Di Maio, Ron Franscell, 2016-05-17 Dr Vincent Di Maio and veteran crime writer Ron Franscell guide us behind the morgue doors to tell a life story through the cases that have made Di Maio famous from the exhumation of assassin Lee Harvey Oswald to the complex issues in the shooting of Florida teenager Trayvon Martin Beginning with his street smart Italian origins in Brooklyn the book spans 40 years of work and more than 9 000 autopsies and Di Maio s eventual rise into the pantheon of forensic scientists *History and Hope in American Literature* Benjamin

Railton, 2016-11-10 Throughout history creative writers have often tackled topical subjects as a means to engage and influence public discourse American authors those born in the States and those who became naturalized citizens have consistently found ways to be critical of the more painful pieces of the country s past yet have done so with the patriotic purpose of strengthening the nation s community and future In *History and Hope in American Literature Models of Critical Patriotism* Ben Railton argues that it is only through an in depth engagement with history especially its darkest and most agonizing elements that one can come to a genuine form of patriotism that employs constructive criticism as a tool for civic engagement The author argues that it is through such critical patriotism that one can imagine and move toward a hopeful shared future for all Americans Railton highlights twelve works of American literature that focus on troubling periods in American history including John Steinbeck s *The Grapes of Wrath* David Bradley s *The Chaneysville Incident* Louise Erdrich s *Love Medicine* Tony Kushner s *Angels in America* Junot Diaz s *The Brief Wondrous Life of Oscar Wao* and Dave Eggers s *What Is the What* From African and Native American histories to the Depression and the AIDS epidemic Caribbean and Rwandan refugees and immigrants to global climate change these works help readers confront understand and transcend the most sorrowful histories and issues In so doing the authors of these books offer hard won hope that can help point people in the direction of a more perfect union *History and Hope in American Literature* will be of interest to students and practitioners of American literature and history
