Liturgy with a Difference Stephen Burns, Bryan

Cones, 2019-05-30 Christian churches in recent decades have taken some steps in their practices of liturgy and worship toward acknowledging the graced dignity of human variety But who is still excluded What pernicious norms still govern below the surface and how might they be revealed How do texts gestures and space abet and enforce such norms How might Christian assemblies gather multiple expressions of human difference to propose through Christian liturgy patterns of graced interaction in the world around them Liturgy with a Difference gathers a broad range of international theologians and scholars to interrogate current practices of liturgy and worship in order to unmask ways in which dehumanizing majoritarianisms and presumed norms of gender culture ethnicity and body among others remain at work in congregations Together the chapters in this collection call for a liturgical practice that recognizes and rehearses the vivid richness of God's image found in the human community and glimpsed if only for a moment in liturgical celebration They point a way beyond mere inclusion toward a generous embrace of the many differences that make up the Christian community With contributions from Rachel Mann Teresa Berger Susannah Cornwall Miguel A DeLa Torre Edward Foley W Scott Haldeman Michael Jagessar Bruce T Morrill Kristine Suna Koro and Frank Senn Foreword by Ann Loades **T&T Clark Handbook of Sacraments and Sacramentality** Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies **Discipleship and Society in the Early Churches** Thomas O'Loughlin, 2022-01-01 Discipleship that being a Christian is about learning and discovering acting and responding choosing and collaborating is both a primordial Christian theme and a re-discovery of the mid twentieth century But how does one discover its meaning For some it means programmes like turning out a product ignoring the individuality of each's path Others emphasize the group forgetting that every community's richness is valuing its members diversity Is discipleship the way of the loner and community ignoring But social beings learn discipleship in communities Community is not simply the club of like minded individuals but should model a new way of being To uncover what discipleship means we must read the

New Testament with the awareness that how we see the world of the early Jesus followers is radically different from the inherited theological underpinning of many churches Discipleship and Society in the Early Churches takes our historical awareness seriously and examines what biblical historical and archaeological research can tell us about discipleship today

Sacraments After Christendom Andrew Francis, Janet Sutton, 2022-10-27 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom Many traditional churches and congregations are struggling a condition worsened by the COVID 19 pandemic regulations As the practice of churchgoing wanes the performance of the sacrament is called into question How can we bring the traditional communal experience of sacrament into the modern world In Sacraments after Christendom Andrew Francis and Janet Sutton tackle this question head on exploring and discussing the enactment of the sacrament in the context of church decline and an increasingly isolated world In doing so they deconstruct traditional perceptions and broaden our understanding of ritual and community in order to rediscover the truth of the sacrament

The Rites and Wrongs of Liturgy Thomas O'Loughlin, 2018-04-12 We all want to celebrate the liturgy well to experience good uplifting and meaningful worship But what is the best route to follow In The Rites and Wrongs of Liturgy Thomas O Loughlin offers a way forward that strengthens faith builds up Christian community and points toward a new direction based on liturgical principles that are rooted in our natures as ritual beings as well as in the gospel The Rites and Wrongs of Liturgy explains why good liturgy is important how to recognize it and how to assess liturgy in terms of a larger vision of the Christian life O Loughlin a seasoned theologian and teacher identifies ten principles that make for good liturgy Such liturgy must be honest open joyful inclusive celebrative of community facilitative of engagement based in creation attentive to the marginalized free of clutter and true to the pattern of the incarnation Since good celebrations build faith and bad liturgy weakens it these principles promise to bring new life and meaning to every celebrating community

A Theology of Disagreement Christopher Landau, 2021-05-30 Even the most casual contemporary observer of Christianity must recognise that the notion of Christian community being identifiable through the mutual love of its members John 13 35 is difficult to reconcile with the schismatic reality of current ecclesial life Nonetheless disagreement remains an ethical subject neglected by theologians A Theology of Disagreement New Testament Ethics for Ecclesial Conflicts examines how New Testament texts inform Christian approaches to disagreement Drawing on New Testament themes the book explores the nature of an ethic of disagreement and its practical implications for the church s public theological witness as well as its liturgy

Missional Discipleship After Christendom Andrew R. Hardy, Dan Yarnell, 2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest

challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post Christian context Missional discipleship allows the missio Dei to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today

The Once and Future Parish Alison Milbank,2023-09-28 Few other books have caused as much stir in the Church of England in recent decades as has For the Parish Twelve years on from its publication in the wake of the Covid pandemic and the Save the Parish movement much has changed but much has stayed the same In this follow up to this influential and controversial book new and already familiar themes are newly inflected in the debates of the present time principally minster hubs the Emerging Church programme and the Strategic Development Fund Alison Milbank challenges the ecclesiology models of theological anthropology and the analysis of secularism that are present explicitly or implicitly in these movements and offer a striking and encouraging vision of what the parish model could offer to our anxious world

Recapturing an Enchanted World John D. Rempel,2020-01-28 While the Free Churches rightly sought to cleanse the church of the abuses of sacramentalism in that process they also set aside some of the church s historic practices and theology In response to this liturgically thin space Mennonite theologian and minister John D Rempel considers the role of the sacraments and ritual within the Free Church tradition helping us perceive the sacramental nature of our faith and worship

The Morally Divided Body Michael Root,James J. Buckley,2012-09-01 At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth century reformations they seem increasingly to disagree on issues of contemporary morality and ethics Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God s word and work on the communion of saints for the world Or should our hope be different than simple pessimism or optimism In this volume eight authors address different aspects of these questions hoping to move Christians a small step further toward the visible unity of the church
