Reviews of recent legislation proscribing sexual misconduct or prosecuting sexual exploitation of patients under existing rape or sexual assault laws Clinicians will find this wealth of knowledge immediately practical and lawyers will appreciate its in depth treatment of complex psychiatric issues With extensive references and a glossary of legal terms Clinical Manual of Psychiatry and Law deserves a place among the top legal references for mental health professionals

Trauma and Memory Linda Williams,Victoria L. Banyard,1999 Clinical practice and legal issues in trauma and memory Mental health and memories of traumatic events Cognitive and physiological perspectives on trauma and memory Evidence and controversies in understanding memories for traumatic events **The Oxford Handbook of Law and Humanities** Simon Stern,Maksymilian Del Mar,Bernadette Meyler,2020 How might law matter to the humanities How might the humanities matter to law In its approach to both of these questions The Oxford Handbook of Law and Humanities shows how rich a resource the law is for humanistic study as well as how and why the humanities are vital for understanding law Tackling questions of method key themes and concepts and a variety of genres and areas of the law this collection of essays by leading scholars from a variety of disciplines illuminates new questions and articulates an exciting new agenda for scholarship in law and humanities **Treating Dissociative Identity Disorder** Sarah Y. Krakauer,2013-10-28 This is a book about the triumph of inner authority over the debilitating effects of trauma and abuse In a simple and straightforward style a three phase model for treating dissociative identity disorder previously known as multiple personality disorder in introduced The Collective Heart model is consistent with the current standards of care which emphasize caution and restraint Additionally the Collective Heart model has several unique features It highlights the retrieval of personal authority rather than the retrieval of traumatic memories identifies the fundamental inner unity underlying the fragmented personality system and introduces techniques that facilitate communication between personalities and between each personality s conscious mind and the collective heart Six chapters of fascinating case vignettes illustrate therapeutic techniques and show how clients tap into their underlying inner unity to create the conditions for their own maturation making it safe for their alters to grow heal and eventually join the host as a seamless harmonious whole War and Rape Nicola Henry,2012-07-26 Wartime rape has been virulent in wars of sovereignty territory conquest religion ideology and liberation yet attention to this crime has been sporadic throughout history Rape remains unspeakable particularly within law Moreover rape has not

featured prominently in post conflict collective memory And even when rape is remembered it is often the subject of political controversy and heated debate In this book Henry asks some critical questions about the relationship between mass rape politics and law In what ways does law contribute to the collective memory of wartime rape How do counter memories of victims compete with the denialism of wartime rape The text specifically analyses the historical silencing of rape throughout international legal history and the potential of law to restore these silenced histories it also examines the violence of law and the obstacles to individual and collective redemption Tracing the prosecution of rape crimes within contemporary courts Henry seeks to argue that politics underscores the way rape is dealt with by the international community in the aftermath of armed conflict Providing a comprehensive overview of the politics of wartime rape and the politics of prosecuting such crimes within international humanitarian law this text will be of great interest to scholars of gender and security war crimes and law and society

Traumatised Witnesses in International Criminal Trials Suzanne Schot,2024-02-13 This book focuses on the testimonial evidence of traumatised witnesses in trials of international crimes which deal with acts of genocide war crimes and crimes against humanity Such trials often involve the testimonies of those who experienced or witnessed extremely traumatic events which can make it hard for these witnesses to recall specific details Testifying during trial may in itself also pose challenges to their well being Yet the legal process of determining whether someone can be held criminally responsible for the alleged crimes needs to be fair in accordance with the right to a fair trial of the accused and the facts need to be determined as accurately as possible This book argues that to ensure fair and accurate fact finding when in particular traumatised witnesses testify a balance needs to be struck between the needs of witnesses who testify about traumatic experiences the fair trial rights of the accused and the objective of the court to establish as accurately as possible the responsibility of the accused This is crucial throughout the stages of selecting preparing presenting and assessing the testimonial evidence of traumatised witnesses The methodology involves an analysis of transcripts of proceedings and case law of the International Criminal Tribunal for the former Yugoslavia the International Criminal Court and Dutch courts prosecuting international crimes The research demonstrates that it is often difficult to strike a balance between the competing objectives during proceedings when traumatised witnesses testify due to the current lack of regulations and guidelines applicable during investigations and prosecutions This book shows that this balance can and should be achieved when traumatised witnesses testify during criminal proceedings for international crimes The work is an invaluable resource for researchers academics and practitioners in criminal law criminology legal psychology legal psychiatry social anthropology and forensic sciences

Annual Progress in Child Psychiatry and Child Development 1999 Margaret Hertzog, Ellen A. Farber,2000-12-15 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

Misinformation Concerning Child Sexual Abuse and Adult Survivors Paul Jay Fink,Joyanna Silberg,Charles L. Whitfield,2019-11-20 Successfully navigate the minefield of misinformation that can prevent justice from being done in child

sexual abuse cases From the Foreword by Robert Geffner PhD editor of the Journal of Child Sexual Abuse Too often the public and some professionals have been misled by media publicity and articles that appear scientific but in reality are biased opinions or over generalized research Forensic cases are being decided in many courts based upon the recommendations of so called expert witnesses who do not actually know the clinical research or understand the dynamics of such abusive relationships This much needed book points out and corrects misinformation that everyone who works with victims offenders or families in which sexual abuse has occurred needs to understand clearly Especially vital in today s political climate Misinformation Concerning Child Sexual Abuse and Adult Survivors gives you state of the science information on such myths as false memory syndrome recovered memory therapy and the lack of harm to some sexually abused boys Misinformation Concerning Child Sexual Abuse and Adult Survivors examines forensic issues including the false memory defense and how the long term impact of childhood sexual abuse is often misrepresented in court three separate expert examinations of Rind Tromovitch and Bauserman s well known and often misrepresented review of long term child sexual abuse outcomes treatment recommendations and guidelines for addressing the memory controversy in clinical practice the fascinating case history cautionary tale of the child molester Robert Halsey who was convicted and sentenced to two life sentences in 1993 and how public and academic resources were misused to claim he was wrongly convicted

Handbook of Psychology of Investigative Interviewing Ray Bull,Tim Valentine,Tom Williamson,2009-06-29 Investigative interviewing and the information obtained from witnesses and victims plays a vital role in criminal investigations This comprehensive handbook explores current developments taking place in this rapidly developing field An authoritative handbook created by prestigious editors and an international team of recognised authors International in its focus the book assesses current developments taking place in several countries Takes a holistic approach to the process by including sections on eyewitness identification and evaluating truthfulness

The Invisible Girl Sandy Dixon,2008 *Encyclopedia of Murder and Violent Crime* Eric Hickey, Ph.D.,2003-07-22 As a good encyclopedia does the Encyclopedia of Murder and Violent Crime brings together articles that offer diverse insights into the topic while at the same time giving the reader a feel for its overall scope AGAINST THE GRAIN This comprehensive single volume encyclopedia contains a wealth of material on killing and other violent behavior as well as detailed information on a host of criminal cases from local decisions to Supreme Court rulings The Encyclopedia of Murder and Violent Crime includes nearly 500 entries that range from Antisocial Personality Disorder and the Beltway Snipers to the infamous Zodiac Murders Entries take several formats including substantial essays on criminal terms pathologies and criminal justice concise case studies of serial murderers infamous crimes and their investigations relatively brief definitions of relevant legal and criminological terms The Encyclopedia is written by an impressive group of contributors many leading experts in their fields of criminology criminal justice and more Extra features such as a handy easy to use Reader s Guide a lavish art program of approximately 50 photographs and several appendixes enhance and complete

the volume This valuable reference is designed for academic school public and special private libraries as well as criminal justice agencies

They'll Never Be the Same Michael S. Scheeringa, 2018-04-17 An award winning research psychiatrist exposes myths about childhood trauma and PTSD and provides evidence based solutions A compassionate and accessible guide for parents whose children have experienced traumatic or life threatening events written by one of the foremost authorities on post traumatic stress disorder PTSD in children and adolescents Dr Scheeringa understands the desperation many parents feel and explains the impact of trauma simplifies the science into layman s terms debunks the myths and provides direction on navigating the confusing maze of the mental health world to find appropriate care

Representation, Memory, and Development Nancy L. Stein, Patricia J. Bauer, Mitchell Rabinowitz, George Mandler, 2014-05-12 A festschrift to honor Jean Mandler this volume contains contributions from leading scholars focusing on the child s development of memory visual representation and language It is appropriate for students and researchers in cognitive psychology language acquisition and memory

Dissociative States Luis Sánchez Planell, 2000-12-21

Encyclopedia of Life Writing Margaretta Jolly, 2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important auto biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms

Risk and Resilience John G. Borkowski, Jaelyn R. Farris, Thomas L. Whitman, Shannon S. Carothers, Keri Weed, 2007-03-20 In 1984 a longitudinal study was launched at the University of Notre Dame to evaluate the social and psychological consequences of teenage parenting Interwoven Lives Adolescent Mothers and Their Children 2001 described in detail the development of these adolescent mothers and their children across the first eight years of life Major delays were first noticed in children s patterns of attachment at age 1 and their IQ and personal adjustment scores at age 3 By age 8 school related problems were found in 70% of the children With these data as the backdrop this companion volume Risk and Resilience identifies major risk factors associated with long term developmental delays as well as the processes that led to resilience in some of the mothers and children This new volume traces the children s development at ages 8 10 and 14 The editors focus on identifying risk and protective factors associated with important life course trajectories as the mothers entered early adulthood and their children became adolescents Relatively unexplored protective factors such as religiosity patterns of father involvement and romantic relationships were found to positively influence development for both teenage mothers and their children This new text also addresses New methodological approaches with an emphasis on the use of hierarchical linear and structural equation modeling and dynamical systems analyses Implications for prevention and intervention programs Intellectual educational and

socioemotional outcome data The dark side of rearing children in poverty The multiple risks related to adolescent parenting and their profound impact on children s development How resilience emerges in children s lives and the specific factors that promote it Risk and Resilience appeals to researchers in developmental psychology and family processes as well as agency and government professionals charged with public policy and service delivery

Memory Gérard Emilien,Cécile Durlach,2004-04-28 Memory Neuropsychological Imaging and Psychopharmacological Perspectives reviews critically the impact of recent neuropsychological and biological discoveries on our understanding of human memory and its pathology Too often insights from clinical neurological and psychopharmacological fields have remained isolated and mutually unintelligible Therefore the first part of this book provides both clinicians and neuroscientists with a broad view of the neuropsychology of memory and the psychobiological processes it involves including recent advances from imaging technology and psychopharmacology research In the second part the authors go on to cover a comprehensive range of memory assessments dysfunctions impairments and treatments This compendium of current research findings will prove an invaluable resource for anyone studying researching or practising in the field of memory and its disorders

The Voice of the Past Paul Thompson,Joanna Bornat,2017 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of The Voice of the Past with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project The Voice of the Past remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

Critical Issues in Child Sexual Abuse Jon R. Conte,2002 This book is intended to describe what is known and what is not known

but needs to be known in several specific areas of childhood abuse Chapters include sexual offenders child s memory adult memory for trauma and victims in court
